# Welcome to Our School

# Welcome to Our School

Today we want to make a video about our school. The video is for our friends in Brazil. We want to show them the science lab, our classroom and the school garden.

Welcome to the science lab. We have Science lessons on Tuesdays and Thursdays at nine o'clock. We sometimes learn about plants and animals in Science lessons.

This is our classroom. We have Arabic lessons every day at quarter past eleven. After Arabic lessons, we have a break.

This is the school garden. We water the plants every day after school. The school garden is my favourite place.

This bird wants to help us. What a kind bird!

We show the video to our friends in Brazil.

They like it a lot.

They want to make a video, too. They want to make a video about their school for us!

We love school!

# Look and match.

# Hippo's Kite

# Hippo's Kite

Hi, Bird! Do you want to play with my kite this afternoon?

Hi, Hippo!  
Sorry, I can't.

Hippo's kite can fly high. But Bird always cleans her feathers on Saturday afternoons. She can't play with Hippo's kite.

What about you, Snake?  
Are you free this afternoon?

Sorry, Hippo.  
I'm not free.

On Saturday afternoon, Snake sometimes sleeps in a tall tree. She can't play with Hippo's kite this afternoon.

What about you, Monkey?  
Do you want to fly my kite  
with me?

I'm too busy. I'm  
counting my toes.

Monkey likes Maths. He counts his fingers and toes every weekend because he likes learning about numbers. He can't play with Hippo's kite.

Crocodile sees Hippo behind a tree. He sees Hippo cry. Crocodile is never too busy for a friend.

Don't cry. We can fly your kite! When do you want to meet?

Thank you, Crocodile!  
Let's meet at half past three.
