Introduction

About Team Together Oman

Learn Together! Succeed Together! Team Together!

Team Together Oman is an engaging and enjoyable, four-level primary English course that develops language alongside future-ready skills. Pupils are challenged to communicate creatively in authentic contexts, think critically and work together to get results. Team Together Oman sets out a clear path for progress and prepares children for success in external tests, including PTE Young Learners and Cambridge English Qualifications.

Team Together Oman takes pupils from level Pre A1 to A2 of the Common European Framework of Reference for Languages (CEFR).

For pupils

Throughout their Primary education, pupils are in a transitional period between childhood and their teens and are still developing intellectually and emotionally.

Team Together Oman follows children's developmental stages by offering content that is adapted to their cognitive needs in each level through a careful choice of the main characters, the topics, the language content and the way in which it is presented.

Team Together Oman has been designed to create an enjoyable and engaging environment for effective learning. A full colour Class Book and Activity Book are complemented with a wide range of multimedia and digital tools, such as videos, eBooks and digital content online which are certain to captivate pupils' attention.

For teachers

Team Together Oman has been created using tried and tested methodology for effective language teaching. A variety of language presentation contexts and an ample supply of resources will help keep pupils engaged and motivated. Seamlessly integrated external tests preparation and a complete assessment package will help your pupils get results and prepare for future tests.

Team Together Oman has also been created with busy teachers in mind. At-a-glance organisation of materials within the Teacher's Book will help you find all the necessary information such as answer keys and audio scripts, but it will also give you ideas on how to extend Class Book activities and how to adapt them to your pupils' level.

Course features

Vocabulary

Each unit starts with an eye-catching visual presentation of the target vocabulary, which gets pupils' attention right from the start. The visual presentation serves a variety of purposes:

- to present new vocabulary in context.
- to revise previously learnt vocabulary from Grade 3 ⁽¹⁾
- to offer speaking practice for both everyday communication purposes as well as external tests preparation.
- to set the scene for the story in the next lesson.

It is followed by engaging step-by-step practice. As well as being close to pupils' interests, vocabulary sets reflect external tests topic areas.

The *Think!* feature ($\widehat{\basel{a}}$) at the start of each unit allows for quick revision of the lexical items that pupils are very likely to know from previous learning, which is a great confidence booster.

The *Communicate* activities ()) effectively help pupils start using English in meaningful contexts from the very beginning.

Extra vocabulary practice is available in corresponding Activity Book lessons where applicable.

Content from the main lessons is complemented by *Extra practice* sections at the end of each unit.

Grammar

Grammar structures are taught in a clear, scaffolded, step-by-step approach in every unit. The new structures presentation is contextualised through the chant, the song and the story. Grammar boxes on the Class Book page contain clear, child-friendly examples of the target structures and provide a reference point for pupils as they learn and practise.

The structures presented in the grammar boxes are also recorded and serve as a model for the correct pronunciation. Further consolidation practice is available in the Activity Book, both in the corresponding lesson activities as well as in the *Extra practice* and *Grammar reference* sections at the end of each unit.

Dictation

The Vocabulary and Grammar reference sections in the Activity Book end with a dictation task. Pupils hear three sentences that practise the key grammar. By writing the sentences they hear, pupils are also practising their writing skills.

Stories

Team Together Oman Grade 4 stories feature a group of inquiryminded children, who are keen on Science and learning new things. They call themselves The Discovery Team. Fatma and her brother Sami make friends with their new neighbour, an Australian girl called Lottie. Together, they form The Discovery Team and learn new things in each episode. Each story has been built around a specific concept from common Social and Natural Science curricula. To explore this concept further, please see the teaching notes for Lesson 2 in each unit.

Skills

All four skills are practised throughout Grade 4 of *Team Together Oman*, with a dedicated skills section in Lessons 7 and 8 of each unit. Special focus has been put on writing: pupils are given a model text and scaffolded, stepby-step support to create their own pieces of writing. Further support is to be found in the Activity Book.

The speaking skill is practised through a variety of contexts:

- Most lessons end with a *Communicate* activity \bigcirc where pupils can put the newly acquired content into practice and personalise it.
- Lesson 6, English in action, is dedicated to teaching functional language, which is key to successful social interaction. Exposing pupils to this language right from the start ensures that they not only acquire knowledge of grammar and vocabulary but also learn what to say and how to behave when playing with others.
- Lesson 9, *Phonics*, focuses on different letter sounds to help pupils get used to speaking and writing in English. The corresponding Activity Book page looks at common tricky words such as *Mr*, *Mrs* and *people*.
- Finally, Lesson 12 is an optional lesson, allowing pupils to enjoy a fun task or game that recycles the unit language.

Culture

The *Culture* sections in *Team Together Oman* are designed to help foster the Omani identity and as such, they focus on life and culture in Oman as well as looking at aspects of different cultures around the world.

Learning club: Language booster and CLIL

After every two units, there is a *Learning club* section. This consists of a *Language booster* lesson and a *CLIL* lesson. The *Language booster* lesson extends language and topics taught in the two preceding units. The *CLIL* lesson helps pupils learn key concepts of other subjects in the school curriculum in a more integrated manner. In addition to this, each story in *Team Together Oman* Grade 4 has been built around a key concept from common curricula. To explore this concept further, please see the teaching notes for Lesson 2 in each unit.

Course components

External tests preparation

Team Together Oman provides a lot of opportunities to get pupils acquainted with the format of external tests. Cambridge English Qualifications test-type tasks, marked with the symbol (), are seamlessly integrated into the core material, providing practice in an unthreatening manner. The Get ready for ... section in Lesson 11 of each unit both in the Class Book and Activity Book focuses specifically on test practice.

Team Together Oman fully prepares learners for Cambridge English Qualifications Pre A1 Starters, A1 Movers and A2 Flyers. As well as test tasktype practice, all vocabulary and structures are covered in the series.

Future skills

One of the features of *Team Together Oman* is the focus on future skills, which are a must for today's learners to allow them to thrive and succeed in the modern world. Pupils need to learn more than just vocabulary and grammar; they need to learn critical thinking and problem-solving, creativity, communication and collaboration. Many of the activities in *Team Together Oman* serve both purposes – as pupils put new knowledge into practice, they also work on the development of their future skills. These activities are easily identifiable with the following icons:

- Gritical thinking
- Problem-solving
- CommunicationCollaboration

Other future skills covered in Team Together Oman include:

Social and cultural awareness: Lesson 5 of each unit enables pupils to learn about Omani culture and the wider world.

Curiosity and Initiative: In the project work, pupils are encouraged to find information, make decisions and present their opinions.

Assessment for learning: See pages 14-15 for more information.

Literacy, Numeracy, Scientific Literacy: These are covered through a wide range of topics covered in the series as well as through work on specific areas such as development of the reading and writing skills.

ICT Literacy: In the project work, pupils are encouraged to use a variety of materials and sources, which include web searches and work with modern technologies.

Support for mixed-ability classes

Team Together Oman supports teachers who work with mixed-ability classes. The Teacher's Book includes teaching tips for mixed-ability classes, labelled **Diversity: Support/Challenge** and **Extra activity: Fast finishers**. The photocopiable resources package includes extra worksheets for grammar, vocabulary and communication lessons to help teachers cater for the different needs of their pupils. In addition, there are photocopiable worksheets to accompany the Reading and Listening tasks in the Skills lessons, which are available at two levels: support and challenge. They give the teacher an opportunity to work with mixedability pupils in the classroom and make the core material in the Class Book more suitable to individual pupils.

Class Book

The Semester 1 Class Book provides materials to present the target language effectively. It includes an introductory Welcome unit to revise some of the language from Grade 3 and to introduce the story characters. It then includes four main units, followed by a Progress path section for pupils to track their progress at the end of each unit.

Activity Book

The Activity Book provides reinforcement and consolidation of the language presented in the Class Book. It contains controlled and freer practice plus personalisation and further listening and reading activities. It also contains an *Extra practice* section for further consolidation of vocabulary and grammar, and a *Get ready for* ... section for further external test practice.

Graded readers

In addition to the unit stories, there are also two graded readers after each unit of the Class Book. These consolidate language, phonics and themes covered in the preceding units with a fun story that the pupils will enjoy. Teachers can choose which of the two readers they want to cover in class and which pupils can do at home for homework.

Course components

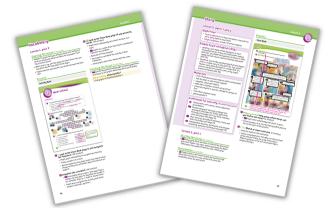

Teacher's Book

The Teacher's Book provides step-by-step lesson plans covering all the course material. Each lesson plan is clearly structured into stages:

- Starting the lesson
- Presentation
- Practice
- Finishing the lesson

Additional ideas for Extension, TPR and future skills activities, as well as suggestions on how to support or challenge mixed-ability pupils, provide an excellent toolkit for busy teachers who may lack time for planning.

The Introduction includes recommended procedures for effective use of projects and also contains tips on working with mixed-ability groups.

Class Audio

The Class Audio MP3s have all the recordings for the Class Book and Activity Book. In order to facilitate using the audio materials, all recordings are appropriately numbered on the pages of the Class Book and the Activity Book. All audio for the series can be found online.

Flashcards, Word Cards and Story Cards

The Flashcards and Word Cards present vocabulary from each unit. They help pupils learn, remember, practise and revise vocabulary. Ideas for their use can be found in the Teacher's Book lesson notes and in the Games bank, which contains extra games and activities.

The Story Cards are large, frame-by-frame versions of the cartoon stories in Lesson 2 of each unit of the Class Book. On the back of each card there is a transcription of the appropriate part of the story's audio recording and questions to be asked before and after listening.

You may also want to make your own flashcards for the phonics lessons. These are optional and may assist in your classes. These would have a simple picture illustrating the target sound and the corresponding letters.

Posters

The Posters designed for *Team Together Oman* are a great visual aid for presenting or consolidating vocabulary.

The level-specific posters are created from the unit opener illustrations, and provide a lot of opportunities for revision and speaking practice.

The Classroom posters can be used with any level of the course.

Practice sheets

Upon completion of each unit of Semester 1, the teacher is able to check the progress pupils are making by using a unit practice sheet. There are four Unit practice sheets, one end-of-semester practice sheet and one end-of-year practice sheet. All these activities are available in two versions: Standard (A) and Challenge (B) so as to allow teachers for more flexibility with mixed-ability classes.

Presentation tool and digital resources

All the digital resources for *Team Together Oman* can be found online. These include story animations, videos for the Projects and Culture lessons, a presentation tool, eBook, class audio, photocopiable resources, and more.

Photocopiable resources

The Photocopiable resources contain consolidation and extension worksheets for further practice of vocabulary, grammar, self-assessment, CLIL, English in action, phonics, stories and songs.

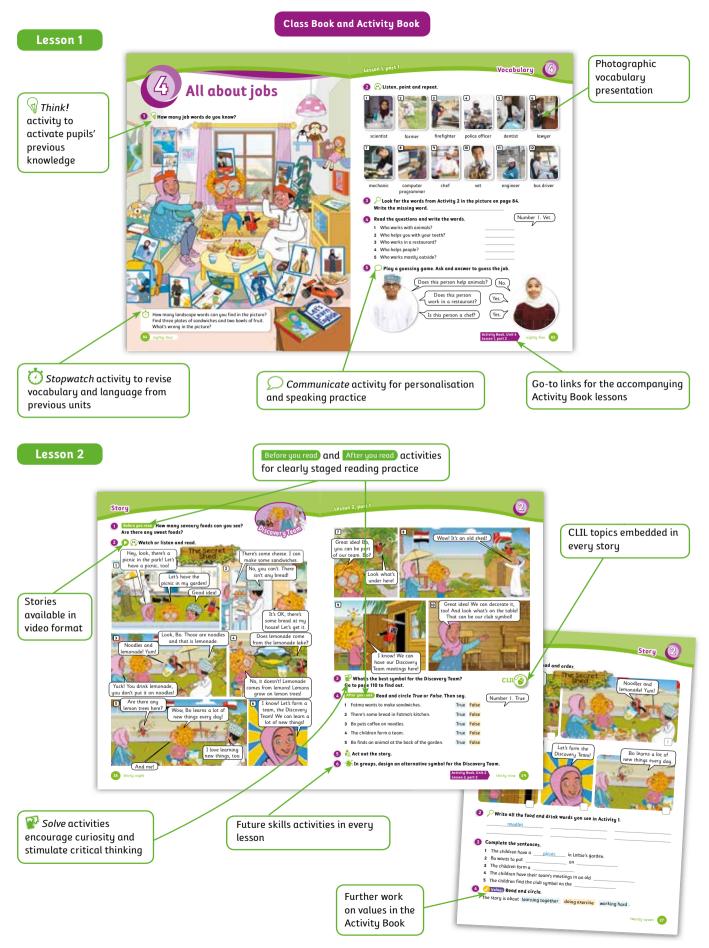

There are also communication games and worksheets to be used with the Culture videos. They are all available online.

Monitoring progress and test readiness with *Team Together Oman*

Team Together Oman can be used to prepare pupils for external tests including Cambridge English Qualifications and PTE Young Learners. Team Together Oman provides teachers and institutions with the GSE tools that enable them to demonstrate visibility of pupil progress step by step, and a way of identifying and addressing learner needs and supporting the achievement of goals whether these be general or test related. Team Together Oman is additionally aligned to English Benchmark which can provide an independent measure of learner proficiency and formative information to support planning and next steps.

The table below indicates the correlation between the course and various international frameworks and tests.

	GSE	CEFR	PTE YL	English Benchmark	Cambridge English Qualifications
Grade 1	10-22	Pre A1			Pre A1 Starters
Grade 2	17–29	Pre A1/A1	Firstwords	Level 1	Pre A1 Starters
Grade 3	20-32	A1	Springboard	Level 2	Pre A1 Starters
Grade 4	24–39	A1/A2	Quickmarch	Level 3	A1 Movers

The Global Scale of English

The Global Scale of English (GSE) is a standardised, granular scale which measures English language proficiency. Unlike some other frameworks which describe attainment in broad bands, the Global Scale of English identifies what a learner can do at each point on the scale across speaking, listening, reading and writing skills.

The scale is designed to motivate learners by giving a more granular insight into their progress. Teachers can use the Global Scale of English to match a pupil to the right course materials for their exact level and learning goals.

The badging above and on the back of your book shows the range of objectives that are covered within the content. Knowing this range helps you select course materials with the right level of support and challenge for your pupils to help them progress. It does not mean that pupils need to have mastered all the objectives below the range before starting the course, or that they will all be 'at' the top of the range by the end.

For more information about how using the GSE can support your planning and teaching, the assessment of your learners, and in selecting or creating additional materials to supplement your core programme, please go to www.english.com/gse.

What is English Benchmark?

English Benchmark is a motivating English test for young learners aged 6–13, which proves pupils' English abilities to parents, monitors learning progress and ensures teaching targets the right skills. English Benchmark measures pupils' speaking, listening, reading and writing skills through fun and interactive tablet-based activities, with immediate detailed reports for teachers and parents that include pupils' strengths, suggestions for improvement and recommended activities to improve their skills.

English Benchmark and *Team Together Oman* make the perfect partners for your language and learning assessment. As your pupils learn with *Team Together Oman*, you can use the English Benchmark tests to measure their progress.

In order to show progress, learners should take the test at least once at the start and once at the end of the year. If possible, teachers could ask learners to take the test again half way through the year or at the end of each term to check they are on track.

Formative assessment / Assessment for learning

Formative assessment, or assessment for learning, is "the process of seeking and interpreting evidence for use by learners and their teachers, to identify where the learners are in their learning, where they need to go and how best to get there" (Assessment Reform Group, 2008).

Here are some suggestions on how to implement assessment for learning in your classroom.

Main strategies of formative assessment

The main stages of the formative assessment process are:

- 1 Setting the aims and criteria for success
- 2 Monitoring pupils' learning, including giving constructive feedback
- 3 Peer learning
- 4 Independent learning/long-term assessment

Setting aims and criteria

If you want your pupils to be successful in the learning process, you need to tell them what it is that they are going to learn and what you expect of them in terms of performance.

• Key question technique. At the beginning of each lesson, the teacher should tell the pupils what they are going to learn. This can be done by using key questions which are meant to inspire pupils' curiosity, interest and engagement.

Monitoring pupils' learning

This stage of assessment is used to achieve the following goals:

- to adjust ongoing teaching and learning
- to increase the level of interaction and provide for feedback loops during questioning
- to improve pupils' achievement of intended outcomes.

The tools that can be used for monitoring pupils' learning are:

- Lollipop stick technique or Random selection tool. Use sticks or cards that pupils can personalise with their names at the beginning of the school year. Pick them randomly to call on pupils for questions, thus ensuring that all pupils have an active role and will produce a similar amount of language, because pupils' talking time (STT) matters!
- Mini-whiteboards. Use them for short answers or to practise prepositions, vocabulary, comprehension, spelling, gap fills, grammar – any time you want to check understanding. Pupils write their answers individually and hold up the whiteboards and you get feedback from all your pupils at the same time!
- Hands up/down technique. Use this to check understanding. Ask a question or make a statement. Pupils put their hands up if the answer/ statement is correct, but keep it down if not. You can also use it to check if pupils want to give positive or negative feedback to a task.
- Happy/sad face technique (also Yes/No, Stop/Go, True/False). Use this for critical thinking development and yes/no answers. Make a set of cards with a happy face on one side, and a sad face on the other – one for each pupil – or pupils can make their own. After practising a skill, ask pupils how they feel they are doing. Alternatively, pupils can show this on a scale from 1–5 using the fingers on their hands for a deeper understanding of the yes and no answers.
- Traffic light cards. Use them to check that pupils know what to do on a given task. Pupils show you a green/yellow/red card, depending on their level of confidence.
- Exit slips. Use them to evaluate your lessons at the end of the day or session, to get feedback from the lesson, or to offer pupils the opportunity to give opinions. Exit slips can simply be post-it notes stuck on the door on their way out of class.

Other types of assessment tools you can use are those oriented towards helping you actively observe the different skills and competence that your pupils are developing while they are working in class:

- Checklists. These are very useful to assess different tasks or different stages of the same task at the same time. Taking note of your pupils' performance on the spot will provide you with objective evidence of their true level of competence.
- Observation forms. The teacher collects data on pupils' work by filling in observation forms to adjust teaching procedures where necessary.
- Video/audio recordings. These are excellent tools to observe your pupils from a different perspective and analyse their strengths and weaknesses, behaviour and classroom relationships in depth. (Be aware that you may need parental permission to record children.)

Peer learning

Working together in pairs or groups gives pupils an opportunity to share knowledge and also learn from their classmates. Tools that can be used for peer work and peer learning are:

- Think-pair-share. Pupils work on their own, then discuss their ideas in pairs and finally they present their ideas to a group or to the whole class.
- Two stars and a wish. Pupils say two positive things about the work of their partner and suggest one area for improvement.
- Expert envoy. This is a tool to use with mixed-ability classes. If you have pupils who are strong in some areas, you may choose them to be the 'experts' for their class or group and ask them to help their classmates.
- Three facts and a fib. Pupils write three true statements and one false statement about the topic of a lesson and share them with other pupils/pairs/groups to see if they can identify the false information. This technique can also be used in a summative evaluation at the end of a longer learning process, e.g. a unit.

Checklists and video recordings can also be used as peer learning tools.

Independent learning and long-term formative assessment

Long-term formative assessment tools are used to improve the following areas of your assessment practice:

- for pupils to develop critical thinking skills about their own performance
- to promote collaboration
- to improve pupils' achievement of intended instructional outcomes.

Performance-based teaching and learning impacts strongly on the way we carry out assessment by helping pupils become autonomous and independent learners aware of the process by which they learn as well as their learning goals.

Some of the long-term assessment tools you can use in your classes are:

- Summative and thought-provoking questions. At the end of a lesson or a unit, pupils are asked to reflect on their learning process and to try to self-assess their performance by answering the following questions What have I learnt? What do I need to work on? I can I'm (not) good at
- **Portfolios**. Pupils are given the responsibility of selecting which pieces of work they produce should be placed in their portfolios to demonstrate how they are improving.
- Checklists. These are used to assess pupils' completion of a task. They are not rating scales and they only include Yes/No or ✓/X descriptors.
- **Projects**. Pupils present what they know through pictures and texts such as essays, research reports or long-term projects.

- Pupil Travel journals/Learning diaries. Pupils create their own books, in which they chart the journey of their learning.
- **Rubrics**. They can be used when evaluating pupil performance or work resulting from a performance task. For further details see below.

It is very important to remember that before this type of assessment is implemented in the classroom, a supportive classroom environment is created and pupils are given guidance on how to reflect upon and evaluate their own performance as well as that of their peers.

How to

How to work with projects

by Magdalena Custodio Espinar

One of the key factors affecting pupils' ability to learn cooperation and collaboration is the type of situations they face. In other words, pupils will not learn how to be a reliable team player if they aren't exposed to tasks that require team work. There are many ways to organise pupil interaction in class and the most popular ones are collaborative and cooperative work. These two interaction systems may seem interchangeable but there are some clear differences between them:

Collaborative work

- Group goal
- Learning takes place in a group
- The final product is co-constructed
- Roles/responsibilities are flexible and agreed
- The process is important

Cooperative work

- Individual goals within the group
- Learning is an individual process
- The final product consists of individual contributions
- Roles and responsibilities are usually pre-defined
- The final product is important

When working on projects, collaborative work is the preferred system, giving pupils an opportunity to share ideas, verbalise opinions and interact with other classmates. Thanks to this, a real communicative context is developed in the classroom during which pupils must listen to each other and reach an agreement to create a common product.

To apply successful project work in the classroom, you should:

- Keep a flexible project schedule and involve pupils in project design when possible. Promote parent involvement.
- Prepare pupils by having them thinking about the project in advance. A rubric can be very useful to show them what they are aiming for and trying to accomplish. Use negotiation strategies to help them understand the rationale for this type of work.
- Establish moments for feedback and specific products at the end of each work session to promote a sense of mission, e.g. record evidence of progress using field notes or observation templates. Keep records public so pupils have ownership of them by using rubrics or checklists.
- Avoid making decisions for pupils. It will take time for pupils to be able to develop time management skills and learning to learn competence.
 Promote this by providing them with support during the project, e.g. a time line with the work sessions, worksheets with instructions or steps to follow, a project goals checklist to tick, a webquest to develop critical thinking skills, etc.
- Assess the quality of projects by using professional work as a reference. Boost the quality of your pupils' work by showing them good examples of other pupils' work. Develop scaffolding to help pupils reach the standards and include both individual and group grades.
- Promote full participation by using a checklist for active observation of pupils that will give you objective evidence of their performance. Set realistic alternatives and consequences for non-participation such as suggesting individual ways of working on the project, negative individual grades, etc.
- Foster reflection strategies both for the process and for the final product from a critical point of view to improve future performance.

When deciding on how to group your pupils, you should consider your rationale so as to group pupils according to the right criterion. Here are some ideas to arrange your class for group and project work.

Grouping for leadership. If you have passive pupils who need someone monitoring and taking control of their active contribution in group work, pre-assign groups and make sure these pupils share groups with class leaders (those pupils who are more skilled or have more knowledge).

Random selection groups. If the task does not require specific pupils to be separate or together, you can simply put the groups in alphabetical order, take their names from a bag or hat, use a pack of cards (group them based on having black or red cards, cards in a specific order, the same numbers ...) or word-family cards, synonym word cards, date of birth, etc.

Then, you can rotate some members to create new groups. Turn and talk (front row/back row) for a quick group task is also a possibility.

If you are familiar with your pupils' interests, e.g. football teams, make cards with the names of the most popular players and use them to make the 'football teams'. You can do this with popular bands, TV series and cartoons of their interest.

Grouping by interest. Have your pupils complete a survey and group them based on their responses. You can also design the task according to different interests and give pupils the opportunity to join a group according to their personal interest or expectations of the task, e.g. in a presentation about their hometown, pupils interested in history can focus on historical buildings and pupils interested in sports can focus on stadiums and sports facilities.

How to work with stories

Stage 1 - Before listening to the story

First, talk to pupils about the characters appearing in the story and about the places in which they appear. Ask pupils what they can see in the pictures and invite them to guess what will happen in the story. Remember to praise pupils for all their ideas, but do not correct them and do not explain too much. (In a moment pupils will listen to the recording and check if they were right.) At the beginning of the school year, you may wish to ask questions in L1, little by little switching to English. Focus more on what occurred in the story than on the language itself. First, pupils will understand the story as a whole, then they will remember the vocabulary used in the story. Questions for this stage can be found at the back of each Story Card.

Stage 2 - Listening to the story

All the stories have been recorded by professional actors. However, if for any reason it is not possible to play the recording or if the teacher wants to tell the story himself/herself, the complete text of the recording is provided on the back of each Story Card. At this stage remember to encourage pupils to compare their previous ideas with what actually happened in the story. Play the recorded story and/or play the animation and ask pupils to point to the appropriate pictures in the Class Book.

Stage 3 - After listening to the story

After listening to (or watching) the story together, ask pupils a few questions about it to make sure that they understood what happened. You may use the questions provided on the back of each Story Card or make up your own questions.

When answering, pupils additionally practise and consolidate the previously introduced language material. At this stage it is best to speak English.

Stage 4 - Acting out

After having listened to the story a few times your pupils should be ready to act it out. Pupils can contribute to the story, first by making particular gestures and then, depending on the difficulty of the text, by using simple phrases. You may also play particular parts of the recording and ask pupils to repeat them each time.

Next, you may divide pupils into groups and ask each of them to say the lines of one character. Under the teacher's supervision and on the basis of the pictures, pupils quote the lines of appropriate characters. To make this exercise more interesting, you can bring items to be used as props.

How to use the Story Cards

There are many ways that the Story Cards can be used with the stories in *Team Together Oman* Grade 4. Here are some ideas.

- Cover the numbers on the cards. Shuffle the cards, stick them to the board and ask pupils to arrange them in the correct order.
- Cover the numbers on the cards. Stick the cards to the board in the correct order. Ask pupils to close their eyes, then take away one card. The pupils are supposed to identify the missing card.
- Cover the numbers on the cards. Hide the cards in various places in the classroom. Ask pupils to find them and stick them to the board in the correct order.
- Show pupils a Story Card and read the corresponding lines. When reading, make intentional mistakes, e.g. say red instead of yellow. Pupils correct your mistakes.
- Distribute the Story Cards among a few pupils. Play the story recording. When a pupil hears the lines referring to his/her card, he/ she should stand up and show it to the class.

Exercises without Story Cards

- Ask pupils to draw a scene from the story they have heard.
- Ask pupils to invent another ending for the story they have heard.
- Pupils draw their favourite character.
- Talk to pupils about what the characters learnt.
- Ask the pupils about the way they would behave or feel if they were one of the characters.
- Read some lines from the story. Pupils should provide the name of the character who says the lines.

How to do the shared reading sessions

There are lessons for shared reading throughout the year. These are indicated in the teaching notes and are usually at the end of every unit. However, you can use shared reading flexibly to suit pupils' needs.

- Choose a big book with the class. It's beneficial if pupils contribute to the selection. You can present pupils with options and they say which story they would like to hear. Or, you can ask different pupils each time to choose a story. If you prefer, choosing a story can also be a reward for excellent work in class or for helping a classmate, or similar. The remaining unit reader can be read either at home or in classroom quiet time.
- For each picture, ask pupils what they can see. This is a pre-reading activity. Read the page. Ask pupils questions about what they have read. This might be simple checking that they have understood what they have read. Then ask pupils what they think might happen next. These are during-reading activities.
- Then at the end of the story, ask pupils questions about the story, or ask pupils what they liked about it. If you have class time, you can ask pupils to participate in a shared reading post-reading activity, such as drawing a picture of their favourite character or an event from the story.

How to work with posters

Posters can be a powerful and engaging tool for presenting or consolidating the language covered in the Class Book.

In *Team Together Oman* Grade 4, Semester 1 there are seven fullcolour vocabulary posters featuring the main characters of this level. Each poster can be used for presentation or revision of the first set of vocabulary from each unit.

Techniques of working with posters

Stick the poster to the wall in a visible place. In this way it will remind pupils of the material they have covered.

Predicting. In order to create the atmosphere of anticipation and to invoke curiosity in children, before you show the pupils a poster, give them its title. Tell pupils that in a moment they will see a poster with, e.g. toys. Ask pupils to think about the vocabulary which may be presented in the poster. Encourage pupils to provide examples of particular words related to this thematic group. In the case of toys it will be *a teddy, a doll, a ball, a kite, etc.* Then, stick the poster to the wall and check together how many words the pupils predicted correctly.

Asking questions. Point to the objects, persons, colours, etc. presented in the poster and ask questions *What's this? What colour is it? How many (balls) can you see? Is it a (doll)?*, etc.

Finding and pointing. Ask individual pupils to come to the poster, find and point to appropriate objects, e.g. *Point to the (red car), etc.* You may also divide pupils into two teams and change finding particular elements into an exciting competition. Ask one person from the team to come to the poster and find a particular object. If he/she does it correctly, the team scores a point. If he/she makes a mistake, another team takes a turn. Pupils may replace the teacher and give the commands.

Memory game. Set a specific time limit, e.g. 30 seconds. Tell pupils to look at the poster carefully and remember as much as they can. Then, cover the poster or take it off the wall and ask pupils one by one about the objects presented in the poster. You may also ask about the features of these objects, e.g. *Is the (ball) (big)? What colour is the (kite)?* The pupils' task is to answer from memory. You may also conduct this exercise as a team competition, observing the time limit. The team who provides the biggest number of names of objects from the poster wins.

True or false? Point to various objects in the poster and make true or false sentences related to them. For example, point to a doll and say *It's a teddy*. Pupils answer *No*.

Quiz. Tell pupils that you are thinking about a certain picture from the poster. The pupils' task is to guess which picture you mean. You may describe the object you have in mind for more advanced pupils, e.g. It's brown. It's small. What is it? Pupils answer (It's a teddy.)

Peeping through a keyhole. Cut out a hole (5–7 cm wide) resembling a keyhole in the middle of a large sheet of paper. Place the sheet on the poster and ask pupils what they can see. Move the sheet on the poster so that each time pupils guess the name of another object.

How to

Singing. Use a chant related to the subject of the poster and introduced in the Class Book. Ask one or more pupils to come to the poster. Play the chant; the task of pupils standing by the poster is to point to the objects mentioned in the recording.

Placing words on the poster. If pupils can recognise written words, you may ask them to place appropriate word cards below the pictures in the poster. One by one, pupils come to the poster and place a card with the corresponding word in the appropriate place. Then you may ask all pupils to read the words aloud together.

Make your own poster. Pupils can create their own posters, based on a similar topic.

How to work with videos and animations

Videos are a great tool for conveying information to young learners. A combination of images, movement, colours, sounds, music and language fulfils its educational functions at all levels of understanding. Pupils may watch the same videos many times and each time their perception of the material they watch is enhanced.

How is the video material presented?

In *Team Together Oman* Grade 4 there are four types of video material for each unit: story animations, Project videos, English in Action and Culture videos.

When to use the video material?

- You can use the story animations either as the presentation stage, or after you have listened to and read the version available in the Class Book.
- Project videos are to be used as a way to make sure pupils understand the steps of the project.
- English in Action videos allow pupils to see functional language in realistic contexts.
- Culture videos are to be used as an extension of the content presented in the Class Books as they offer additional information about the topic covered in the lesson.

It is likely that during the first viewing pupils will not understand the entire text presented in the recording, but they will get the meaning of the pictures, sounds and the rhythm of the spoken language. They will remember some phrases, especially those which are repeated often.

You can also use the animations and the videos to revise the material. Children have got good short-term memory, but watching the same episodes again two months after new material was introduced will considerably stimulate their memorising ability.

What are the techniques of working with the video material?

- listening with the screen covered (*blind listening*)
- watching with the sound muted (silent viewing)

How to use the video material?

- Watch the video with pupils from the beginning to the end. Encourage pupils to say aloud the English words which they remember from the recording.
- Watch the video again, stopping the recording after each scene or step so that you can ask pupils questions about the things they see.
- Pupils complete the photocopiable worksheet corresponding to the recording.

Where can you find worksheets for the video material?

Worksheets for the video material are included in the photocopiable resources, which can be downloaded from the online resources.

Flashcard games

Which card is this?

Cut out a small square in the middle of an A4 sheet of white paper. Cover the flashcards with this sheet so that pupils can only see part of the picture in the cut-out hole. Ask pupils to guess what the cards show.

Observation

Show pupils a flashcard, but do it quickly. Then ask them *What's this?* The pupils' task is to name the object shown on the card. If pupils fail to guess it the first time, show them the card again, a little more slowly than before.

Guess and take it!

Hold up a flashcard. The pupil who is first to say the word presented in the card may take it. The pupil who collects the highest number of cards wins.

Echo

Make sure that pupils are familiar with the echo technique. Show them the flashcards and say the relevant words. Ask pupils to repeat the words after you a few times, getting quieter and quieter, like an echo.

Remember and say it!

Stick four or five cards to the board. Ask pupils to remember what they present. Then, remove the cards from the board and ask pupils to say the names. Repeat with other cards.

Remembering the order

Select four flashcards from the same topic and stick them to the board. Ask a few volunteers to look at the pictures and say the names of the objects presented. Then, ask pupils to remember the order in which the cards are placed on the board. Stick the cards face down on the board and ask pupils to say the words in the correct order.

What's missing?

Stick the flashcards on the board (or on the top of a table). Give pupils a few minutes to remember the order in which they are placed. Then, ask pupils to close their eyes. Remove one of the cards. Ask *What's missing*? Pupils identify the missing card.

Snap!

Prepare flashcards from one vocabulary group. Say or write on the board one word from the group. Show pupils all cards from the group. When pupils see the card with the picture corresponding to the word, they call *Snap!*

Which card have you got?

Select a few flashcards and give them to pupils. Ask them to pass the cards on in such a way that they cannot see what they show. At some point, say *Stop* and ask *Who's got the (apple)*? The pupil with the card you asked for says *Me*!

Where is this card?

Stick the flashcards around the classroom. Say the words and pupils run to the appropriate cards, or point to them if there is not enough space.

Picture dictation

Describe a flashcard (or flashcards) in detail and have pupils draw what you describe. You can also describe pictures from the Class Book for pupils to draw. Pupils may also play in groups.

Listen and pass it on!

Distribute the flashcards with selected words among pupils (e.g. one card per desk). Speak out sentences including the selected words and ask the pupils to pass the appropriate cards to you.

Standing up

Hand out the cards from one set, e.g. toys, to individual pupils. Say the names of the toys aloud. The pupil holding the card showing the toy stands up when he/she hears its name and then shows the picture to the other pupils.

Raise your card

Distribute the cards among pupils. Tell pupils a short story in English. When a pupil hears the word depicted in his/her card, he/she raises it up.

Yes!/No!

Show pupils the flashcards and ask them to name the pictures together with you. Then, show pupils the cards in such a way that only they can see the pictures. Say a word in English. Pupils say *Yes!* if the picture shows the word you said. If the picture does not show the given word, pupils say *No!* Continue saying words until all the pictures are correctly named.

Numbers

Stick five flashcards on the board. Ask one pupil to come to the board and to write numbers under the pictures, following your instructions, e.g. '*Doll' is number (one)*. Do the same with the four remaining cards. Then, ask individual pupils *What's number (three)*?

Charades

If it is possible, ask pupils to sit in a circle. Give one pupil the entire set of cards. Play some music. Pupils pass the set on when they hear the music. Stop the music. The pupil who holds the set stands up, selects one card and mimes the word (e.g. if he/she had chosen a picture of a banana, he/she mimes peeling it and eating it). The task of the others is to guess the word. The card described is taken away and the game goes on.

Which is different?

Stick a set of five cards on the board: four from the same group and one from a different group. Ask pupils *Which is different*? The pupils' task is to find the odd card as quickly as possible.

Categories

Revise the vocabulary belonging to two topics, e.g. toys and parts of the body, using the flashcards. Show pupils the flashcards and check if they can name them. Then, divide pupils into two groups and ask them to recall as many words belonging to one category as they can. Award the team one point for each correct answer.

Game with the bag

Put a few flashcards belonging to various categories in a nontransparent bag. Ask pupils to pick one card from the bag and name the item it presents. A pupil picks up cards and names pictures until he/ she takes a picture he/she is not able to name. Count all the correctly named cards and award the pupil one point for each card. Put the cards in the bag again and repeat the game with another pupil. The winner is the pupil who scores the highest number of points.

Games bank

Countdown

Divide the class into small groups. Give each group several shuffled flashcards relating to different units (prepare copies of cards if you want each group to have the same set). Ask the groups to divide the cards into separate categories (e.g. colours, school objects, etc.). The winner is the group which completes the task first.

Easy or difficult?

Divide 20 flashcards into two groups: 'easy' (e.g. with vocabulary relating to the currently discussed unit) and 'difficult' (e.g. with vocabulary relating to previous units). Divide the class into two teams. Each team scores 5 points for each correctly given word from the 'difficult' group and 1 point for a word from the 'easy' group.

Phonics games

Stand or sit?

Say the target sound, e.g. *b*-, and write the letter on the board. Pupils repeat the sound. They then stand up and listen. If you say a word that starts with the target sound, e.g. *ball*, they stay standing. If you say a word that starts with another sound, e.g. *doll*, they should sit down. Start with the words that pupils know, and then move on to other words with the same initial sounds. The focus here is on recognising the sounds rather than on the meaning of the words. Be careful to choose words with pure initial sounds and not mix them up with clusters, e.g. *b*-, but not *bl*- or *br*-.

Which letter?

Display A4 sheets of paper with large single letters drawn on them in different parts of the classroom. When you say a particular sound/ letter or a word starting with one of the letters, pupils run to the correct sheet of paper. (If you do not have much room, pupils can just point to the correct letter.) Start with the sounds in isolation, move on to the words that pupils know, and then move on to other words starting with the same letter. The focus here is on recognition of the sounds rather than on the meaning of the words. Be careful to choose words with pure initial sounds and not mix them up with clusters, e.g. *b*-, but not *bl*- or *br*-. When pupils know more sounds, you can increase the challenge by putting four different letters around the classroom.

Flashcard and Word Card games

Match the cards

Stick word cards belonging to one group on the board in one column. Stick a shuffled set of corresponding flashcards in another column. Ask pupils to come to the board one by one and match the flashcards with the appropriate words.

Mime the word

Stick five or six word cards to the board in one row. Prepare the corresponding flashcards and ask certain pupils to come to the board and place the pictures under the appropriate word cards. When all cards are correctly matched, point to particular words and encourage pupils to read them together. Then, take off the flashcards. Ask one pupil to come to the board and point at the word to be mimed. Do the same with the other words.

Find a match

Prepare five flashcards and five corresponding word cards. Distribute them among pupils and then ask them to come to the front of the class. Explain to them that you will count to 10 (or 15, if pupils know these numbers) aloud together with other pupils and during this time they have to find their match. When they find their partners, pupils stand up and raise their cards.

Music cards

Prepare a recording with music. Distribute shuffled flashcards and corresponding word cards among pupils. Play the recording. The pupils' task is to pass cards on from one to another. When you stop the music, the pupils holding word cards stand up and read the words aloud. The pupils with flashcards stand up upon hearing a word corresponding to their picture.

Draw the word

Place a set of word cards on the desk. Draw a box on the board. Ask a pupil to pick up the first card and draw the object mentioned in the card in the box on the board. Other pupils guess the word. When they guess the word, the pupil shows the word card to the class.

Games with a puppet/soft toy

Words and scenes

Using a soft toy, speak out a new word in English and ask pupils to perform a simple task, e.g. *Find something red. Stand up. Pick up an eraser. Point to ... Touch something ..., etc.*

Questions

Using a soft toy, ask pupils simple questions, e.g. What's your name? What colour is it? Have you got a pencil?

Can I have ..., please?

Distribute flashcards to pupils. Ask them to name objects presented in the cards. Then, using a soft toy ask for particular cards, e.g. Can I have the (bird), please? The pupils' task is to give the appropriate card to the toy.

Pass the soft toy

If it is possible, ask pupils to sit in a circle. Play the recording of the song you want to revise and ask pupils to pass the soft toy to one another when they hear music. When you stop the recording, the task of the pupil holding the toy is to say a word or a line from the song. Start the recording again.

Games with songs and chants

Sing and respond

Provide a few pupils with one word they have to remember. (The words should come from the song or chant you want to revise.) Play the recording and ask pupils to stand up and sing and sit down when they hear their word.

Sing and stand in the correct order

Use the flashcards with the objects appearing in the song you want to revise. Ask a few pupils to come to the board. Give them the cards. Explain to pupils that their task is to listen to the lyrics carefully and to stand in the order in which the words from their cards appear. The other pupils sing the song.

Performances

Select a few songs or chants for which you can prepare simple costumes or props. Teach pupils to show the content of the song or chant with gestures or mimics. Invite parents, teachers or pupils from other classes to a mini-performance.

TPR activities

What does the picture present?

Distribute small sheets of paper among pupils and ask them to draw on them one object from the covered material, e.g. food. Collect the papers and stick them to pupils' backs without revealing to them what the pictures present. The aim of the game is to stimulate pupils to ask questions, thanks to which they will be able to guess which picture they have on their backs, e.g. *Is it a (pen)?* Pupils may walk around the classroom or play in pairs.

Broken telephone

Divide pupils into two groups. Pupils stand in two rows. First pupils in each row should stay close to the teacher's desk. Put flashcards belonging to two categories, e.g. toys and classroom objects, on the desk. Whisper one word from different categories (e.g. 1 – pencil, 2 – robot) to the two last pupils in the rows. Say *Start!* Pupils whisper the word one to another to the first pupil in the row. The task of this pupil is to select the appropriate picture card from the pile lying on your desk and show it to you. A team scores one point for every correctly chosen card. Then the first pupil in a row goes to its end and the game goes on.

How many of us are there?

Play a recording with lively music and ask pupils to move around the classroom in a particular way (jumping, walking, moving). At some point stop the music and say a number between 2 and 5 in English. Pupils have to form groups composed of the appropriate number of people. Pupils who have not joined any group have to wait one turn. Continue the game.

Catch and say it!

Ask pupils to stand in a big circle. Say a category of vocabulary (e.g. toys) aloud and throw a soft ball to a selected pupil. The pupil has to say a word from the category you chose. If the pupil doesn't catch the ball or say the appropriate word, he/she has to sit down. Continue the game until all pupils sit down.

Pass the ball

Ask pupils to sit in a circle. Choose a category of vocabulary. Give pupils a small soft ball and ask them to pass it from hand to hand. Every pupil who receives the ball has to say a word belonging to the chosen category – if he/she fails to do so, he/she drops out of the game.

The ball is burning

Pupils standing in a circle throw a ball or a soft toy to one another and name the colours. The ball or soft toy shouldn't be caught when somebody says *Black!* If despite that, somebody catches the ball, he/ she kneels or squats down and continues playing. When he/she catches the ball properly in the next turn, he/she stands up.

Guessing game: pictures

Ask one pupil to slowly draw on the board a picture presenting a new word from the current lesson. Other pupils try to guess what the picture presents and say the appropriate word. The pupil who guesses the word first draws the next picture.

I name it and you point to it

Pupils sit in a circle. In the middle, place a few flashcards belonging to one vocabulary group. Ask pupils to keep their hands behind their backs. Say a word presented on one of the cards placed in the middle of the circle. The pupils' task is to touch it as quickly as possible. You can divide the class into teams and award points to the group whose representative touched the card first. Pupils may also play this game in pairs or in small groups.

Salim says

Give pupils simple instructions. Warn them, however, that they can follow the instructions only when these are preceded by the phrase *Salim says*, e.g. when you say *Salim says jump*, pupils can jump, but when you say only *Jump*, they cannot move (explain to pupils that Salim is a king who gives them commands). The pupil who makes a mistake loses one point. Vary the speed of instructions to make the game more interesting. Later you may ask pupils to give instructions. Instead of the name Salim, you may use the word *teacher*, your name, or the name of a toy or puppet, if you use it.

Word Swat

Divide pupils into two teams. Ask them to stand in a line facing the board. Give the pupil at the front of each team a fly swat. Place words randomly on the board. Say or describe a word. The pupil with the fly swat must run and swat the correct word. The pupil who completes the task first wins a point.

Team games

Board race

Divide the class into two teams. On the board draw a long racetrack divided into a number of stages corresponding to the number of questions prepared. Use pieces of colourful paper or magnets as pawns (one for each team). Ask pupils questions, e.g. show them flashcards, story cards or objects located in the classroom and ask *What's this? How many?* The pupil who provides the correct answer scores one point for his/her team and may move the pawn to the next field. The team which reaches the finishing line with the highest score is the winner.

Answer and draw points

Divide the class into two teams. Invite representatives of both teams to the board in turns. Quietly give them particular pictures and ask them to draw their own appropriate pictures on the board. If the team members quess the word first, they win a point for their team.

Repetition game

Divide the class into two teams. Invite one pupil from each team to the front of the class. Stick a few flashcards to the board and number them. Ask a pupil to provide the number of a picture on the board. Roll the dice or spin the spinner. The pupil has to repeat a given word the stated number of times. For the correct performance of the task, the pupil scores for his/her team the number of points equal to the number on the die or spinner.

Games bank

Team quiz

Show pupils a set of ten flashcards and ask them to name the objects presented. Raising each of the cards, ask *What is it?* The pupils' task is to name the picture *It*'s (*a boat*). Stick the cards face down on the board. Behind the cards, write numbers from 1 to 10. Divide pupils into two teams. Say the names of the objects on the back of the cards aloud. The pupils' task is to guess which number represents a specific picture. Reveal the card to which the pupils have pointed: if the answer is correct, the team scores 2 points. If the answer is incorrect, it's the turn of the other group to guess. The game continues until all the cards are revealed.

Noughts and crosses

Divide the class into two teams: 'noughts' and 'crosses'. Draw the grid for noughts and crosses on the board. Place one card in each field of the grid, picture side up to the board. Ask a pupil from the first team to reveal one card. If the pupil can say the correct word, he/she may take the card and place the sign of his/her team in that field. Then the pupil from the other team does the same. The winner is the team which manages to put three signs in a row.

Listen and touch!

Divide the class into two teams. Stick a certain number of flashcards to the board. Ask one pupil from each team to stand in front of the board. Say one of the words presented on the cards on the board. The pupil who touches the correct card first scores one point for his/her team. Repeat with other pupils and cards.

Guess the name

Divide the class into two teams. Ask one pupil from each team to come to the front of the class and stand with their back towards you. Hold up a flashcard, count to three and say *Turn around*. The pupil who turns around first and says the correct word scores one point for his/her team. Repeat with other pupils and cards.

Backs to the board

Divide the class into two teams. One pupil from each team sits with their back to the board. Write a word on the board. Team members describe the word (without saying that word) for them to guess. The first pupil to guess the word wins one point for his or her team. Repeat with other words and different pupils.

CLIL Link

In Unit 1, the story is based around the concept of magnetism from Science.

It is Lottie's first day at Fatma and Sami's school. The teacher is introducing her to her new classmates when a loud noise comes from the ICT classroom, where Sami is having a class. He is fine, but he has created a robot, Bo. Bo has a magnet inside and is attracting all the metallic items that are inside the classroom.

Sorry, I'm not free. I always visit my aunt on Saturdays.
When are you back home?
At half past four.
Do you want to play after that?
Yes! Let's meet at quarter to five in the park.
See you then!

2 C 111 Watch or listen again, read and check. (3 minutes)

• Play the audio or video again. Pupils watch the video or listen and read. Confirm the answer to Activity 1.

English in action

• Draw pupils' attention to the *Say it!* box. Read out the sentences and have pupils repeat as a class. Explain the meanings if necessary.

Extra activity Critical thinking

• Have pupils think of safe places in their town to play together. Ask them to say why they feel safe and point out things they should do if they don't feel safe.

(3) D In pairs, plan your weekend. (5 minutes)

- Draw a simple weekend diary on the board. Have pupils copy it into their notebooks.
- Pupils write down three or four activities, leaving some free spaces in parts of the days.
- 🕸 In pairs, pupils plan to meet up once during the weekend. They write their plans in their diaries.
- Extension Divide pupils into two teams. Repeat the activity with two pupils from each team.

Diversity

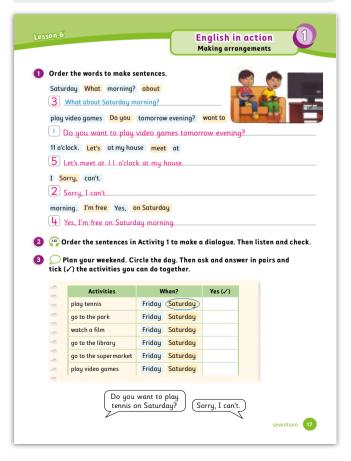

Support

• Write prompts on the board to help pupils, e.g. Do you want to ... on ... (day) in the/at ...?

Challenge

• A Pupils work in small groups and stand in a circle. They repeat the activity and find some free time that works for all of them.

Activity Book

1 Order the words to make sentences. (5 minutes)

• 🕾 Give pupils a few minutes to complete the activity in pairs. Check answers as a class.

2 1.12 Order the sentences in Activity 1 to make a dialogue. Then listen and check. (5 minutes)

• 🕾 Pupils work in pairs to order the sentences into a dialogue. Play the audio for them to check their answers.

1.12

- **Boy 1:** Do you want to play video games tomorrow evening?
- Boy 2: Sorry, I can't.
- **Boy 1**: What about Saturday morning?
- Boy 2: Yes, I'm free on Saturday morning.
- Boy 1: Let's meet at 11 o'clock at my house.

9 Plan your weekend. Circle the day. Then ask and answer in pairs and tick () the activities you can do together. (5 minutes)

Use the Traffic light cards technique (see page 14) to check understanding. Pupils choose the activities they like and when they want to do them. Pupils work in pairs to complete the activity.

Finishing the lesson (5 minutes)

- Ask When might you have to make arrangements in English? (Possible answers: When they have to do a school project together, plan a surprise birthday party, etc.)
- Subset the Summative and thought-provoking questions technique (see page 15) to encourage pupils to think about and discuss notes from their diary on their learning challenges and successes.

Extra activity Photocopiable 25

• Ask pupils to do photocopiable 25.

Skills

Presentation (2 minutes)

- Use the Unit 1 flashcards or poster to revise the vocabulary for this unit.

Practice

Class Book

Reading

- Before you read Look at the title and the pictures. What do you think this text is about? (5 minutes)
 - Before pupils open their books, play *Flash the Picture!* Explain that you will show them a page for less than a second. Display, then cover the page. Pupils answer with a partner. Repeat if necessary.
 - Pupils discuss the question. Ask them what they expect to read about in a diary.

2 1.13 Listen and read. Were you right? (5 minutes)

- Before pupils do the activity, remind them that when they first listen to and read a longer text, they do not need to understand every word. They just have to get the general idea or gist of the text.
- Play the audio once for them to check their answer.
- Ask pupils to say what the text is about (a girl's first day at school).

Skills

1.13

Narrator: Maryam's diary, Saturday 9th October Maryam: I feel worried! Tomorrow is my first day in Grade 4 at a new school. I am changing schools because my dad's got a job in this town. I don't know anyone at my new school. What if nobody talks to me?

3 1.14 Listen and read the rest of the text. (10 minutes)

- Explain that pupils will now listen to and read the rest of the diary entry.
- Pupils read along silently, tracking the words at the speed of the audio. Remind pupils not to worry if they do not understand every word, as long as they get the gist the first time they listen.
- Republic work in small groups with a set of traffic light colours: red, yellow/orange and green. Explain the Traffic light cards technique (see page 14). Pupils read Maryam's diary again highlighting all the parts they understand in green, and leaving all the rest uncoloured.
- A When pupils finish, they work in pairs to explain to each other any words they can, but they must decide which words they don't need to know to understand the overall meaning. This is important to make pupils aware that not every word is necessary for understanding. They should underline these words red. When pupils understand words they have discussed or translated, they colour these words green, or yellow/orange if they are still unsure.
- Circulate, monitoring that pupils are collaborating and working together co-operatively.
- Ask pupils to say what the picture is at the bottom (Maryam's picture for the art class).

1.14

Narrator:	Sunday 10 th October. Morning.
Maryam:	I'm awake early today because I'm so nervous. School starts at quarter past seven. I can walk to school from our new house. I've got my uniform ready: it's on the bed. I've got my pencil case and I've got my breakfast. I think I've got everything. But I'm still worried!
Narrator:	Afternoon.
Maryam:	I'm home! The children are friendly and I've got a new friend, Muna. She's kind and helps me a lot. My teacher, Mrs Zahra, is kind, too.
Narrator:	Monday 11 th October
Maryam:	The Art lesson is great. The Art teacher is really nice. She says I draw very well. And guess what? My picture is on the wall of the Art classroom! I'm so happy. I think this school is going to be OK for me.

Diversity

Support

• 🛞 Ask pupils to work in two groups to track the words in the texts as they listen.

Challenge

• Pupils write a sentence or two about Maryam from the perspective of any or all the people she talks about in her diary: Dad, Muna, Mrs Zahra or another child. The idea is that sentences come from their diaries. Pupils can share these new texts with each other.

G After you read Which sentence best describes the text? Tick (✓). (10 minutes)

• B Pupils work in pairs to tick the correct sentence. Then they write three interesting questions about the diary to ask and answer with a partner.

Extra activity Communication

• Se Ask pupils to write four or five questions to ask Maryam about her new school experience. In pairs, conduct the interview in the roles of a TV, online or radio interviewer and Maryam.

Finishing the lesson (5 minutes)

- Ask What do you like reading? Ask pupils to say how often and where they like to read.
- 🕞 Encourage pupils to reflect on what they found easy and difficult today.

Extra activity Photocopiable 29

• Ask pupils to do photocopiable 29.

Lesson 7

Lesson 7, part 2

Starting the lesson (3 minutes)

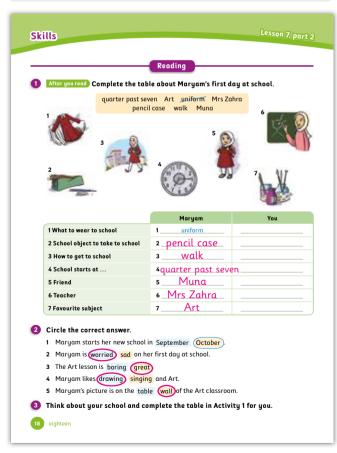

• Ask pupils to tell you the names of all the school subjects they can think of. Ask *Which one is your favourite*?

Presentation (10 minutes)

- Ask pupils to tell you what they can remember about writing a diary. Have pupils say what kinds of things people write about in a diary (things they do, how they feel, etc.).
- Ask pupils to tell you what they can remember about Maryam's diary from the last lesson. They can quickly read it again if necessary. Point out that it is in the present simple.
- Ask Does it use dates and times? (Yes.) Does it talk about what Maryam does at school? (Yes.) Does it talk about how she feels? (Yes.)

Practice

Activity Book

Reading

After you read Complete the table about Maryam's first day at school. (10 minutes)

- Ask pupils to read the categories and look at the matching pictures 1–7. Ask pupils if they think the diary includes information about all these things.
- Check pupils understand that they should only complete the left-hand column of the table for now. They can refer back to the diary in the Class Book to find the information.
- 🕾 Pupils can compare answers in pairs.

2 Circle the correct answer. (5 minutes)

- In Activity 1, pupils found some key words from the diary. Explain that they are now going to look for specific information.
- A Pupils look at page 22 of the Class Book to find the answers. Less able students can work in pairs with more able students to help them find the information if necessary.

3 Think about your school and complete the table in Activity 1 for you. (10 minutes)

- Pupils are now going to use the language they have practised for themselves.
- A Pupils work in pairs to complete the activity.
- Have pupils share their answers with the class. Encourage them to discuss any differences between them, for example, forms of transport, favourite subjects, etc.

Finishing the lesson (2 minutes)

• Some Pupils write down what they achieved in their Learning diary (see page 15), in particular what they learnt about diaries and reading longer texts: *Today I read about ... and I learnt ...*

Skills

Practice

Class Book

Listening

1.15 Look at the pictures. Listen and circle the correct picture. (5 minutes)

- A In pairs, pupils read the questions and then work out all the possible answers using the pictures.
- Now play the audio. Pupils work individually, then check answers in pairs.

1.15	
1 Narrator:	What is Saeed doing after school today?
Anas:	Hi, Saeed.
Saeed:	Hi, Anas.
Anas:	Do you want to play tennis after school today?
Saeed:	Sorry, I can't. I have swimming lessons after school today.
Anas:	OK. See you tomorrow.
Saeed:	Bye.
2 Narrator:	What time is Azza's Quran lesson?
Mum:	Azza, it's nearly time for your Quran lesson. Are you ready to go?
Azza:	Yes, Mum.
Mum:	Have you got your bag?
Azza:	Yes, Mum. I've got it.
Mum:	Your lesson is at quarter past four. Off you go. Hurry up!
Azza:	OK! Bye, Mum.

Speaking

2 Ask and answer about what you do after school. (10 minutes)

- Pupils read the speech bubbles, then write down two or three of the things they do after school before completing the activity in pairs.
- 🕸 Choose some pairs to perform their dialogue for the class.

Diversity

Support

• Pupils listen as you read the dialogue slowly, tracking the words. Ask them to listen and repeat with you. Help them to choose which words they can replace to make a new conversation (the days of the week, the activities).

Challenge

• A Pupils write four sentences about their partner's answers, e.g. ... plays tennis after school on Thursdays, to report to the class. Pupils use the Three facts and a fib technique (see page 15) for the class to spot the fib.

Writing

3 Read the text. What is Ammar's favourite lesson? Tick (✔). (5 minutes)

- Ask pupils to read quickly for gist and to tell you who wrote the text (a pupil called Ammar). Ask them to say what the text is about (Ammar's favourite subject at school).
- Have pupils read again silently and complete the activity individually. Check the answers as a class.
- Have pupils read the Tip box. Ask them to underline examples of capital letters in the text.

Write about your favourite lesson or afterschool activity. (10 minutes)

- Plan: Go through the bullet points as a class. Elicit suitable answers and put notes for these on the board.
- Write: Draw pupils' attention to Ammar's writing in the Class Book and how he expands the sentence stems. Pupils use the word prompts in the box to expand the notes into full sentences. Elicit these orally and write them on the board.
- Check your work: As a class, go over each bullet point and check that the writing on the board contains all the correct elements.

Diversity

Support

• Ask pupils to work in mixed-ability pairs and have them work co-operatively to write about their favourite lesson/after-school activity.

Challenge

• See Pupils interview each other using questions in Activity 4. They add *Tell me another reason why* and write about their partner and read them out for the others to guess who is being described.

Finishing the lesson (3 minutes)

• Tell pupils that they will write their own text about favourite subjects or after-school activities in the next lesson. Ask them to think about what they could write.

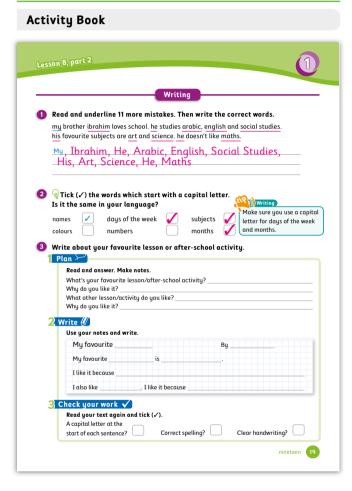

Skills

Practice

Writing

Read and underline 11 more mistakes. Then write the correct words. (5 minutes)

- Refer pupils to Activity Book page 19. Remind pupils of what they learnt about capital letters in the last lesson.
- 🖘 Check pupils understand the task using the Traffic light cards technique (see page 14). Pupils work individually, then in pairs.

- 2 Tick (*) the words which start with a capital letter. Is it the same in your language? (5 minutes)
 - Refer pupils to the Tip box before completing the activity. Check answers as a class.
- Write about your favourite lesson or afterschool activity. (20 minutes)
 - Refer pupils to the Tip box before completing the activity.
 - 2 Use the Think-pair-share technique (see page 15) to discuss the writing plan from the Class Book in the last lesson.
 - Pupils take notes to make plans for their own writing. Walk around monitoring pupils as they take notes and offer help and support.
 - Pupils work individually to expand the sentence stems into full sentences. Walk around monitoring, offering help and support.
 - When they have finished, ask pupils to check their writing by ticking the boxes to show they have done each of these things.
 - 🕸 Using the Two stars and a wish technique (see page 15), pupils read and check each other's work, taking into account the Writing Tip.
 - Encourage pupils to read out their completed work to their classmates.

Diversity

Support

• Ask pupils to work in mixed-ability pairs and have them work co-operatively to produce their individual texts.

Challenge

 See Pupils interview each other using questions in Activity 3, Plan. They add *Tell me another reason* why and write about their partner and read them out for the others to guess who is being described.

Extra activity Critical thinking

• Ask pupils to reflect on what helped them learn today, what stopped them and how to avoid this in the future. Pupils write their answers on slips of paper and give them in. Reflection should be in L1.

Finishing the lesson (5 minutes)

• See Pupils write down what they achieved in their Learning diary (see page 15): *Today I listened to ... and I described ...*

Extra activity Photocopiable 33

• Ask pupils to do photocopiable 33.

Lesson 9

Phonics

Lesson 9

Objectives

- Lesson objectives: to learn a new spelling for the vowel digraph /ai/; to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky words: *bye, my*; to adopt strategies to recognise and read tricky words in sentences
- Target language: -y /ai/: fly, shy, cry, dry, fry
- Tricky words: bye, my

Global Scale of English (GSE)

- **Reading**: Can understand basic factual statements relating to pictures or simple texts (GSE 30).
- Listening: Can identify key information from short audio recordings, if spoken slowly and clearly (GSE 31).
- **Speaking**: Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).

Materials

• optional teacher-made flashcards for the vowel digraph /ai/, with y, ie, igh and i_e spellings

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Beer learning: groupwork; pairwork

Starting the lesson (2 minutes)

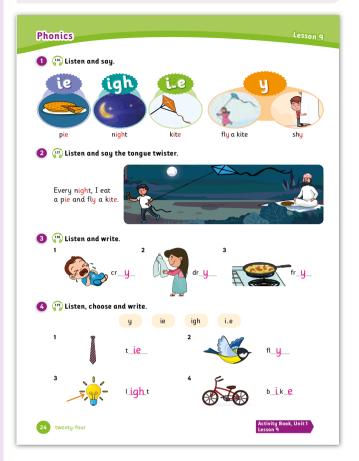

Review the sound /ai/ from Grades 1 and 2. Write the different spellings of the digraph on the board (*ie, igh, i_e*). Point to the letters at random and ask pupils to say the sound. Ask Are they the same or different? (They are the same.)

Presentation (3 minutes)

- Ask pupils if they can remember any words that contain the /ai/ sound. You can invite them up to draw a picture or do a mime to represent the word.
- Write *ie, igh,* and *i_e* on the board. Say words with each spelling, for example *tie, light, bike.* Encourage pupils to point to the correct set of letters each time. If they find this difficult, write the words on the board and ask volunteers to come up and draw a line to the correct set of letters.
- Then write any words from the previous activity which aren't already on the board, and invite pupils to identify the letters in each word that make the /ai/ sound. They can come up and circle the letters, or tell you which letters to choose.
- If pupils find it difficult to remember the different spellings for this digraph, you may wish to use flashcards and games (see page 20) to revise this further.

Practice

Class Book

🚺 🎧 1.16 Listen and say. (5 minutes)

- Look at Activity 1 on page 24 with the class. Focus on the pictures and talk about what the pupils can see. Explain that they might recognise some of these words from earlier levels. Revise the words *pie, night* and *kite* and check understanding. Ask pupils to say what is the same and what is different about them. (They have the same sound but a different spelling.)
- Tell pupils that in this lesson, they will learn a new way to spell the sound /ai/. Point to the graphemes on the page and recap the sound.
- Play the audio. Help pupils to match each sound and word in the audio to a grapheme or picture and to point to the correct object as they hear each word.
- Model the words, emphasising the /ai/ sound each time and ensure this is clear. Encourage pupils to repeat the words, then point to each picture in turn and have them say the words independently.
- Display teacher-made flashcards or the whiteboard to show the four spellings of the /ai/ sound again. Say the words again in a different sequence and ask pupils to point to the correct spelling each time.
- Write the gapped form of the words on the board: fl_, sh_, p_ _, n _ _ _ t, k _ t _. Elicit the missing letters as a class to check understanding.

Phonics

1.16	
ie	pie
igh	night
i_e	kite
y	fly a kite, shy

2 \$\overline\$ 1.17 Listen and say the tongue twister. (5 minutes)

- Write the graphemes *y*, *ie*, *igh* and *i_e* on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the items in the picture that contain these spellings.
- Explain that pupils will hear a tongue twister that relates to the picture and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and ask the pupils to follow the words in the tongue twister as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check understanding by using your flashcards or the whiteboard to show the four different spellings, and asking pupils to say the corresponding word from the tongue twister.
- Repeat the tongue twister as a class until pupils are confident with the language and the pronunciation.

1.17

Every night, I eat a pie and fly a kite.

3 🎧 1.18 Listen and write. (5 minutes)

- Explain that pupils will now learn some more words with the new y spelling for the /ai/ sound.
- Play the audio. Tell pupils to listen and point to each picture in turn.
- Play the audio a second time, pausing after each item for pupils to repeat. Check understanding of each word using mimes or gestures to demonstrate meaning.
- Play the audio a third time and pause for pupils to complete the y ending. You can write fly and shy on the board as a model, and do the first item as an example to show that this is the only letter they need to write to complete the /ai/ sound in these words.
- Republic can check their answers with their partner before you check as a class. You can do this by copying the gapped words on the board and inviting pupils to come up and complete the words.

1.18		
1 cry		
2 dry		
3 fry		

🔮 🎧 1.19 Listen, choose and write. (5 minutes)

- Focus on Activity 4. Point to each of the graphemes in turn for pupils to say, and ensure they are saying the same sound each time. Look at each of the pictures and show that there is a gapped word beside each one. Some of these words (*tie, light, bike*) are revised from earlier grades, so elicit or model the words and check understanding.
- Play the audio for pupils to listen, point and repeat each word.
- Play the audio for item 1 again and ask pupils to choose the correct grapheme from the boxes to complete the word. If they aren't sure, point to each one again in turn and ask for a show of hands for each option. Confirm the answer *ie*.
- Repeat with items 2 to 4, or let pupils work individually.
- Check answers by writing the graphemes on the board or displaying your own flashcards. Ask pupils to say the words for each picture and point to the correct grapheme.

1.19 1 tie 2 fly 3 light 4 bike

Extra activity TPR

- Write *y*, *ie*, *igh* and *i*-*e* on the board. Ask pupils to give you a list of words with each spelling.
- Write *y*, *ie*, *igh* and *i*₋*e* in large letters on four separate pieces of paper, and stick these up in different parts of the classroom.
- Say a word with one of the spellings, e.g. *shy*. Pupils move to stand under the correct piece of paper, or point to it. Check they are correct, then repeat with more words to practise all of the spellings.

Activity Book

1.20 Look and read. Listen and act. (3 minutes)

- Remind pupils that tricky words, which appear frequently in texts, can't be decoded in the same way as other words because not all the letters within these words follow the rules of phonics. Remind them that they should try to memorise tricky words where possible and use phonetic cues, if appropriate, to help them.
- Focus on the words at the top of the page and explain that pupils will learn two new tricky words. Read them out and ask pupils if they rhyme (yes). Ask if they are spelled in the same way (no).
- Look at Activity 1 and see if pupils can recognise or read any of the words in the caption or speech bubbles.
- Play the audio for pupils to listen and follow. Point to the highlighted word each time and model the pronunciation again for pupils to repeat. Show how *my* follows the phonetic rule from part 1 of the lesson, but *bye* has an added e. Encourage pupils to memorise the spelling of this word.
- A Play the audio again, then put pupils in pairs to practise the dialogue. Remind them to swap roles, so they both have a turn at saying the tricky words.
- If time allows, ask one or two pairs to perform their dialogue for the class.

1.20

Girl 1: I see my friend every day.

Girl 2: See you tomorrow.

Girl 1: Bye!

2 1.21 Read and circle. Listen, check and say. (4 minutes)

- Focus on Activity 2 and ask pupils if they can identify any of the items in the picture. If they need prompting, you can point out *tie* and *pie* and ask pupils to repeat.
- Play the audio once all the way through for pupils to listen. Then point out the word options within each line of the rhyme.
- Play the audio again and pause after the first option. Write each of the word options (*me, my, I*) on the board and ask for a show of hands for each option. Confirm the answer *my*, then write the complete sentence on the board for pupils to repeat. Ask pupils to circle the correct word within the sentence in their books.
- Repeat this process for the second and third sentences, or let pupils work individually to choose and circle the correct word each time.
- Check answers, then play the audio in full again for pupils to repeat. Encourage them to mime waving for Bye!

1.21	
Boy:	Hello.
	This is my tie.
	This is my pie.
	Bye!

3 1.22 Look, listen and write. Say. (5 minutes)

- Look at Activity 3 with the class. First, look at the pictures. Discuss what pupils can see and what they think is happening.
- Then point out the words in the word box and elicit each one from the class. You can discuss what pupils notice about them (they rhyme but are spelled in different ways). Explain that one word is repeated in the box as it will be used in two gaps.
- Play the audio for the first picture. First play it for pupils to listen, then play it again and see if they can repeat.
- Focus on the word box and ask pupils to find the word for the first gap (*night*). Pupils point to the word then write it in the gap.
- For the second gap, elicit the word *bye*. Challenge pupils to say how it needs to change in order to complete the gap accurately (it needs an upper-case letter). Allow time for pupils to write the word.

Phonics

- Repeat the process for the second picture. Pause after each gap if necessary. Remind pupils to look at the picture carefully and use the colours to help them identify each item.
- Check answers by eliciting the correct word from the class, then play the audio all the way through for pupils to listen again and repeat.
- Finally, ask pupils to take turns reading out the captions for each picture.

1.22	
1 Girl: Grandma:	See you tomorrow night, Grandma! Bye!
2 Boy:	This is my red kite and this is my blue bike.

Finishing the lesson (3 minutes)

- Write a rhyme similar to the one in Activity 2 on the board. You can use different items that revise the /ai/ sound from part 1 of the lesson, or draw pictures of these for pupils to supply the word. Leave gaps for *my* and *bye*.
- Ask pupils to read out the complete rhyme, with the gaps completed.
- 😂 Then put them into pairs for them to act out the mime with gestures for *Hello* and *Bye*.

Practice

Class Book

🚺 🎯 Look, read and write. (10 minutes)

- Tell pupils that this is the A1 Movers Reading and Writing Part 6 test.
- Tell pupils that this is a practice test and they shouldn't be nervous about completing it.
- 🕾 Pupils complete the sentences individually and then check with a partner.

- 🚍 Check answers using the Lollipop stick technique (see page 14). Pupils can write the answers on the board for the class to check.
- A Pupils work in pairs. They write two or three sentences about the picture. Suggest pupils focus on what the children and the women are wearing, what the man is doing, what the children have got, what transport they can see, and so on.
- Extension E Pupils use the Three facts and a fib technique (see page 15) to write sentences about the picture. The rest of the class says which sentence isn't true.

2 6 (1.24 Listen and write about Ruba. There is one example. (10 minutes)

- Tell pupils that this is the A1 Listening Part 2 test. Have pupils focus on the Exam tip box and read it aloud. Explain that pupils should listen carefully for key words and then only write one-word answers.
- Read the items aloud and check comprehension. Elicit possible answers to the items. (1Maths, Science, Art; 2 football, tennis, basketball, video games; 3 once, twice, three times, four times; 4 to the cinema, the park, a mall ...)
- Play the audio. Pupils listen and write the answers in the correct places. Play the audio again for pupils to check their answers. Correct as a class.

Diversity

Support

• Play the audio for Activity 2 but pause it after each item. Allow pupils extra time to write down the answers.

Challenge

• Real Ask pupils to look at Activity 2. In pairs, they ask and answer questions, e.g. What does Ruba like? What's her favourite subject?etc. Alternatively, pupils can ask each other about themselves, e.g. What's your favourite subject? What do you do after school? and so on.

Activity Book

Do! OREAD THE TEXT. Choose the right words and write them on the lines. (8 minutes)

- Tell pupils that this is the A1 Movers Reading and Writing Part 4 test.

Practice

Class Book

🚺 Play and say. (10 minutes)

- Se Put pupils into pairs or groups of three or four. Each pair or group will need a spinner and colour tokens.
- Explain the game to pupils. They take it in turns to spin the spinner. They then move forward to the number on the spinner. For example, if they spin one, they move onto square one. If they then spin four, they move onto square five, and so on.
- Pupils then read the prompt on the square. If they answer correctly, they stay on that square until their next go. If they get it wrong, they stay on the square that they were on before. Note that on some squares, they can move forward or back depending on the instructions.
- Other pupils in the pair or group decide if the answer is wrong or correct. Help pupils with the answers they are not sure of.
- The first pupil to reach the final square is the winner.

Diversity

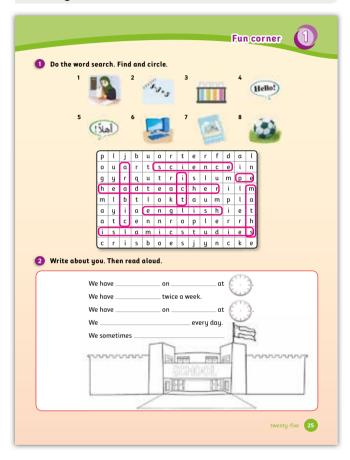

Challenge

• Repupils write a new sentence or question in the same style as the game, and ask their partner/group to answer it.

Extra activity TPR

- Go around and monitor while they work and offer help and support.
- 🕸 When they have finished, pupils take it in turns to read their work to their partners.
- Ask a few pupils to read their sentences aloud.

Extra activity Fast finishers

• Ask pupils to answer the question *What time do you have dinner*? for themselves.

Finishing the lesson (5 minutes)

• Solution Use the Summative and thought-provoking questions technique (see page 15) to ask what pupils have learnt today. Ask *Did you enjoy the lesson*?

CLIL Link

In Unit 2, the story is based around the concept of where food comes from, from Science.

- Check comprehension with questions. Ask What is in the recipe? (Pasta, tomatoes, water, olive oil.); How many people is it for? (Two.); What do you do before you put the pasta into the tomato sauce? (You cook the pasta in hot water.)
- Discuss the model text with pupils. Ask them what type of text it is (a recipe) and what recipes are (a set of instructions which tell you how to cook something).
- Have pupils read the Tip box. Ask them to circle examples of the words in the text. Explain that we use these words to show the order in which something is done.

🕑 Write a recipe. (5 minutes)

- Plan: Go through the bullet points as a class. Pupils then work individually to answer the questions. Elicit the answers and write them on the board..
- Write: Draw pupils' attention to the recipe. Ask pupils to notice how each sentence is expanded upon in the recipe. Pupils work individually, using the sentence stems in the box, to write full sentences about how to make their recipe. Walk around the class monitoring pupils. Then choose one pupil and elicit their sentences orally and write them on the board.
- Check your work: As a class, go over each bullet point and check that the writing on the board contains all the correct elements.

Finishing the lesson (3 minutes)

- Write the words *last, first, then* and *after that* on the board and ask pupils to put them in the correct order.
- Ask pupils if they think cooking is easy or difficult and if they enjoy cooking.

Lesson 8

Skills

Lesson 8, part 2

Starting the lesson (5 minutes)

• Ask pupils to say which words they found difficult to learn in the last lesson and what methods they use to learn them.

Presentation (2 minutes)

- 🕾 Use the Think-pair-share technique (see page 15) to discuss the writing plan for a recipe from the Class Book in the last lesson.

Practice

Writing

Order the steps of the recipe. Then complete. (5 minutes)

- Refer pupils to page 33 of the Activity Book. Remind pupils of what they learnt about the words we use to explain the order of how to do something.
- Check pupils understand the task using the Traffic light cards technique (see page 14). Pupils work individually and then compare answers in pairs.

2 Plan and write a recipe. (25 minutes)

- Pupils answer the questions in order to plan for their own writing. Walk around the class monitoring pupils as they take notes and offer help and support.
- Refer pupils to the Writing Tip before completing the activity.
- Pupils work individually to expand the sentence stems into full sentences. Walk around the class monitoring pupils, offering help and support.
- When they have finished, ask pupils to check their writing by ticking the boxes to show they have done each of these things.
- 🕾 Using the Two stars and a wish technique (see page 15), pupils read and check each other's work, taking into account the Writing Tip.
- Encourage pupils to read out their completed work to their classmates.

Extra activity Critical thinking

 Ask Is your recipe healthy? Is it good for you? Why/Why not? Can you make a healthier option? Pupils think about the answers and tell a partner or the class. Encourage a class discussion on the benefits of cooking at home and the possible problems of ready/pre-prepared meals or takeaway meals.

Finishing the lesson (3 minutes)

• Subset the Summative and thought-provoking questions technique (see page 15) to ask pupils about what they have learnt today. Ask if they plan to make their recipes at home.

Extra activity Photocopiable 34

• Ask pupils to do photocopiable 34.

Phonics

Lesson 9

Objectives

- Lesson objectives: to learn a new spelling for the vowel digraph *ow*; to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky word: *any*; to adopt strategies to recognise and read tricky words in sentences
- Target words: ow /əʊ/: snow, blow, grow, slow, bow
- Tricky word: any

Global Scale of English (GSE)

- Listening: Can identify key information from short audio recordings, if spoken slowly and clearly (GSE 31).
- **Speaking:** Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).

Materials

- optional teacher-made flashcards for the vowel digraph /əʊ/, with *ow, oa*, and *o_e* spellings
- optional teacher-made flashcards for tricky word: any

Assessment for Learning (formative assessment)

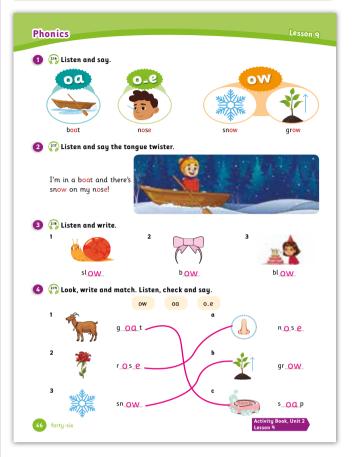

- Setting aims and criteria: lesson objectives presentation
- Peer learning: groupwork; pairwork

Starting the lesson (5 minutes)

- Review the sound /əu/ from Grade 2. Write the different spellings of the digraph on the board (*oa*, *o_e*). Point to the letters at random and ask pupils to say the sound. Ask *Are they the same or different*? (The same.)
- Ask pupils if they can remember any words that contain the /əʊ/ sound. You can invite them up to draw a picture or do a mime to represent the word.
- Write oa and o_e on the board. Say words with each spelling, for example goat, rose. Encourage pupils to point to the correct set of letters each time. If they find this difficult, write the words on the board and ask volunteers to come up and draw a line to the correct set of letters.
- Then write any words from the previous activity which aren't already on the board, and invite pupils to identify the letters in each word that make the /əu/ sound. They can come up and circle the letters, or tell you which letters to choose.
- If pupils find it difficult to remember the different spellings for this digraph, you may wish to use flashcards and games to revise this further.

Presentation

1 🞧 2.16 Listen and say. (5 minutes)

- Look at Activity 1 on page 46 with the class. Focus on the pictures and talk about what the pupils can see. Explain that they might recognise some of these words from earlier levels. Revise the words *boat* and *nose* and check understanding. Ask pupils to say what is the same and what is different about them. (They have the same sound but a different spelling.)
- Tell pupils that in this lesson they will learn a new way to spell the sound /ou/. Point to the digraphs on the page and recap the sound.
- Play the audio. Help pupils to match each sound and word in the audio to a grapheme or picture and to point to the correct object as they hear each word.
- Model the words, emphasising the /əʊ/ sound each time and ensure this is clear. Encourage pupils to repeat the words, then point to each picture in turn and have them say the words independently.
- Display teacher-made flashcards or the whiteboard to show the three spellings of the /əʊ/ sound again.
- Say the words again in a different sequence and ask pupils to point to the correct spelling each time.

Phonics

• Write the gapped form of the words on the board: *sn__, gr__, b__ t, n_ s_*. Elicit the missing letters as a class to check understanding.

2.16		
oa	boat	
0-e	nose	
ow	snow, grow	

Practice

2 🎧 2.17 Listen and say the tongue twister. (5 minutes)

- Write the digraphs ow, oa and o_e on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the items in the picture that contain these spellings.
- Explain that pupils will hear a tongue twister and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and ask the pupils to follow the words in the tongue twister as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check understanding by using your flashcards or the whiteboard to show the three different spellings and asking pupils to say the corresponding word from the tongue twister.
- Repeat the tongue twister as a class until pupils are confident with the language and pronunciation.

2.17

I'm in a boat and there's snow on my nose!

3 2.18 Listen and write. (5 minutes)

- Explain that pupils will now learn some more words with the new ow spelling for the /əʊ/ sound.
- Play the audio. Tell pupils to listen and point to each picture in turn.
- Play the audio a second time, pausing after each item for pupils to repeat. Check understanding of each word using mimes or gestures to demonstrate meaning.
- Play the audio a third time and pause for pupils to complete the ow ending.
- 🕮 Pupils can check their answers with their partner before you check as a class. You can do this by copying the gapped words on the board and inviting pupils to come up and complete the words.

2.18	
1 slow	
2 bow	
3 blow	

🙆 🞧 2.19 Look, write and match. Listen, check and **say**. (5 minutes)

- Focus on Activity 4. Point to each of the graphemes in turn for pupils to say, and ensure they are saying the same sound each time. Look at each of the pictures and show that there is a gapped word beside each one. Some of these words (goat, rose, soap) are revised from earlier grades, so elicit or model the words and check understanding.
- Play the audio for children to listen, point and repeat each word.
- Play the audio for item 1 again and ask pupils to choose the correct grapheme from the boxes to complete the word. If they aren't sure, point to each one again in turn and ask for a show of hands for each option. Confirm the answer oa.
- Now point out that the items are in two columns, with a matching spelling on each side. Focus on the first item *qoat*. Ask pupils to look and find the word with the same spelling in items a-c. Confirm the answer soap, and have pupils draw a line to match.
- Repeat with items 2 and 3, or let pupils work individually.
- Play the audio to check answers.

2.19

- 1 goat, soap
- 2 rose, nose
- 3 snow, grow

Extra activity TPR

- Write ow, oa and o_e on the board. Ask pupils to give you a list of words with each spelling.
- Write ow, oa and o_e in large letters on four separate pieces of paper, and stick these up in different parts of the classroom.
- Say a word with one of the spellings, e.g. snow. Pupils move to stand under the correct piece of paper, or point to it. Check they are correct, then repeat with more words to practise all of the spellings.

Activity Book

1 2.20 Listen and repeat. Then tick (*), ask and answer. (3 minutes)

- Seast by revising the tricky words that pupils covered in Unit 1 (*bye, my*). You can make flashcards of each word to elicit the form orally as a class. Then write sentences containing each word and invite volunteers to read them out. Pupils can mime saying *Hello!* and *Bye!* in pairs.
- Look at Activity 1 and see if pupils can identify any of the items in the pictures. Then ask pupils if they can recognise or read any of the words in the questions or answers. You can recap tricky words from earlier grades, there, are and no. Model these words for pupils to repeat.

- Play the audio for pupils to listen and follow. Point to the red word each time and model the pronunciation again for pupils to repeat.
- Ask pupils to listen again and look at the pictures more closely to see why each answer is given.
 Confirm that there is lemonade, but there aren't any cakes. Pupils tick the correct answer for each picture.
- A Play the audio again, then put pupils in pairs to practise each question and the correct answer. Remind them to swap roles so they both have a turn at saying the tricky word.
- 🕾 If time allows, ask one or two pairs to perform their dialogues for the class.

2.20

- 1 Boy 1: Is there any lemonade? Boy 2: Yes, there is.
- 2 Girl 1: Are there any cakes? Girl 2: No, there aren't.

2 2.21 Listen and write. Look, circle and say. (5 minutes)

- Focus on item 1 in Activity 2. Allow time for pupils to look at the picture and discuss what they can see.
- Then focus on the gapped question and the two answer options. Check pupils understand what they have to do, then play the audio for the question in item 1, pausing before the answer is given.
- Pupils listen and complete the question. If necessary, remind them that they can use the word at the top of the page for support in spelling.
- Ask pupils to look carefully at the picture again and see if they can predict the correct answer. Then play the audio to confirm the answer (*Yes, there is.*). Allow time for pupils to circle this answer.
- Repeat this process for the second and third items, or let pupils work individually to choose and circle the correct word each time.
- Check answers, then play the audio again for pupils to listen and repeat.
- 🛞 Finally, let pupils practise asking and answering the questions in pairs. Remind them to swap roles.

2.21

-	Is there any snow? Yes, there is.
	Are there any roses? Yes, there are.
	Are there any boats? No, there aren't.

Phonics

3 2.22 Listen, write and say. (4 minutes)

- Look at Activity 3 with the class. First, look at the picture. Discuss with pupils what they can see and what they think is happening. You can ask prompt questions such as *Can you see any salad? Can you see any apples? (No.)*
- Play the audio all the way through for pupils to listen. Then ask pupils to complete the sentences, either using the audio for support and pausing as necessary, or letting the pupils work independently.
- Check answers by eliciting the correct sentences from the class, then play the audio all the way through for pupils to listen again.
- You can ask pupils to take turns reading out the complete text.

2.22

Boy: There isn't any salad. There aren't any apples. There isn't any milk. There aren't any eggs. Let's go shopping!

Finishing the lesson (3 minutes)

• Invite pupils to draw and label a further picture, similar to the one in Activity 3, e.g. an empty plate with 'There aren't any cakes.' They can write a caption under it and finish with *Let's go shopping!* Remind them to look back through the unit for different food types.

- Tell pupils that they will practise the A1 Movers Reading and Writing Part 2 test.
- Tell pupils that this is a practice test and they shouldn't be nervous about completing it. Have pupils focus on the Exam tip box and read it aloud. Explain that pupils should read each option carefully, saying them in their heads to see which one sounds correct. Ask Why is it important to read the options carefully?
- Elicit what pupils can see in the picture (*a boy and his dad*).
- Repupils complete the activity individually and use the Hands up/down technique (see page 14) to express how they feel.
- A Have pupils read the dialogues aloud in pairs to check the answers. Discuss any problems and elicit corrections for the mistakes pupils might have made.
- Which picture is different? Why? Tick (*) and say. (10 minutes)
 - Tell pupils that they will practise the A1 Movers Speaking Part 3 test.
 - Pupils look at the pictures. Ask What's this? Is it a fruit or a vegetable? Do you eat it or drink it?

- A Place pupils in pairs. Pupils look at the items. They decide which one is the odd one out in each row and say why.
- When pupils have finished, check answers around the class.

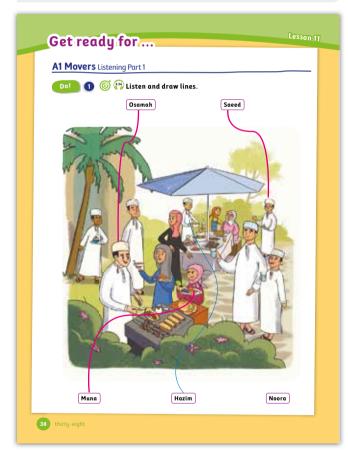

Answer key 1 B The carrot is different because it's a vegetable, not a fruit. 2 C The bread is different because you eat it, you don't drink it. 3 B The cupcake is different because it's sweet, not savoury.

Diversity

Challenge

- Tell pupils that this is the A1 Movers Listening Part 1 test.
- Tell pupils to look at the picture to try to predict the vocabulary.

1 Boy:	Look, Uncle Ahmed. My friends are here for my birthday.
Man:	Oh, yes. That's fantastic. Who's the boy with the bowl of crisps?
Boy: Man:	That's Hazim. He's my best friend. OK.
2 Man: Boy: Man:	The girl with the bowl of fruit. Is that Noora? Which girl? I can't see her. She's got an apple in one hand.
Boy:	Oh, I can see her now. No, that's my sister Muna.
Man:	Oh, OK.
3 Man:	I know that boy. There's a cupcake on his plate.
Boy:	Do you mean the boy with the glass of orange juice?
Man: Boy:	Yes. His name is Saeed, isn't it? Yes, Uncle Ahmed. I play football with Saeed
Man:	every Saturday. Yes, I remember.
4 Man:	Look at that man! He's got lots of sandwiches.
Boy:	Where?
Man:	He's at the table, next to the pink flowers.
Boy:	Oh yes, that's Hazim's father, Osamah. He likes making food. There are a lot of sandwiches for everybody.
Man:	Great. I love sandwiches!

Extra activity Collaborative work

• B Divide the class into groups to discuss what they liked about the unit. Write a list of things on the board to help them: opening picture, vocabulary activities, story, listening activities, culture page, English in action, phonics, review page. Pupils write down what they liked best on a piece of paper and, using the Expert envoy technique (see page 15), the envoy reports back to the class.

Finishing the lesson (5 minutes)

- Ask How did you get on in Unit 2? What did you like best? Which words were the most difficult to remember? Did you understand the grammar?
- Set the Thought-provoking questions technique (see page 15) to ask how successful pupils' learning is so far and, on a scale of 1–5, have them rate how much they enjoyed this unit.

Shared reading Unit 2

• Focus a lesson on shared reading with the class. Follow procedures as set out in the Teacher's Book Introduction (see page 17).

Unit 2 practice

• Pupils now complete the Unit 2 practice. Give pupils support where necessary and focus time on areas where pupils commonly needed extra help. Praise pupils for their hard work.

Optional lesson

Objectives

- Lesson objectives: to revise unit language with fun tasks
- Target language: revision of unit language

Global Scale of English (GSE)

- **Speaking:** Can order food and drink, using simple language (GSE 34).
- **Reading**: Can recognise simple words and phrases related to familiar topics if supported by pictures (GSE 38).
- Writing: Can write some familiar words (GSE 20). Can write simple sentences about familiar things, given prompts as a model (GSE 32).

Materials

- Unit 2 flashcards (food and drink; food containers)
- number spinner and colour tokens for the game

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation; Key question technique (see page 14)
- Monitoring pupils' learning: Lollipop stick technique (see page 14)
- Reer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 15)

Starting the lesson (3 minutes)

- Brainstorm all the topics, language and themes of the unit with the class. Use the Unit 2 flashcards as prompts.
- 🕽 Using the Lollipop stick technique (see page 14), ask pupils to say which part of the unit they most enjoyed and why.

Presentation (2 minutes)

- Ask pupils if it is important to follow rules when you play a game (yes) and remind them that they should take turns and share objects when they are playing.

Practice

Class Book

1 Write, play and say. (15 minutes)

- A Put pupils into pairs or groups of between two and five pupils. Each pair or group will need a spinner and colour tokens.
- Explain the game to pupils. First, all the players look at the items of food in the pictures. Then they make a list of only six of these items that they would want to buy at the shops.
- They take it in turns to spin the spinner. They then move forward to the number on the spinner. For example, if they spin one, they move onto square one. If they then spin four, they move onto square five, and so on.
- The idea of the game is to land on all the items on their shopping list. When they land on one of the items on their list, they can ask *Can I have (the salad), please?* and tick this off on their list.
- The first pupil to get all six of the items on their list can then keep spinning until they get to the checkout. The first pupil to the checkout is the winner.
- Pupils who do not have all six items must keep moving around the board until they do.
- Walk around the class monitoring pupils and help with any queries.

Extra activity TPR

- Explain that you will ask for an item of food or drink, but some of them will not be in the pictures in the game.
- When pupils hear an item that is not in the pictures, they have to clap their hands and say *NO*!

Activity Book

6 In picture A, there are three sandwiches. In picture B, there is one sandwich.

- Check their answers as a class.

Extra activity Fast finishers

- Ask pupils to write additional items that they can add to their healthy shopping list.
- Alternatively, ask pupils to list items that are not healthy!

2 Find and circle six differences. (5 minutes)

- Explain that the two pictures are similar, but not the same. They need to find and circle the differences between them.
- 🕸 Pupils complete the activity in pairs.

Nature reserves in Oman

There are a lot of beautiful nature reserves in Oman and they are all very different. Let's look at three of them.

Daymaniyat Islands

These are nine islands off the coast between A'seeb and Barka. They are a marine reserve. This means that the fish, sharks, whales and dolphins are safe in the sea around the islands. You can't visit the islands from May to October. That's because turtles lay their eggs on their beautiful beaches.

Jabal Samhan

This nature reserve is in some of the highest mountains of Dhofar. There are great views of the sea from the top! Lots of animals live here, such as gazelles, wolves and ibex. Did you know that one of the world's rarest animals also lives here? It's called the Arabian leopard.

Khawr Ruri

Khawr Ruri is the largest reserve in Dhofar. The Khawr lagoon is an important nature reserve where many fish, birds and plants can live. Tourists love seeing the ruins of the old city of Samharam here.

Which nature reserve do you most want to visit?

- optional teacher-made flashcards for the vowel digraph /ei/, with ei, eigh, ay, ai and a_e spellings
- optional teacher-made flashcards for tricky words: *Mr*, *Mrs*

Assessment for Learning (formative assessment)

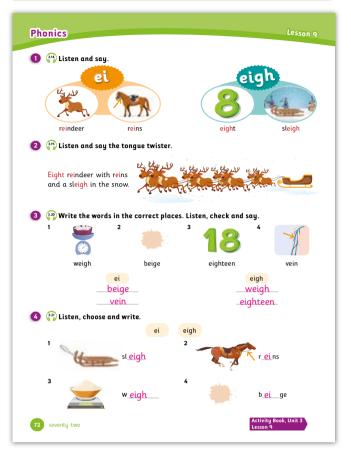

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Hands up/down technique (see page 14)
- Peer learning: pairwork; groupwork

Starting the lesson (5 minutes)

- Review the sound /ei/ from Grades 1 and 2. You can make flashcards to show an image and the word, or use an image to elicit the word from the class, e.g. *cake, train, hay.*
- Write *ay*, *ai* and *a_e* on the board. Say more words with each spelling, for example *play*, *rain*, *game*. Encourage pupils to point to the correct set of letters each time. If they find this difficult, write the words on the board and ask volunteers to come up and draw a line to the correct set of letters. Invite pupils to identify the letters in each word that make the /ei/ sound. They can come up and circle the letters, or tell you which letters to choose.
- For each spelling, challenge pupils to think of another word with the same spelling for the sound /ei/. If they find this difficult, they can give a word with the same sound, using any of the spellings. You can invite them up to draw a picture or do a mime to represent the word.
- If pupils find it difficult to remember the different spellings for this digraph, you may wish to use flashcards and games (see page 20) to revise this further.

Presentation

1 🎧 3.18 Listen and say. (5 minutes)

- Look at Activity 1 on page 72 with the class. Focus on the pictures and talk about what the pupils can see.
- Tell pupils that in this lesson, they will learn a new way to spell the sound /ei/. Point to the vowel digraphs on the page and model the sound /ei/.
- Play the audio. Help pupils to match each sound and word in the audio to a digraph or picture and to point to the correct object as they hear each word.
- Model the words, emphasising the /ei/ sound each time and ensure this is clear. Encourage pupils to repeat the words, then point to each picture in turn and have them say the words independently.
- Display teacher-made flashcards or use the whiteboard to show the two new spellings of the /ei/ sound again. Say the words again in a different sequence and ask pupils to point to the correct spelling each time. You may like to explain that the letters *gh* are silent in this spelling, and elicit other words where this is the case, e.g. *night, light, bright.*
- Write the gapped form of the words on the board:
 r__ndeer, r__ns, ___t, sl___. Elicit the missing letters as a class to check understanding.

2 🎧 3.19 Listen and say the tongue twister.

(5 minutes)

- Write the digraphs *ei* and *eigh* on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the items in the picture that contain these spellings.
- Explain that pupils will hear a tongue twister and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and ask the pupils to follow the words in the tongue twister as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check understanding by using your flashcards or the whiteboard to show the two new spellings of the /ei/ sound, and asking pupils to say the corresponding word from the tongue twister.
- Repeat the tongue twister as a class until pupils are confident with the language and the pronunciation.

3.19

Eight reindeer with reins and a sleigh in the snow.

3.20 Write the words in the correct places. Listen, check and say. (5 minutes)

- Focus on the pictures in Activity 3. Talk about what pupils can see and check understanding of each image. Then point out the two boxes underneath the pictures, with *ei* and *eigh* as headings. Check pupils understand that they need to look at the spelling carefully and match each word to the correct box.
- Allow time for them to study the spellings and match the words, writing them under the correct heading.
- Then play the audio all the way through for pupils to listen to the pronunciation of each word and check their answers.
- Play the audio again for pupils to listen and repeat each word, then write each spelling (*ei, eigh*) on the board and ask pupils to say the words for each spelling. If they are confident, you can extend this by bringing in the words from Activity 1 as well.

3.20

ei beige, vein

eigh weigh, eighteen

3.21 Listen, choose and write. (5 minutes)

- Focus on Activity 4. Point to each of the digraphs in turn for pupils to say, and ensure they are saying the same sound each time. Look at each of the pictures and show that there is a gapped word beside each one. Point out that all of these words are covered in the preceding activities.
- Play the audio for pupils to listen, point and repeat each word.

- Replay the audio for item 1 again and ask pupils to choose the correct digraph from the boxes to complete the word. If they aren't sure, point to each one again in turn and ask for a show of hands for each option using the Hands up/down technique (see page 14). Confirm the answer *eigh*.
- Repeat with items 2 to 4, or let pupils work individually.
- Check answers by writing the digraphs on the board or displaying your own flashcards. Ask pupils to say the words for each picture and point to the correct grapheme.
- E Focus on the two new spellings, *ei* and *eigh*. Ask pupils to draw a picture that shows one word with each spelling, e.g. *eight reindeer*, *eighteen sleighs*. They can write a caption for their picture and compare with a partner.

Extra activity Collaborative work

- Use the flashcards or the board to display *ei, eigh, ai, a_e* and *ay.*
- Say a word with one of the spellings, e.g. *hay*. Pupils point to the correct letters. When they answer correctly, ask them to say another word with this spelling. Check they are correct, then repeat with more words to practise all of the spellings.
- Se Focus on the two new spellings, *ei* and *eigh*. You could ask pupils to draw a picture that shows one word with each spelling, e.g. *eight reindeer, eighteen sleighs*. They can write a caption for their picture and compare these with a partner.

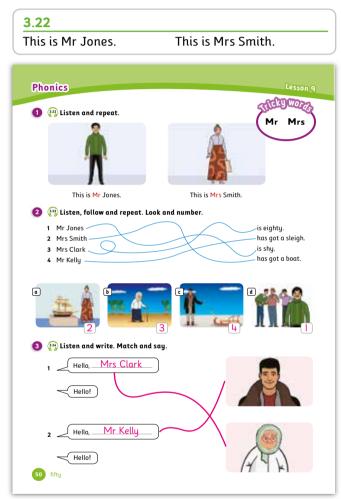

Activity Book

1 🞧 3.22 Listen and repeat. (3 minutes)

- Start by revising the tricky words that pupils have covered in Units 1 and 2 (*my*, *bye*, *any*). You can make flashcards of each word to elicit them orally as a class. Then write sentences containing each word and invite volunteers to read them out.
- Look at page 50 with the class. Focus on the words at the top of the page and explain that pupils will learn two new tricky words. Read them out and ask pupils to identify any phonemes that match the spelling (*m* in *Mr*, *m* and *s* in *Mrs*).
- Look at Activity 1 and see if pupils can recognise or read any of the words in the captions.
- Play the audio for pupils to listen and follow. Point to the red word each time and model the pronunciation again for pupils to repeat. Explain that these words are abbreviations that are commonly used in English to refer to men and women, preceding their surnames. It is a formal way of addressing adults.

The sound is different from the spelling because some of the letters in the abbreviated form are missed out. You may like to show the full forms (*mister*, *missus*), but these aren't used in written English. Encourage pupils to memorise the spelling of these abbreviations.

- A Play the audio again, then put pupils in pairs to practise saying the sentences. Remind them to swap roles so they both have a turn at saying each of the tricky words.
- 🖧 If time allows, ask one or two pairs to say their sentences aloud for the class.

2 3.23 Listen, follow and repeat. Look and number. (4 minutes)

- Focus on Activity 2. Ask pupils to quickly look at each of the pictures in turn and think about what they can see. Can they find Mr Jones and Mrs Smith from Activity 1?
- Then focus on the sentence halves above. Work through the first item as a class without the audio. Read out *Mr Jones*, then ask pupils to follow the line with their finger and read out the ending as a class, *is shy.*
- Pupils look at the pictures again and choose which one matches the sentence. Check they recognise Mr Jones, and recap the word *shy* from Unit 1.

- Play the audio to confirm item 1 and ask pupils to repeat. Then play the rest of the audio, pausing for pupils to follow the lines and complete the full sentences.
- Next, allow time for pupils to look and number the pictures.
- Check answers by dividing the class in half. For each item, ask one half to read out the sentence, and the other half to say the correct letter for the picture.

3.23

1 Mr Jones is shy.	2 Mrs Smith has got a boat.
3 Mrs Clark is eighty.	4 Mr Kelly has got a sleigh.

- 3.24 Listen and write. Match and say. (5 minutes)
 - Look at Activity 3 with the class. Explain that in this section, pupils will practise writing the tricky words in full names.
 - First, look at the pictures. Discuss with pupils what they can see and ask if they recognise any of the characters from Activity 2.
 - Play the audio for the first picture. Model both words, *Mr* and *Mrs*, then ask pupils which one they heard in the audio. Confirm the answer *Mrs*, then ask pupils to write the word on the line to complete the sentence.
 - Next, ask pupils to look at the pictures and draw a line to the correct character.
 - Repeat the process for item 2.
 - A When they have completed the writing and matching, model the full exchanges for the class to repeat as they point at the pictures. Then have pupils repeat the dialogues in pairs. Remind them to swap roles so they both practise saying the tricky words.

3.24	
1 Girl:	Hello, Mrs Clark!
Older lady:	Hello!
2 Boy:	Hello, Mr Kelly!
Man:	Hello!

Finishing the lesson (3 minutes)

• Use the pictures from Activity 2 for a game of *Picture* dictation (see page 19). Say sentences, e.g. *I'm Mrs Smith. I've got a boat. I'm Mr Kelly. I've got a sleigh.* Pupils listen and draw the correct characters and objects, using the correct colour for each speaker.

1 Play and say. (20 minutes)

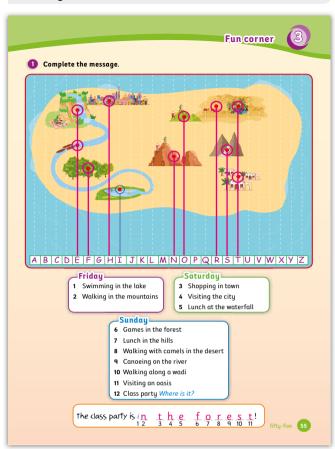

- 🕾 Put pupils into pairs or groups of between two and five pupils. Each pair or group will need a spinner and colour tokens.
- Explain the game to pupils. They take it in turns to spin the spinner. They then move forward to the number on the spinner. For example, if they spin one, they move onto square one. If they then spin four, they move onto square five, and so on.
- Pupils then read out and follow the instructions on the square.
- The first pupil to get to the last square is the winner.
- Walk around the class monitoring pupils and help with any queries.

Extra activity TPR

- Explain that you will read out instructions from the game, but some of them will include a mistake (for example, *The waterfall is small. Go forward to the island.*)
- When pupils hear a mistake, they have to clap their hands and say STOP!

Activity Book

Ocomplete the message. (10 minutes)

- Ask pupils to look at the picture and have them identify some of the landscape features and activities they can see.
- Explain the task to pupils. First, pupils read each sentence. They then find the picture to match each sentence. When they have found the corresponding picture, they trace a line from the red dot on the picture to a letter in the alphabet below using the dotted lines. Once they have found that letter, they write it on the line in the correct place.
- Explain that the aim of the task is to work out the secret message and find the location of the class party.
- Use the Traffic light cards technique (see page 14) to check pupils understand the task.
- 🕮 Pupils can work in pairs.
- Walk around the class monitoring pupils and help with any queries.

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Peer learning: pairwork; groupwork

Lesson 1, option A

Starting the lesson (5 minutes)

- Explain that the next story is about a visit to the mountains. Revise the Unit 3 vocabulary using the Unit 3 flashcards (landscapes) or poster.
- Ask pupils if they like going to the mountains and what they can do there.

Presentation (5 minutes)

- Look at page 76 with the class. Ask pupils what they can see. Read the story title *The Boat Race* and ask pupils what they think the story will be about. Remind them that they have already learnt about camel races and dhow races.

Before reading (3 minutes)

• Prepare pupils for some of the key words and phrases in the story: wide, deep, quick, wet, move, try hard, watch out! (a warning), hooray! (what you can say when you are pleased about something), at the front. Check that pupils understand them.

During reading (15 minutes)

Class Book

Graded reader 1

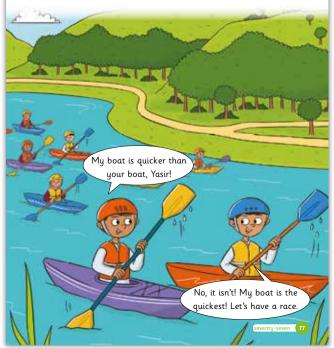

The Boat Race

Today is a special day for the class. They are on a river in the mountains and they all have boats. Mrs Aseel has the longest boat. She is telling the children about the river and the mountains.

Graded reader 1 (3)

The river is wide and deep and the mountains are high. The eight children are very happy. They are moving on the river in their boats. Qais and Yasir are at the front.

Graded reader 1

Qais and Yasir move in their boats. Then Yasir sees a hill.

Graded reader 1 3

Qais is trying very hard, but Yasir's boat is the quickest. Then Qais sees a waterfall.

Graded readers 1 and 2

- Begin reading the story to the pupils. As before, look at the pupils while you read and keep a good pace. Give time for the pupils to enjoy the story, pausing to allow them to predict what might happen next. Read expressively, changing your voice for different characters, and use facial expressions and different volume levels when appropriate. Ensure that pupils look at the pictures to help them understand the story and be sure to point to relevant parts of the picture as you read.
- Pause at the end of each page and take time to ask questions to check understanding and then encourage pupils to make predictions about what they think will happen next.

Lesson 1, part 1

Starting the lesson (3 minutes)

Presentation (2 minutes)

• Explain that in this lesson pupils will learn to talk about jobs.

Practice

Class Book

🚺 🖗 How many job words do you know? (5 minutes)

- A Refer pupils to page 84. Read the rubric and tell pupils to look at the pictures and describe the game they are playing (a guessing game where they're asking each other yes/no questions in order to find out what job the picture stuck to their foreheads shows). Pupils work in pairs and find the pictures of the jobs.
- 🖘 Using the Lollipop stick technique (see page 14), ask pupils to give the answers.
- 🕐 🕾 Place pupils in the same pairs. With the stopwatch, explain that they have one minute to answer the questions together.
- Check answers as a class by having pupils raise their hands to give answers.

2 🎧 4.1 Listen, point and repeat. (5 minutes)

- Place the Unit 4 flashcards (jobs) or poster on the board. Point to each picture and say the word. Pupils repeat after you. Ask pupils what other jobs they know.
- Refer pupils to page 85. Tell pupils to count how many jobs they know.
- Play the audio for the pupils to listen. Then play it again, pausing after each word for pupils to point and repeat.
- Tell pupils to look at the photos 1–12 and practise the new vocabulary. Ask these questions in any order and have pupils call out the job, for example: You cook (chef). You work with animals, vegetables or fruits (farmer). You stop thieves (police officer). You rescue people in emergencies (firefighter). You help keep the streets safe (police officer). You work with sick animals (vet). You drive people to school or work (bus driver). You fix cars (mechanic). You fix people's teeth (dentist). You work in IT (computer programmer). You work in a science lab (scientist).
- A Have pupils say a word to their partner, who then points to the correct picture. Then they swap.

6 lawyer	12 bus driver

South a constraint of the words from Activity 2 in the picture on page 84. Write the missing word. (5 minutes)

• A Give pupils one minute to work in pairs to find the job words. Ask for feedback using the Lollipop stick technique (see page 14).

G Read the questions and write the words. (5 minutes)

- 😂 Pupils work in pairs and take turns to ask and answer the questions.
- Ask different pairs to give one answer.
- Extension & Pairs repeat the activity for other jobs from the pictures in Activity 2.

Diversity

Support

- First, read the questions to the class and explain meanings if necessary. For the Extension, write pupils' ideas for job definitions on the board first.
- Challenge
- For feedback, ask two pupils on different sides of the classroom to stand up and demonstrate a question and answer.

Extra activity Collaborative work

• Repupils work in pairs. Ask pupils to open their notebooks. They choose one of the jobs and draw a typical day storyboard with tasks and events. They label each event or task and present their 'day in the life of ...' to the class, e.g. This is our first animal of the day. It's a little bird. It's got some plastic rubbish around its body. We help it

9 Play a guessing game. Ask and answer to guess the job. (10 minutes)

- 🕾 Place pupils in pairs for this activity. Draw pupils' attention to the example speech bubbles. Read them aloud and have pupils repeat.
- Walk around the class monitoring pairs.

Extra activity TPR

• RP Play Charades (see page 19). Point to a job picture for a pupil to mime, making sure the other pupils can't see which picture. Pupils guess which job it is from their actions. Have pupils work in small groups. Pupils take it in turns to mime the different jobs while the others guess. Pupils might like to add different jobs, e.g. hairdresser/barber, head teacher, footballer, etc.

Vocabulary

Finishing the lesson (5 minutes)

Extra activity Photocopiable 12

• Ask pupils to do photocopiable 12.

CLIL Link

In Unit 4, the story is based around the concept of families and their many different members from the Social Studies Curriculum.

Fatma and Sami see someone in Lottie's house while she and her parents are away, and they think it could be a burglar. They send Bo to check who the person is, and when Bo says that the person is taking the car keys, they decide to call the police. Bo gets tangled in the curtains and makes a mess out of Lottie's living room. He uses the curtains to trap the supposed burglar, but when Lottie and her parents arrive, they reveal that the 'intruder' is actually Alesha, Lottie's cousin.

4.10

Some unusual jobs

Let's find out about some really amazing and unusual jobs around the world!

Boat driver in a cave

Many people can drive a boat, but not many drive boats in a cave! When people visit Speedwell Cavern in England, the boat driver takes them under the ground. Here, visitors can travel 200 metres under a hill and see a big underground lake. It's fun, but visitors must wear a special hard hat to keep them safe.

A professional sleeper

Do you have a comfortable bed? People who make or buy beds sometimes need a professional sleeper to check how good different beds are! To do this job, you must do experiments to see how well you sleep on a lot of different mattresses and pillows. Some beds are better than others, so professional sleepers don't expect to sleep for eight hours every night! How many hours do you sleep a night?

A professional tea taster

Do you like tea? You must train for five years to be a professional tea taster. Then you can travel the world trying different types of teas. In the picture, the tea taster is using a long spoon to try one of the 300 cups of tea she has every day!

Support

• Read the texts with the whole class, or play the audio again as pupils track the words. Explain meanings in L1 if necessary.

Challenge

• 🕾 Ask pupils to write about the texts using the Three facts and a fib technique (see page 15).

3 After you read What do you think of these jobs? (10 minutes)

- Read the words in the box and ask pupils to define them as best as they can. Encourage them to say example sentences using the words.
- B Pupils then work in pairs and takes turns to give their opinions using the example in the speech bubble as a model. Walk around the class monitoring pairs.
- Register When they have finished, ask pupils which job they would most like to do and which they would least like to do. Ask them to give reasons for their answers using the words in the box and any other adjectives they know. Ask for feedback using the Lollipop stick technique (see page 14).

Read the sentences and circle True or False. (10 minutes)

- Pupils complete the activity individually.
- 🕾 Ask pupils to check their answers in pairs.
- Read the sentences to pupils. Have pupils stand if the answer is *True*, and stay seated in their chairs if it is *False*.
- Have pupils say which part of the text they got their answers from.

Finishing the lesson (3 minute)

• Subset the Summative and thought-provoking questions technique (see page 15) to ask pupils what they think of their learning so far. Encourage them to discuss anything they may have found difficult in the lesson, and then ask them what they expect to learn in the next lesson.

- 🕾 They compare answers in pairs.
- Extend the activity by asking pupils to spell each job aloud.

2 Answer the questions. (5 minutes)

- Tell pupils that they now are going to look for specific information in the text in order to answer questions about it.

 - Walk around the class monitoring pairs/individuals.
 - Explain to pupils that they are going to take part in a gallery walk. Display pupils' work or have pairs/ individuals hold their drawings up. Divide the class in two halves: artists and visitors. Visitors walk around and ask questions, and artists talk about their work. Elicit useful language on the board before pupils begin, e.g. What's your character's name? He/She/It's called ... What can it do? Tell me about the video game he/she/it is from Pupils switch roles when they have finished.

Extra activity Fast finishers

• Pupils help create the gallery display for the game characters. They prepare questions for each other's characters.

Extra activity Collaborative work

• Se Ask pupils to work in small groups, and give each a sheet of poster paper. Ask pupils to design a story for an original video game using all their characters. They can make a storyboard or comic. Pupils should present their ideas to other groups or the whole class, and ask for feedback using the Two stars and a wish technique (see page 15).

Finishing the lesson (5 minutes)

Listening

🚺 🎯 🎧 4.15 Listen and write. (5 minutes)

- Refer pupils to page 93 of their Class Book and tell them to read the sentences in Activity 1 before they listen so they know what to listen for.
- Play the audio for pupils to complete the activity. Repeat if necessary.
- 🖘 Use the Lollipop stick technique (see page 14) to check answers.

4.15	
Man: Hamzah: Man:	Hi, Hamzah. Hi. Tell me about your job. Well, I'm a farmer. Really? Do you like being a farmer? Yes, I do. I love it.
2 Man: Hamzah: Man: Hamzah:	And how old are you, Hamzah? I'm 16. Are you still studying at school? Yes, I am. I'm studying and working at the same time.
3 Man: Hamzah: Man: Hamzah:	Where are you working right now? I'm working on my uncle's farm. Where's the farm? It's near Muscat. It grows tomatoes.
4 Man: Hamzah:	Does your uncle only grow tomatoes? No, he grows other vegetables and sometimes he has sheep, too.
5 Man: Hamzah: Man: Hamzah:	What do you like about farming? Well, I like working outside. It's healthy! Thanks very much, Hamzah. Good luck with your job. Thank you.

Speaking

2 Ask and answer with six partners. Complete a table. (10 minutes)

- Explain to pupils that they will do a survey on jobs.
- Draw attention to the speech bubbles and model the pronunciation.
- Draw an example of the table on the board. Demonstrate the activity with two or three pupils, completing the table with their names and answers.
- B Put pupils into groups of seven and tell them to copy the table into their notebooks. Have them interview each other and complete the table.
- When pupils have finished, ask them to talk about their survey. Ask Do you want to do the same jobs? Who wants to work with people/animals/science/ cars/the emergency services? Why?

Writing

8 Read the report. (5 minutes)

- Ask pupils to look at the report. Ask them to read it quickly.
- Have pupils read it again silently and answer the questions. Check answers as a class.

- Check comprehension with questions. Ask Why do Manar, Bayan and Anas want to be doctors? (To help people.); What does a mechanic work with? (Cars.); What does Azza want to be? (A vet.)
- Discuss the model report with pupils. Ask them what type of text it is (a report), what it's about (the results of a class survey), what the graph at the bottom shows (the number of pupils who want to do each job) and how many paragraphs there are (three).
- Have pupils read the Tip box. Ask them to label the paragraphs results and opinion.

Write about your survey and what you want to be when you grow up. (10 minutes)

- Plan: Go through the bullet points as a class. First, write a list of the jobs from the graph on the board. Ask the first question as a class and count the number of pupils who answer for each one. Pupils then work individually to answer the second questions. They should write notes.
- Write: Draw pupils' attention to the sentence stems for writing a report. Ask them to notice how each sentence is expanded upon in the report. Using the sentence stems, elicit full sentences about the pupils' answers to question 1 (you can use pupils' names). Then elicit a sample answer for what they want to be when they grow up.
- Check your work: Then, as a class, go over each bullet point and check that the writing on the board contains all the correct elements and that there are three paragraphs.

Extra activity TPR

Ising the Hands up/down technique (see page 14), pupils respond to your questions: Do you know how to write a survey? Are you going to read the plan? Are you going to read the Writing Tip?

Finishing the lesson (3 minutes)

• Subset the Thought-provoking questions technique (see page 15) to discuss with pupils what they liked about today's lesson and what they didn't like. Ask pupils if they feel confident about writing reports.

Skills

Starting the lesson (5 minutes)

- On the board, write *firefighter*. Ask pupils to say as many words as they can that are related to that job, e.g. *fire*, *hot*, *dangerous*, *brave*, etc. Tell pupils you are going to say a few words that describe a job from the unit and they have to guess the job. Say *cows*, *sheep*, *grow fruit* and *vegetables*. Elicit *farmer*.
- 🕾 Play for a few rounds and then have pupils continue in pairs.

Presentation (5 minutes)

• Explain that in this lesson pupils will write a report about jobs and draw a graph to show the results of a survey.

Practice

Writing

Write about your survey and what you want to be when you grow up. (25 minutes)

- Refer pupils to Activity Book page 63. Remind them of what they learnt about writing a report from the last lesson.
- Bar Plan: Put pupils into groups of six or seven. Have them look at the speech bubbles. Read the speech bubbles aloud and have pupils repeat. Explain that they are going to use the speech bubbles as a model to ask questions to complete their tables. Walk around monitoring, offering help and support as pupils ask questions and complete their tables.
- Write: Ask pupils to use the information in their survey to write a report and draw a graph. Use the Think-pair-share technique (see page 15) to discuss the writing plan from the Class Book in the last lesson. Ask How many paragraphs are in a report? (Three.); What are the first two paragraphs about? (The results.) What is the last paragraph about? (The author's opinion.) What do we use to show the results? (A graph.)
- Ask pupils to read the Tip box.
- See Check your work: Using the Two stars and a wish technique (see page 15), pupils read and check each other's work, taking into account the Writing Tip.
- Ask pupils to check their writing by ticking the boxes to show they have done each of these things.
- Encourage pupils to read out their completed work and show their graphs to their classmates.

Extra activity Communication

• Se Pupils make a whole class graph on the board. Have each group assign a spokesperson to present their results. Then they work with the spokespeople from the other groups to make the class graph.

Finishing the lesson (5 minutes)

• Service Pupils write down what they achieved in their Learning diary (see page 15): Today I listened to ... I made and took part in a survey about ... and I wrote a report about

Extra activity Photocopiable 36

• Ask pupils to do photocopiable 36.

Lesson 9

Phonics

Lesson 9

Objectives

- Lesson objectives: to learn a new spelling for the vowel digraph /u:/; to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky word: *people*; to adopt strategies to recognise and read tricky words in sentences
- Target words: ew / u:/: chew, jewel, new, screw, stew
- Tricky word: people

Global Scale of English (GSE)

- **Reading**: Can recognise simple words and phrases related to familiar topics, if supported by pictures (GSE 23).
- Listening: Can understand simple phrases related to familiar topics, if spoken slowly and clearly and supported by pictures (GSE 27).
- **Speaking:** Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).

Materials

- optional teacher-made flashcards for the vowel digraph /u:/, with *ew*, *oo* and *ue* spellings
- optional teacher-made flashcards for tricky word: *people*

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Hands up/down technique (see page 14)
- Beer learning: pairwork; groupwork

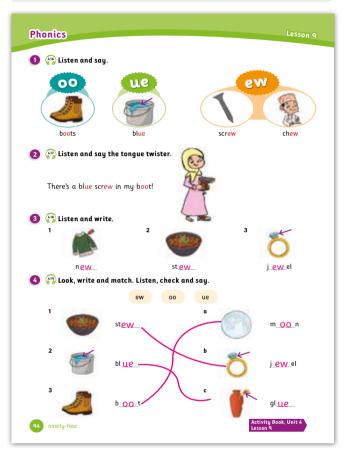

Starting the lesson (5 minutes)

- Review the sound /u:/ from Grades 1 and 2. Write the different spellings of the digraph on the board (*ue, oo*). Point to *ue* and ask pupils to say the sound. Then point to *oo* and elicit the matching sound. Ask pupils if they can remember anything special about these letters (they can make two different sounds a long *oo* in *boot*, or a short *oo* in *cook*).
- Ask pupils if they can remember any words that contain the /u:/ sound. You can invite them up to draw a picture or do a mime to represent the word.
- Say words with each spelling, for example *flute, glue, room, moon.* Encourage pupils to point to the correct set of letters on the board each time. If they find this difficult, write the complete words on the board and ask volunteers to come up and draw a line to the correct set of letters.

- Invite pupils to identify the letters in each word that make the /u:/ sound. They can come up and circle the letters, or tell you which letters to choose.
- If pupils find it difficult to remember the different spellings for this vowel digraph, you may wish to use flashcards and games (see page 20) to revise this further.

Presentation

Class Book

🚺 🎧 4.16 Listen and say. (5 minutes)

- Look at Activity 1 on page 94 with the class. Focus on the pictures and talk about what the pupils can see. Explain that they might recognise some of these words from earlier levels. If *boots* and *blue* weren't used in the previous section, recap them now. Ask pupils to say what is the same and what is different about these words. (They have the same vowel sound but a different spelling.)
- Tell pupils that in this lesson, they will learn a new way to spell the sound /u:/. Point to the digraphs on the page and recap the sound.
- Play the audio. Help pupils to match each sound and word in the audio to a digraph or picture and to point to the correct object as they hear each word.

Phonics

- Model the words, emphasising the /u:/ sound each time and ensure this is clear. Encourage pupils to repeat the words, then point to each picture in turn and have them say the words independently.
- Display teacher-made flashcards or use the whiteboard to show the three spellings of the /u:/ sound again. Say the words again in a different sequence and ask pupils to point to the correct spelling each time.
- Write the gapped form of the words on the board: scr__, ch__, b__ ts, bl __. Elicit the missing letters as a class to check understanding.

2 2 4.17 Listen and say the tongue twister. (5 minutes)

- Write the digraphs *ew*, *oo* and *ue* on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the items in the picture that contain these spellings.
- Explain that pupils will hear a tongue twister that relates to the picture and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and ask the pupils to follow the words in the tongue twister as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister. They can mime shaking a screw out of their boot as they speak.
- Check understanding by using your flashcards or the whiteboard to show the three different spellings, and asking pupils to say the corresponding word from the tongue twister.

4.17

There's a blue screw in my boot!

3 🎧 4.18 Listen and write. (5 minutes)

- Explain that pupils will now learn some more words with the new *ew* spelling for the /u:/ sound. Explain that this can be a medial or final vowel sound.
- Play the audio. Tell pupils to listen and point to each picture in turn.
- Play the audio a second time, pausing after each item for pupils to repeat. Check understanding of each word using mimes or gestures to demonstrate meaning.
- Play the audio a third time and pause for pupils to complete the *ew* ending. Remind them to use the words in Activity 1 for support if they need to.

• See Pupils can check their answers with their partner before you check as a class. You can do this by copying the gapped words on the board and inviting pupils to come up and complete the words.

4.18

- **3** jewel

4.19 Look, write and match. Listen, check and say. (5 minutes)

- Focus on Activity 4. Point to each of the vowel digraphs in turn for pupils to say, and ensure they are saying the same sound each time. Look at each of the pictures and show that there is a gapped word beside each one. Some of these words (*moon*, *glue*) are revised from earlier grades, so elicit or model the words and check understanding.
- Play the audio for pupils to listen, point and repeat each word.
- Ising the Hands up/down technique (see page 14), play the audio for item 1 again and ask pupils to choose the correct digraph from the boxes to complete the word. If they aren't sure, point to each one again in turn and ask for a show of hands for each option. Confirm the answer ew.
- Now point out that the items are in two columns, with a matching spelling on each side. Focus on the first item, *stew*. Ask pupils to look and find the word with the same spelling in items a-c. Remind them that the matching digraph can be in the middle or at the end of the word. Confirm the answer *jewel*, and have pupils draw a line to match.
- Repeat with items 2 and 3, or let pupils work individually.
- Check answers by writing each of the items 1–3 on the board and inviting pupils to write the correct word on a piece of paper and hold it up.

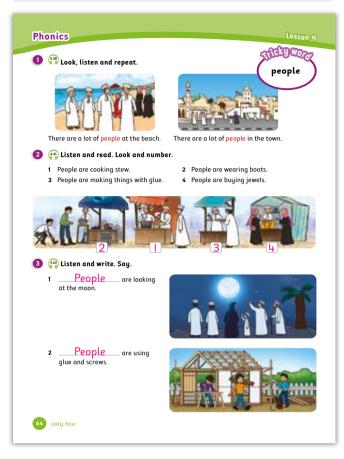

4.19

- 1 stew, jewel
- 2 blue, glue
- 3 boot, moon

Extra activity TPR

- Make flashcards for *ew, oo* and *ue,* or write them on the board. Pupils say the sound. Elicit words for each of the spellings. Pupils repeat and use mimes if appropriate to confirm understanding of the word.
- Write *ew*, *oo* and *ue* in large letters on three separate pieces of paper, and stick these up in different parts of the classroom.
- Say a word with one of the spellings, e.g. *chew.* Pupils move to stand under the correct piece of paper, or point to it. Check they are correct, then repeat with more words to practise all of the spellings.

Activity Book

🚺 🎧 4.20 Look, listen and repeat. (3 minutes)

- Start by revising the tricky words that pupils have covered so far in this term (*bye, my, any, Mr, Mrs*). You can make flashcards of each word to elicit them orally as a class. Then write sentences containing each word and invite volunteers to read them out. Try to combine the words in sentences, e.g. *Mr Kelly, have you got any boots?*
- Look at page 64 with the class. Focus on the word at the top of the page and explain that pupils will learn a new tricky word. Read the word out and ask pupils to identify any phonemes that match the spelling (p and l).
- Look at Activity 1 and see if pupils can recognise or read any of the words in the captions. They can look at the picture for clues to help them identify the places.
- Play the audio for pupils to listen and follow.
 Point to the red word each time and model the pronunciation again for pupils to repeat. Point out that the vowel digraph in the middle doesn't correspond to the spelling as the /o/ isn't heard.
 The ending -le is a form that they may see in other places, and, again, doesn't follow phonetic rules.
 Encourage pupils to memorise the spelling of this word.
- 🕾 Play the audio again, then put pupils in pairs to practise saying the sentences.

• A If time allows, ask one or two pairs to say a sentence aloud for the class. Have the class point to the correct picture each time.

4.20

There are a lot of people at the beach. There are a lot of people in the town.

2 🎧 4.21 Listen and read. Look and number.

(5 minutes)

- Focus on Activity 2 and allow time for pupils to look at the picture. Discuss what they can see and what is happening.
- Play the audio for the first item for pupils to listen and read. Pause the audio and have pupils look carefully at the picture to find the correct scene.
- Repeat for items 2–4, pausing the audio if necessary.
- Check answers by dividing the class in half. For each item, ask one half to read out the sentence, and the other half to say the correct letter for the scene in the picture.

4.21

- **1** People are cooking stew.
- 2 People are wearing boots.
- **3** People are making things with glue.
- 4 People are buying jewels.

Phonics

3 🞧 4.22 Listen and write. Say. (4 minutes)

- Look at Activity 3 with the class. Explain that in this section, pupils will practise writing the tricky word in a sentence.
- First, look at the pictures. Discuss with pupils what they can see and ask if they recognise any of the words which they learnt or revised in the Class Book activities.
- Play the audio for the first picture and ask pupils to write the word on the line to complete the sentence.
- Repeat the process for item 2.
- B When they have completed the writing, model the full sentences for the class to repeat as they point at the relevant items in the pictures. Then have pupils repeat the sentences in pairs. Remind them to swap roles so they both practise saying the tricky word.

4.22

- **1** People are looking at the moon.
- **2** People are using glue and screws.

Finishing the lesson (3 minutes)

- Ask pupils to write a sentence which is similar to the ones on this page, starting with *People are* ... or *There are a lot of people* They can use a word with /u:/ in the sentence as well, but it isn't essential.
- Se They swap this with a partner to read out. If time allows, pupils can work in pairs to draw a picture of the scene in their partner's sentence.

Class Book

1 O Look and read. Write the correct words. (5 minutes)

- Tell pupils that they will practise the A1 Movers Reading and Writing Part 1 test.
- Read out the Exam tip. Check pupils understand. Ask Why must you read carefully?
- Ask pupils to say where the people are and what they are doing. Ask them to identify the verbs in each

sentence before they begin. Ask Which sentences are similar? (3 and 5 because they both have the same verb.)

- Tell pupils that this is a practice test and they shouldn't be nervous about completing it.
- Pupils complete the activity individually. Check answers as a class. Have pupils read out the sentences and give their answers. Explain any mistakes pupils have made.
- 🖘 Ask for feedback using the Lollipop stick technique (see page 14).
- Ask pupils if they found the activity difficult and, if so, why.

Diversity

Support

- Give pupils two minutes to read the sentences silently. Tell pupils to focus on the last word of each sentence.
- Solution: In pairs, they discuss which pictures are related to the words. For example, *hospital an ambulance, school teacher*, and so on. They can make notes in their notebooks.

Challenge

• Give pupils one minute to read the sentences silently. They underline or focus on the key words in the sentences and think about the answers.

2 6 (4.24 Listen and tick (/) the box. (5 minutes)

- Tell pupils that this is practice for the A1 Movers Listening Part 4 test.
- Read aloud the Exam tip and then have pupils look at the pictures. Say I can see a firefighter. I can see

a police officer, etc. and have pupils point to the correct picture.

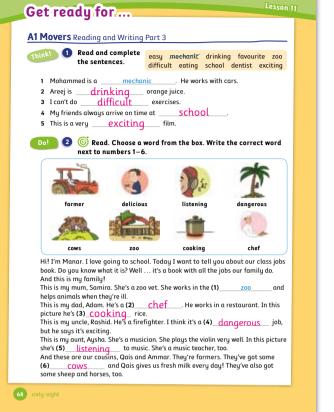

- Ask pupils to read the questions first to make sure they understand what they are listening for. Then play the audio. Pupils listen and tick the correct picture. Play the audio again. Pupils listen and check their answers.
- 🕾 Pupils write definitions for the jobs in the pictures. Then put pupils in pairs. They say their definitions and their partner guesses what job it is.
- Extension Ask pupils further questions about jobs. Ask What do you want to be when you grow up? Why? What's the most exciting job? What's the most boring job?

4.24

- **1 Girl 1:** What do you want to be when you grow up, Abdullah?

• RP Divide the class into groups to discuss what they liked about the unit. Write a list of things on the board to help them: opening picture, vocabulary activities, story, listening activities, culture page, English in action, vocabulary and grammar activities, phonics page, review page. Pupils write down what they liked best on a piece of paper and, using the Expert envoy technique (see page 15), the envoy reports back to the class.

Extra activity Fast finishers

• Repupils work in pairs. One pupil says words related to a job and the other guesses what it is. They swap and repeat, e.g. school, pupils, English (teacher).

Finishing the lesson (5 minutes)

- Ask How did you get on in Unit 4? What did you like best? Which words were the most difficult to remember? Did you understand the grammar? What would you like to learn more about?
- See the Thought-provoking questions technique (see page 15) to ask how successful pupils' learning is so far and, on a scale of 1–5, have them rate how much they enjoyed this unit.
- Ask them which song or chant they liked. Have a class vote and pupils sing the winning song or chant.

Shared reading Unit 4

• Focus a lesson on shared reading with the class. Follow procedures as set out in the Teacher's Book Introduction (see page 17).

Practice

Class Book

🚺 Play and say. (15 minutes)

- 🕸 Put pupils into groups of three pupils. Each group will need a spinner and colour tokens.
- Explain the game to pupils. This game is a race to work. First, each pupil has to choose whether they want to be the scientist, the farmer or the chef, or you could allocate roles. Encourage them to say *I want to be a*....
- They take it in turns to spin the spinner. They then move forward to the number on the spinner. For example, if they spin one, they move onto square one. If they then spin four, they move onto square five, and so on.
- Each pupil then moves from Home at the top to Work at the bottom for their chosen job. When they land on a square, they should read out the instructions and follow them.
- The first pupil to get to the last square is the winner.
- Walk around the class monitoring pupils and help with any queries.

Extra activity TPR

- Explain that you will read out instructions from the game, but some of them will include a mistake (for example, You mustn't arrive on time.)
- When pupils hear a mistake, they have to clap their hands and say STOP!

Do the word search. Which job is missing? (10 minutes)

Speaking A and B

The Speaking quiz should be taken by pupils in a separate class. Ask pupils to work in pairs. They should say five sentences each about the picture which you will assess. They should use the comparative or superlative. Using the rating scale below, determine the scale out of 10 for the pupils' answers. Accept short answers as long as they are appropriate. In the suggested answers, the words in brackets are optional. More advanced pupils will offer longer, more extended answers.

Allow for a minute between each pair of pupils to assess performance according to the speaking scales.

Suggested answers:

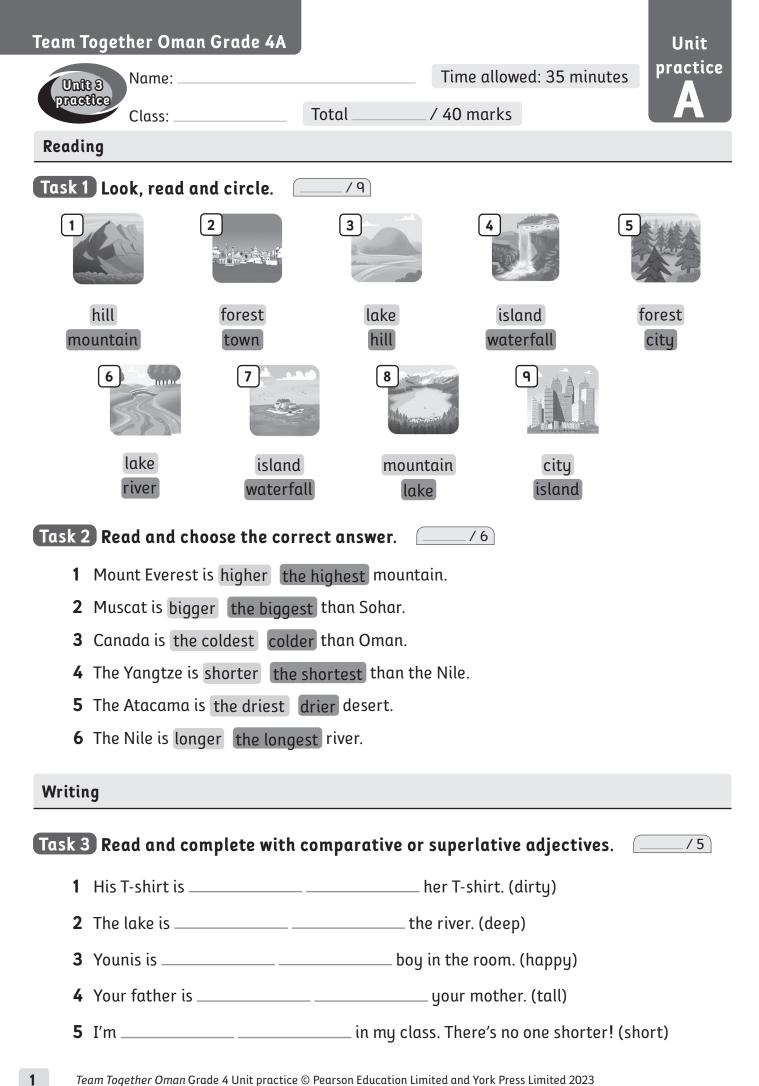

The river in picture C is longer (than the river in picture A). The river in picture B is the longest.

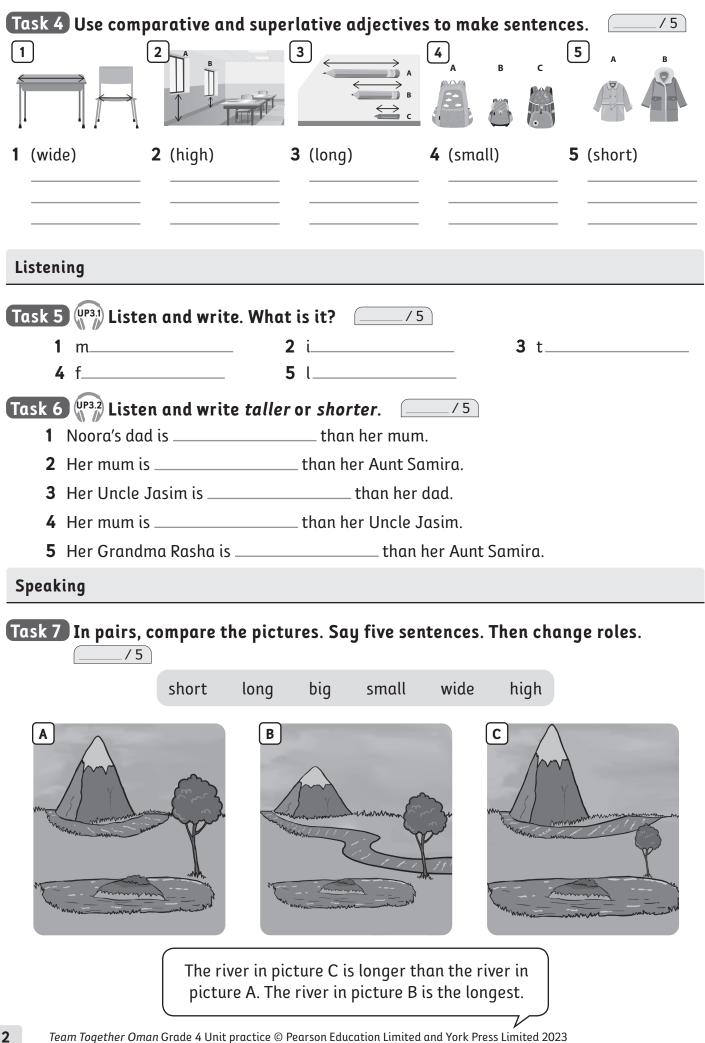

The lake in picture C is the widest. The island in picture C is bigger (than the island in picture B.)

The island in picture B is the smallest. The tree in picture C is the shortest. The mountain in picture C is the highest. Use the writing rating scales below for tasks 3 and 4 with a total of 5 or 10 marks:

The Speaking quiz should be taken by pupils in a separate class. Allocate one minute per pupil. Allow one minute between each pupil to assess performance according to the speaking rating scale.

Ask each pupil two or three warm-up questions which won't be assessed. This might be asking their name, etc.

Then ask three or four of the questions here which you will assess.

Using the rating scale below, determine the scale out of 5 for the pupils' answers.

Accept short answers as long as they are appropriate. In the suggested answers, the words in brackets are optional. More advanced pupils will offer longer, more extended answers.
