Unit 4

My Dad's a
Mechanic

I Want to Be
a Scientist!

**His Majesty
Sultan Haitham Bin Tarik**

**The Late Sultan
Qaboos Bin Said**

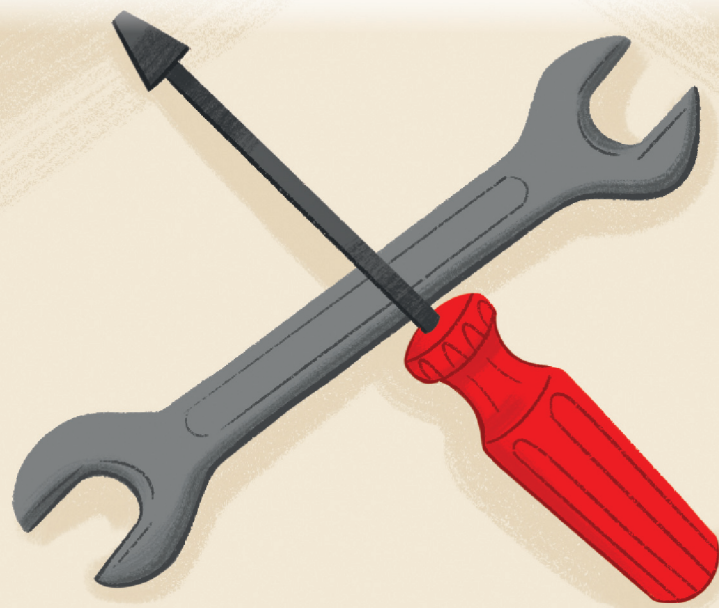

My Dad's a Mechanic

My Dad's a Mechanic

It's 'Take Your Child to Work' week. I'm helping my dad at his garage. He's a mechanic. Dad walks to his garage and I go on my skateboard. We come to some green doors.

Is this your garage, Dad?

Yes, it is!

A lot of people are fixing cars in the garage.
The mechanics are working on a blue car and
Dad is working on a white car.

I'm cleaning the white car and I'm watching my dad. He's under the white car. He's working hard, but he can't get his tools and screws.

I have an idea.

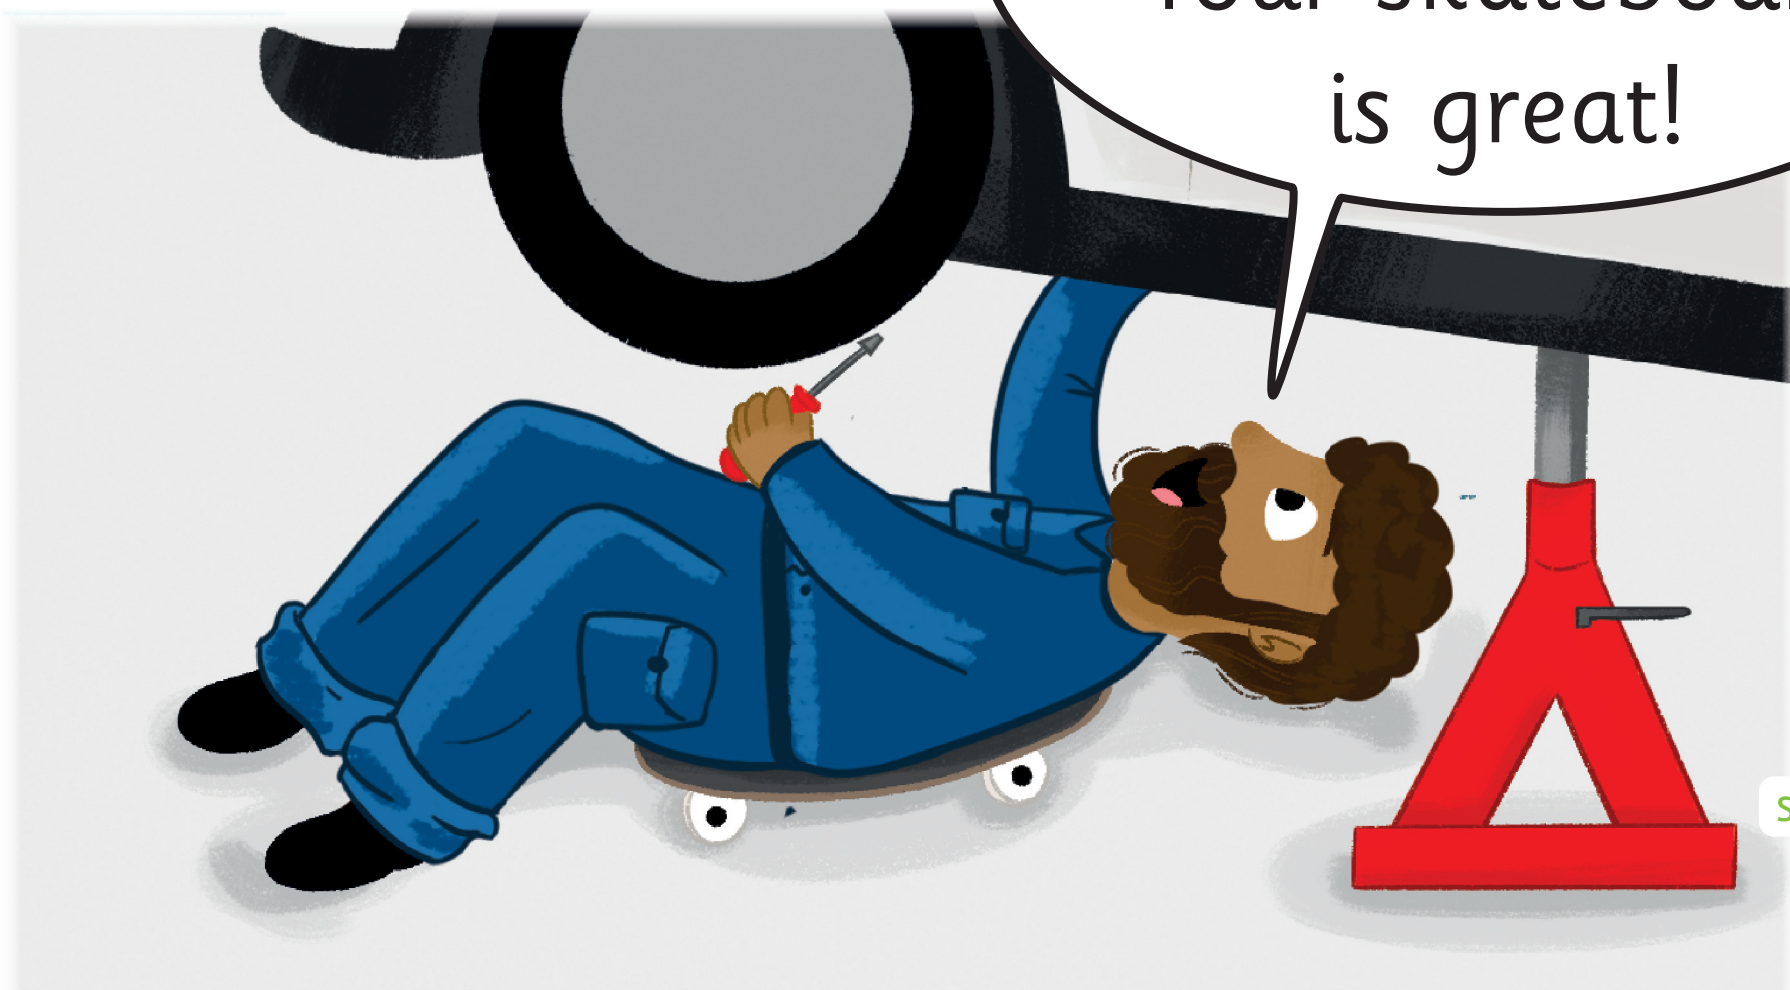

Dad, you can use my skateboard.

Now Dad is moving on my skateboard and he can get his tools and screws.

Thank you, Shahad!
Your skateboard
is great!

Look and match.

1

I'm helping my dad at his garage.

2

A lot of people are fixing cars in the garage.

3

He's working hard, but he can't get his tools and screws.

4

Now Dad is moving on my skateboard and he can get his tools and screws.

I Want to Be a Scientist!

I Want to Be a Scientist!

The class are learning about different jobs. Today the children are visiting a scientist at her science lab. Her name is Mrs Sumaiya and she's wearing a white coat.

I'm wearing a white coat, too. I want to be a scientist!

Welcome to my science lab, children!

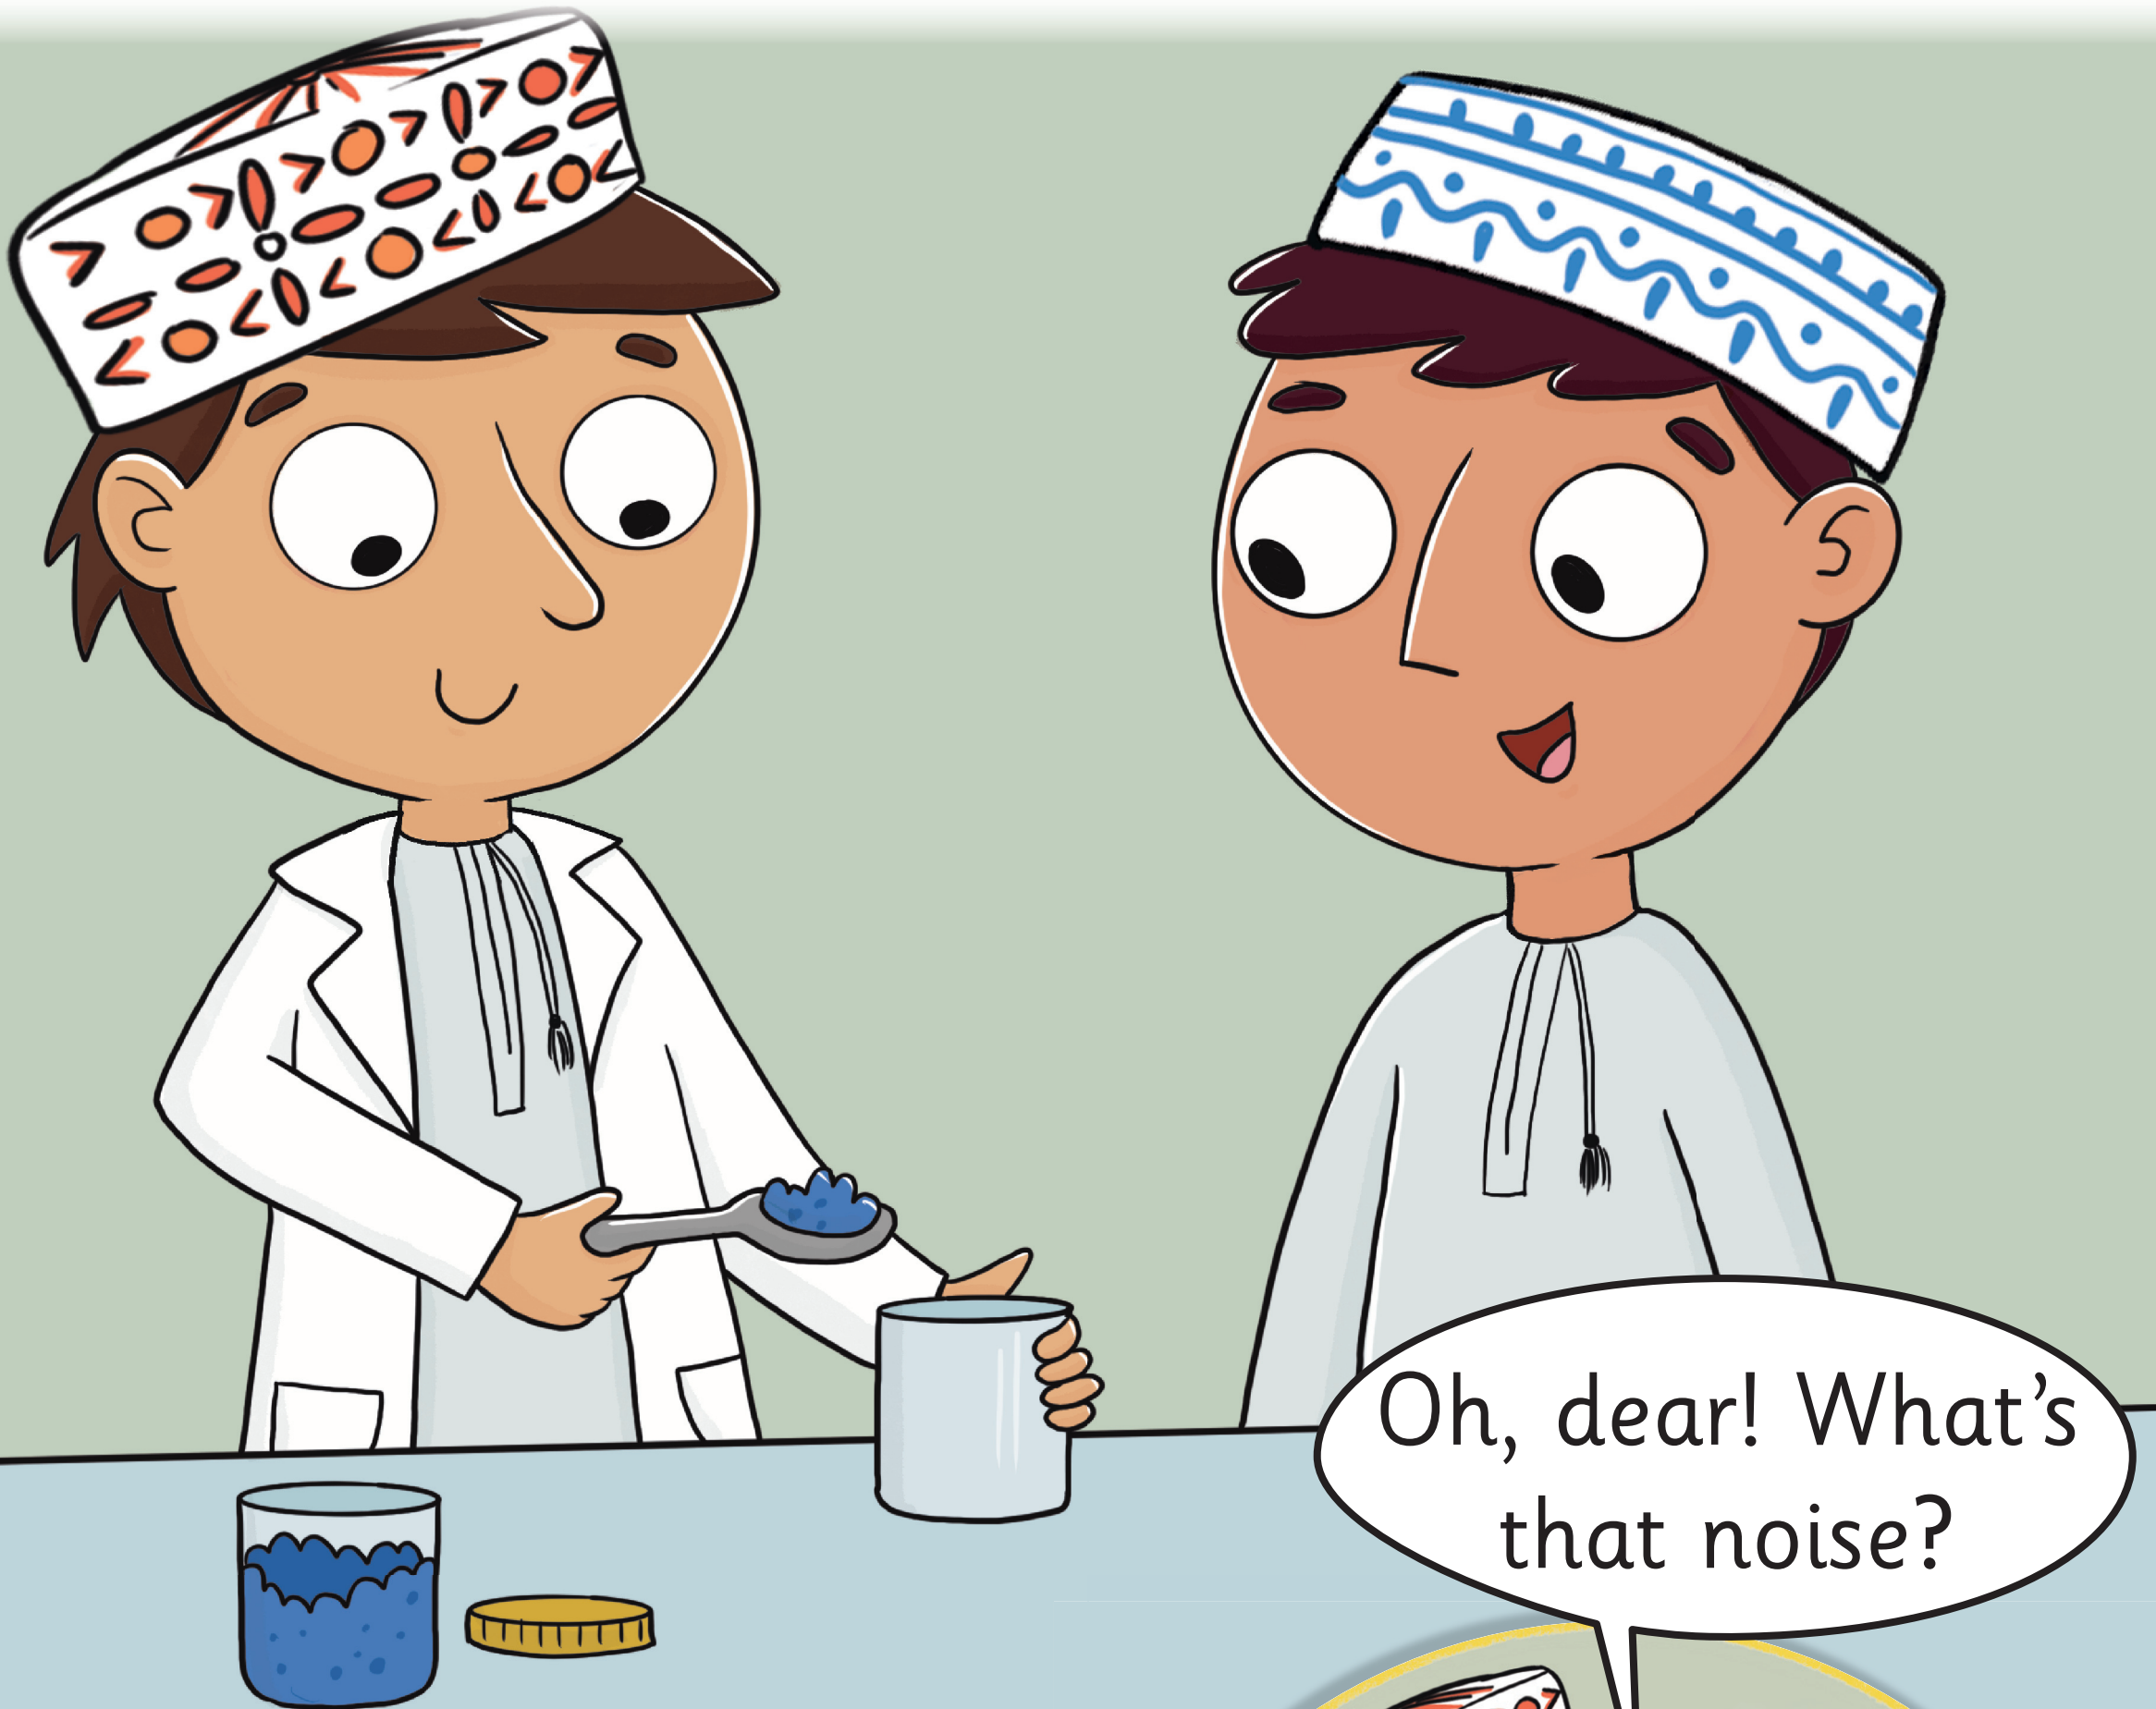

Mrs Sumaiya is teaching the children some science, and the children are listening carefully. Ahmed is watching Mrs Sumaiya.

You must only put a little blue powder in the glass.

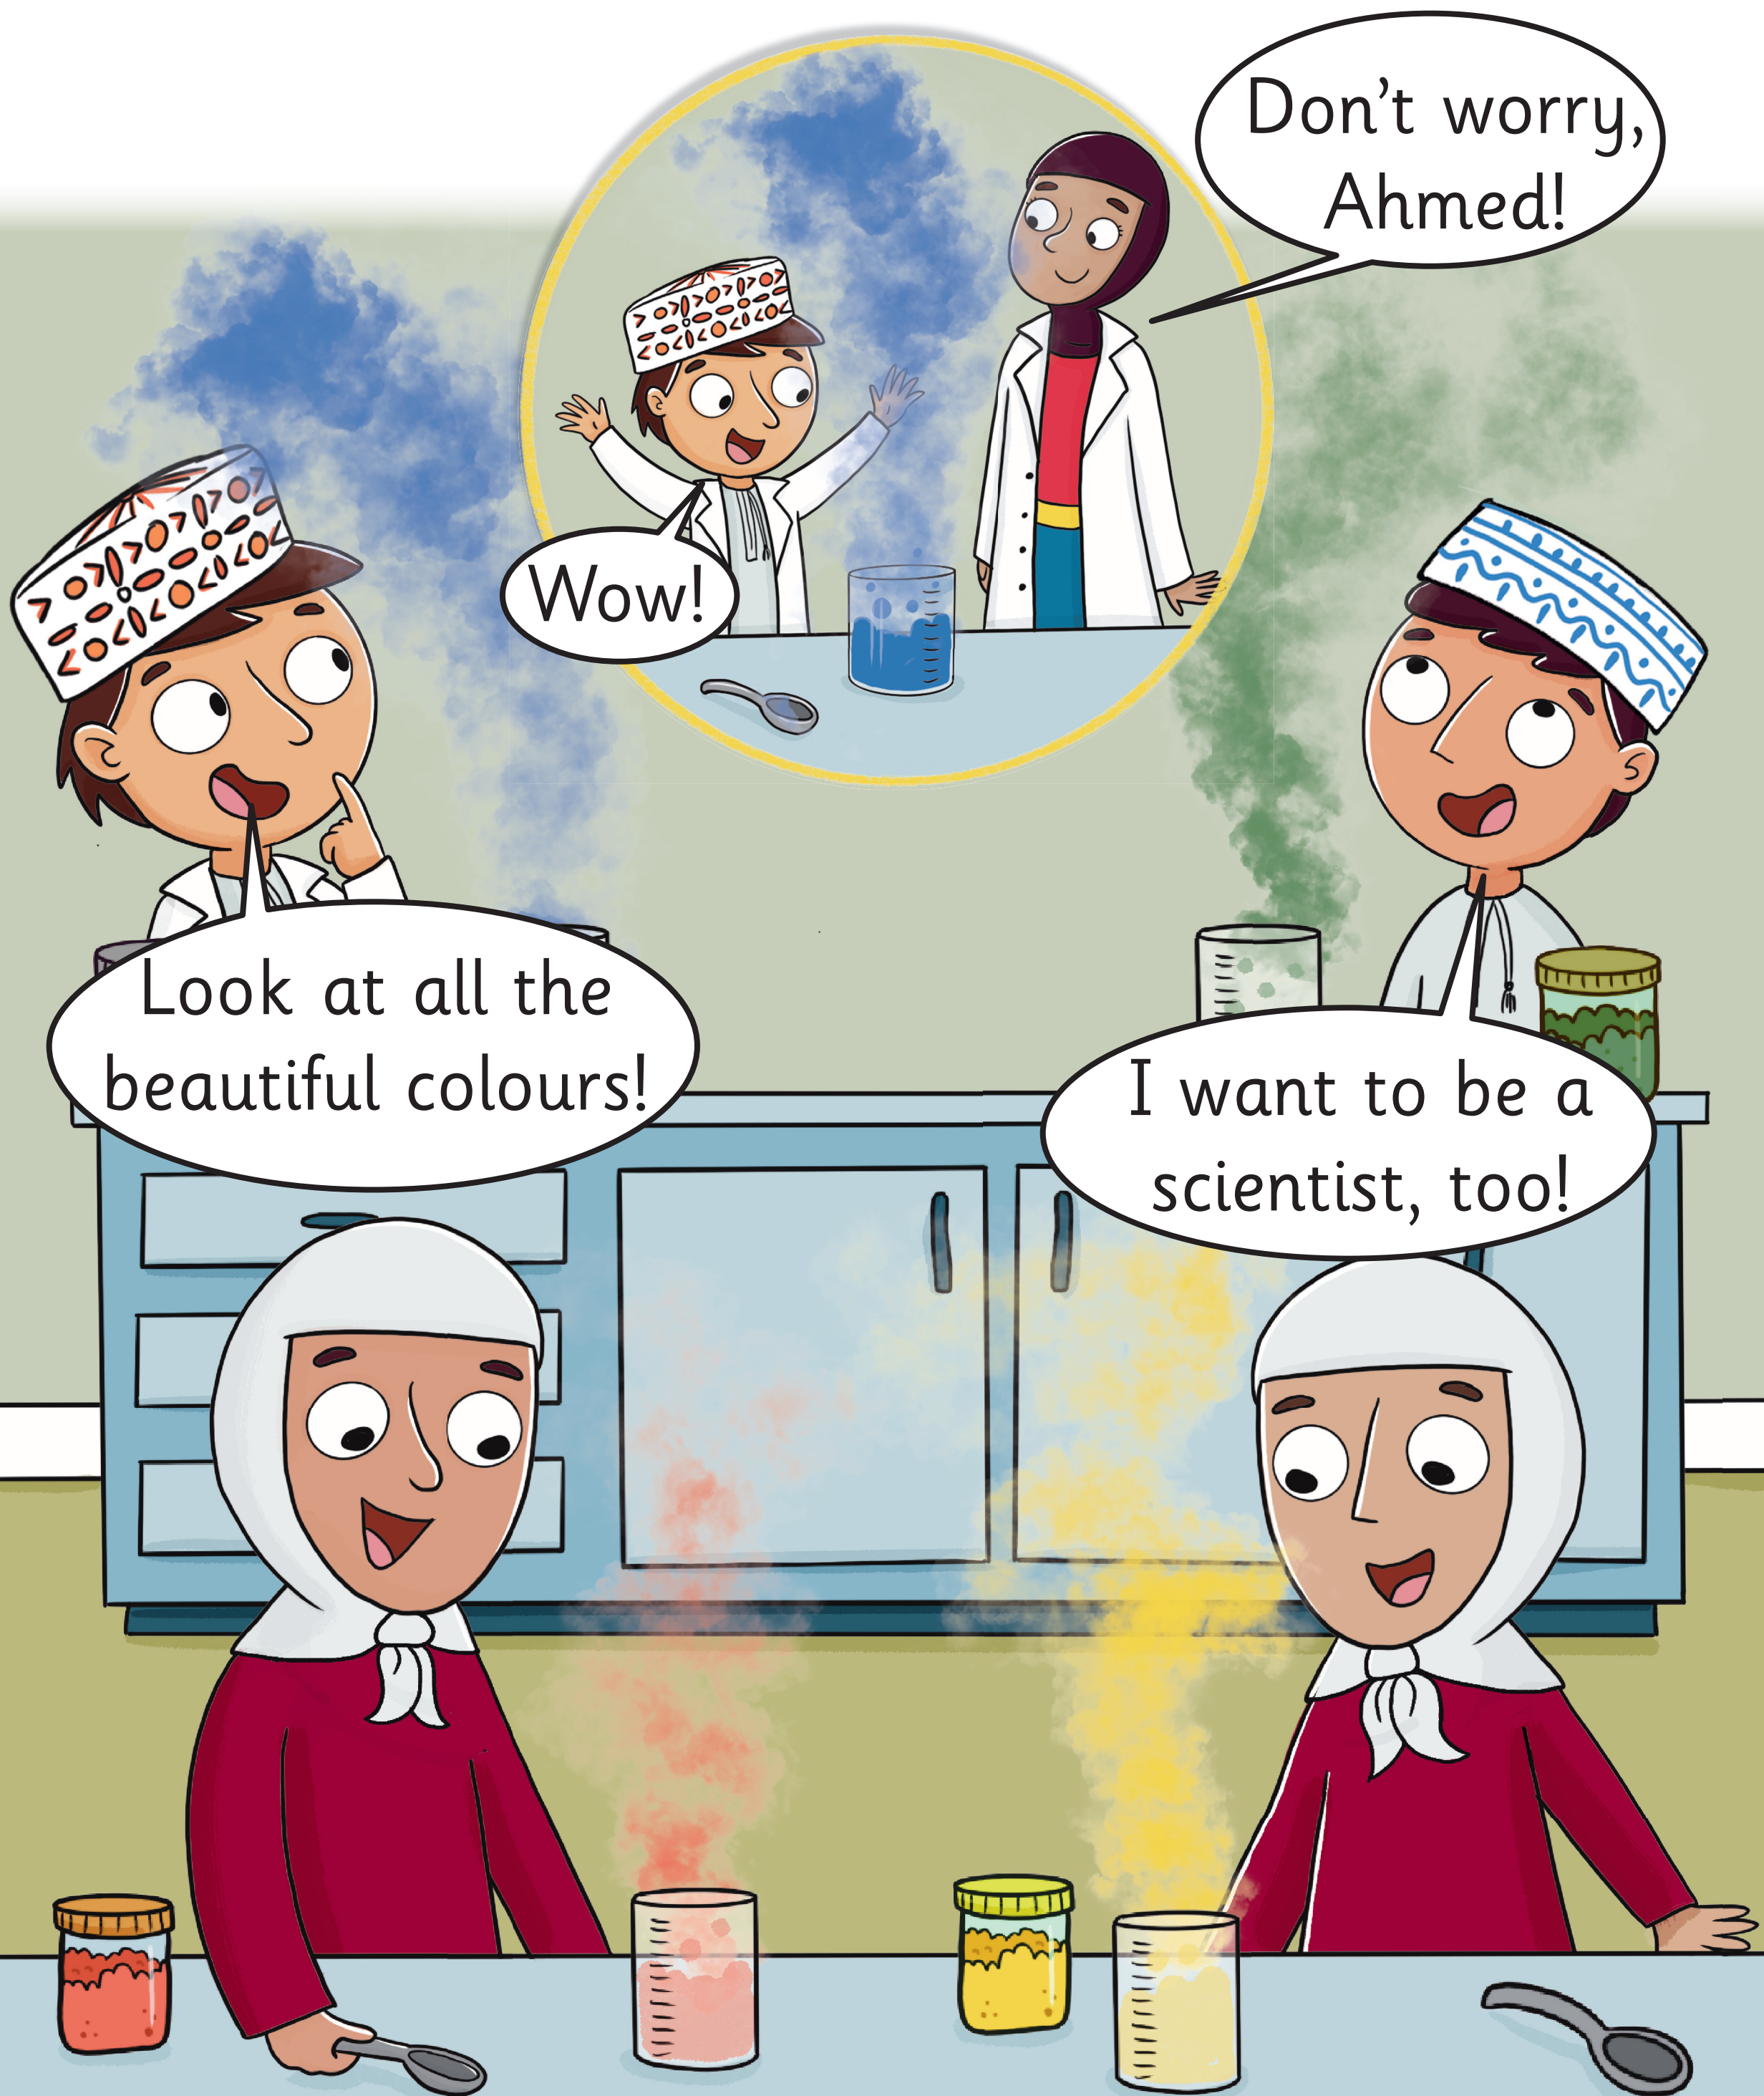

Ahmed is excited. He's listening to Mrs Sumaiya and he's putting a little blue powder in his glass.

Now a loud noise is coming from Ahmed's glass. He's looking at it and he's worried.

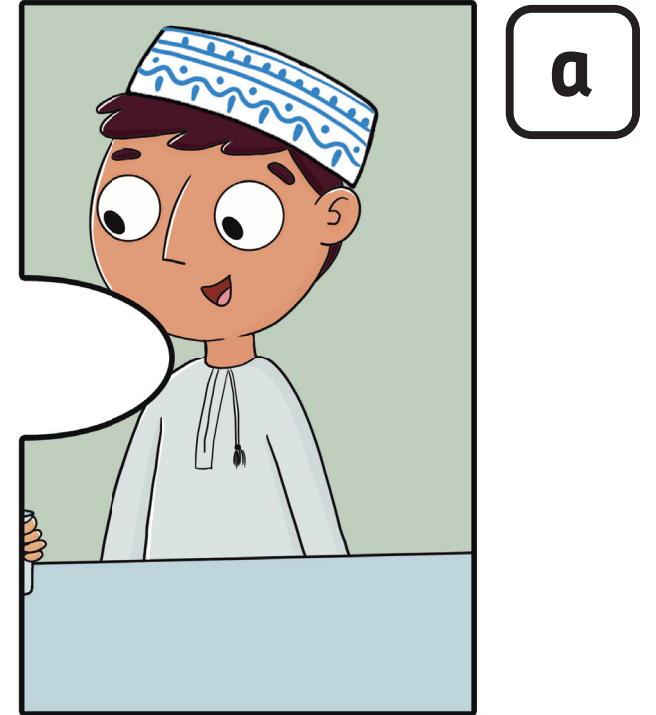

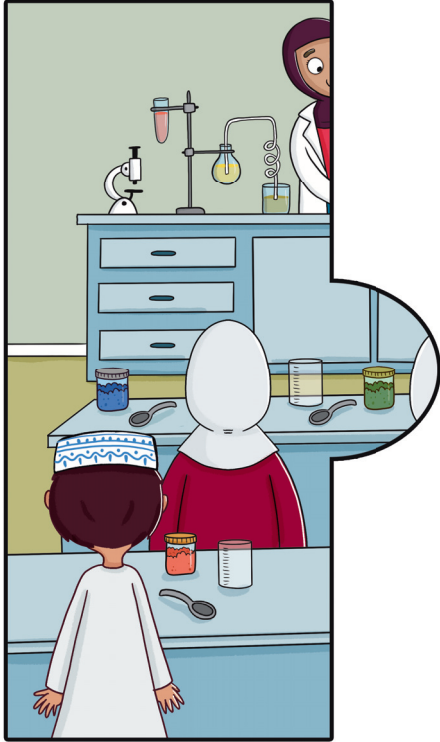

Mrs Sumaiya comes over to help Ahmed. The noise stops and then he see lots of colours.

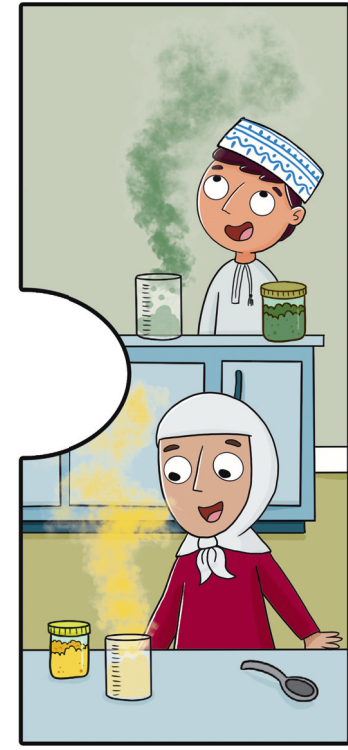

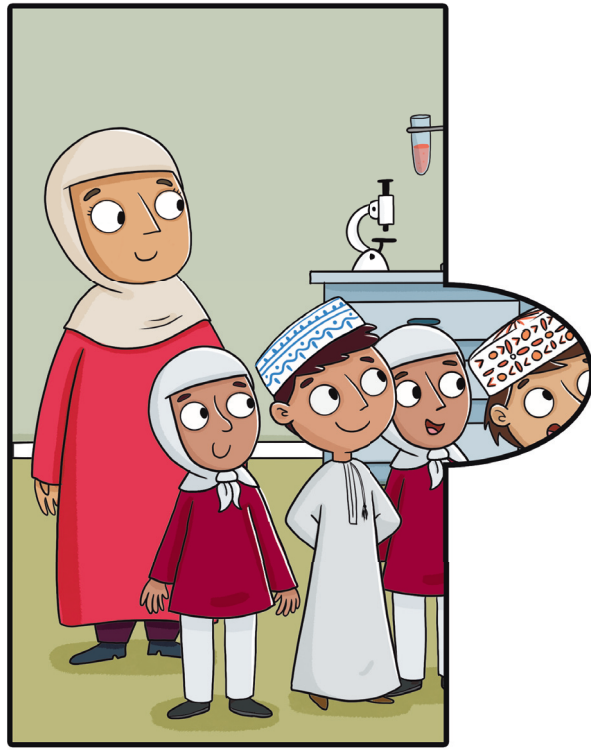

Look and match.
