Introduction

About Team Together Oman

Learn Together! Succeed Together! Team Together!
Team Together Oman is an engaging and enjoyable,
four-level primary English course that develops language
alongside future-ready skills. Pupils are challenged
to communicate creatively in authentic contexts,
think critically and work together to get results. Team
Together Oman sets out a clear path for progress
and prepares pupils for success in external tests,
including PTE Young Learners and Cambridge English
Qualifications.

Team Together Oman takes pupils from level Pre A1 to A2 of the Common European Framework of Reference for Languages (CEFR).

For pupils

Throughout their Primary education, pupils are in a transitional period between childhood and their teens and are still developing intellectually and emotionally. *Team Together Oman* follows pupils' developmental stages by offering content that is adapted to their cognitive needs in each level through a careful choice of the main characters, the topics, the language content and the way in which it is presented.

Team Together Oman has been designed to create an enjoyable and engaging environment for effective learning. A full colour Class Book and Activity Book are complemented with a wide range of multimedia and digital tools, such as videos, eBooks and digital content online which are certain to captivate pupils' attention.

For teachers

Team Together Oman has been created using tried and tested methodology for effective language teaching. A variety of language presentation contexts and an ample supply of resources will help keep pupils engaged and motivated.

Team Together Oman has also been created with busy teachers in mind. At-a-glance organisation of materials within the Teacher's Book will not only help you find all the necessary information such as answer keys and audio scripts, but it will also give you ideas on how to extend Class Book activities and how to adapt them to your pupils' language level.

Course features

Vocabulary

Each unit starts with an eye-catching visual representation of the target vocabulary, which gets pupils' attention right from the start. The visual presentation serves a variety of purposes:

- to present new vocabulary in context.
- to revise previously learnt vocabulary from Grade 2.
- to offer speaking practice for both everyday communication purposes as well as external tests preparation.
- to set the scene for the story in the next lesson. It is followed by engaging step-by-step practice, including a sticker activity. As well as being close to pupils' interests, vocabulary sets reflect external tests topic areas. The *Think!* feature (**) at the start of each unit allows for quick revision of the lexical items that pupils are very

likely to know from previous learning, which is a great confidence booster.

The Communicate activities () effectively help pupils start using English in meaningful contexts from the very beginning.

Extra vocabulary practice is available in corresponding Activity Book lessons where applicable.

Content from the main lessons is complemented by *Extra* practice sections at the end of each unit.

In addition, there is a Picture dictionary at the end of the Activity Book which can also be used to consolidate the vocabulary of each unit.

Grammar

Grammar structures are taught in a clear, scaffolded, step-by-step approach in every unit. The new structures presentation is contextualised through the chant, the song and the story. Grammar boxes on the Class Book page contain clear, child-friendly examples of the target structures and provide a reference point for pupils as they learn and practise.

The structures presented in the grammar boxes are also recorded and serve as a model for the correct pronunciation. Further consolidation practice is available in the Activity Book, both in the corresponding lesson activities as well as in the *Extra practice* section at the end of each unit.

Stories

Team Together Oman Grade 3 stories feature the same pupils from Grade 2. They are keen on Science and learning new things. They are also eager to help their families and the wider community.

Sami, Fatma, Lily and Jack are always accompanied by a new animal mascot in this level: Polly the parrot. Along with Atomic the cat from Grade 2, the pupils enjoy an art class, attend a school show, learn about hobbies and jobs and much more.

Each story has been built around a specific concept derived from common Science and Social Studies curricula. To explore this concept further, please see the teaching notes for the stories in each unit.

Phonics

The work on phonics in this grade builds on the knowledge accrued from previous years. The chart on page 23 shows the sounds learned in each semester.

Skills

As in Grade 2 of *Team Together Oman*, the main focus in this grade is also on the listening and speaking skills, but pupils also practise reading and writing skills towards the end of each unit, further supported with the content of the Activity Book.

The speaking skill is practised through a variety of different contexts:

- Lessons 1 and 3, part 1 end with a Communicate activity where pupils can put the newly acquired content into practice and personalise them.
- Lesson 4, part 1 contains a cut-out activity which provides a fun and motivating way to get pupils to speak in a less controlled manner.

- Lesson 6, English in action, is dedicated to teaching functional language, which is key to successful social interaction. Exposing pupils to this language right from the start ensures that they not only acquire knowledge of grammar and vocabulary but also learn what to say and how to behave when playing with others.
- Lesson 7, Phonics, focuses on different letter sounds to help pupils get used to speaking and writing in English. The corresponding Activity Book page looks at words that pupils often find difficult to pronounce or spell, such as go and do.

Finally, Lesson 10 is a Fun corner, allowing pupils to enjoy a fun task or game that recycles the unit language.

The Culture sections in Team Together Oman are designed to help foster the Omani identity and as such, they focus on life and culture in Oman as well as looking at aspects of the wider world.

Learning club: Language booster and CLIL

After every two units of the Class Book, there is a Learning club section. This consists of a Language booster lesson and a CLIL lesson. The Language booster lesson extends language and topics taught in the two preceding units. The CLIL lesson helps pupils learn key concepts of other subjects in the school curriculum in a more integrated manner. In addition to this, each story in Team Together Oman Grade 3 has been built around a key concept from common curricula. To explore this concept further, please see the teaching notes for Lesson 2 in each unit.

External tests preparation

Team Together Oman provides a lot of opportunities to get pupils acquainted with the format of external tests. Cambridge English Qualifications test type tasks, marked with the symbol 6, are seamlessly integrated into the core material, providing practice in an unthreatening manner. The Get ready for ... section in Lesson 9 of each unit both in the Class Book and Activity Book focuses specifically on test practice. Team Together Oman fully prepares learners for Cambridge English Qualifications Pre A1 Starters, A1 Movers and A2 Flyers. As well as test task-type practice, all vocabulary and structures are covered in the series.

Future skills

One of the features of Team Together Oman is the focus on future skills, which are a must for today's learners to allow them to thrive and succeed in the modern world. Pupils need to learn more than just vocabulary and grammar; they need to learn critical thinking and problem-solving, creativity, communication and collaboration. Many of the activities in Team Together Oman serve both purposes — as pupils put new knowledge into practice, they also work on the development of their future skills. These activities are easily identifiable with the following icons:

Critical thinking Problem-solving

Collaboration

Other future skills covered in Team Together Oman include:

Social and cultural awareness: Lesson 5 of each unit enables pupils to learn about Omani culture and the wider world.

Curiosity and Initiative: In the project work, pupils are encouraged to find information, make decisions and present their opinions.

Assessment for learning: see pages 15-16 for more information.

Literacy, Numeracy, Scientific Literacy: These are covered through a wide range of topics covered in the series as well as through work on specific areas such as development of the reading and writing skills.

ICT Literacy: In the project work, pupils are encouraged to use a variety of materials and sources, which include web searches and work with modern technologies.

Support for mixed-ability classes

Team Together Oman supports teachers who work with mixed-ability classes. The Teacher's Book includes teaching tips for mixed-ability classes, labelled Diversity: Support/Challenge and Extra activity: Fast finishers.

Class Book

The Semester 1 Class Book provides materials to present the target language effectively. It includes an introductory Welcome unit to remind pupils of the course characters from Grade 2 and to revise classroom language, the alphabet, greetings and numbers from Grade 2. It then includes four main units, followed by

a Progress path section for pupils to track their progress at the end of each unit. Cut-out templates and stickers are also provided at the back of the Class Book.

Course components

Activity Book

The Activity Book provides reinforcement and consolidation of the language presented in the Class Book. It contains controlled and freer practice as well as personalisation

and further listening and reading activities. It also contains an Extra practice section for further consolidation of vocabulary and grammar, a Get ready for... section for further external tests practice and a Picture dictionary with all the target vocabulary.

Graded readers

In addition to the unit stories, there are also two graded readers after each unit. These consolidate language, phonics and themes covered in the preceding units with

a fun story that the pupils will enjoy. Teachers can choose which of the two readers they want to cover in class and which pupils can do at home for homework.

Teacher's Book

The Teacher's Book provides step-by-step lesson plans covering all the course material. Each lesson plan is clearly structured into stages:

- Starting the lesson
- Presentation
- Practice
- · Finishing the lesson.

Additional ideas for Extension, TPR and future skills activities, as well as suggestions on how to support or challenge mixed-ability pupils, provide an excellent toolkit for busy teachers who may lack time for planning.

The Introduction includes recommended procedures for effective use of projects and also contains tips on working with mixedability groups.

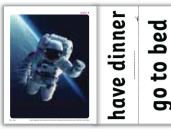

Class Audio

The Class Audio MP3s have all the recordings for the Class Book and Activity Book. In order to facilitate using the audio materials, all recordings are appropriately

numbered on the pages of the Class Book and the Activity Book. All audio for the series can be found online.

Flashcards, Word cards and Story cards

The Flashcards and Word Cards present vocabulary from each unit. They help pupils learn, remember. practise and revise vocabulary. Ideas for their use can be found in the Teacher's Book

lesson notes and in the Games bank, which contains extra games and activities.

The Story Cards are large, frame-by-frame versions of the cartoon stories in Lesson 2 of each unit of the Class

Book. On the back of each card there is a transcription of the appropriate part of the story's audio recording and questions to be asked before and after listening.

Posters

The Posters designed for Team Together Oman are a great visual aid for presenting or consolidating vocabulary.

The level-specific posters are created from the unit opener illustrations, and provide a lot of opportunities for revision and speaking practice.

The Classroom posters can be used with any level of the course.

Practice sheets

Upon completion of each unit of Semester 1, the teacher is able to check the progress pupils are making by using a unit practice sheet. There are four Unit practice sheets, one end-of-semester practice sheet and one end-of-year practice sheet. All these activities are available in two versions: Standard (A) and Challenge (B) so as to allow teachers for more flexibility with mixed-ability classes.

Presentation tool and digital resources

All the digital resources for Team Together Oman can be found online. These include story animations, videos for the Projects and Culture lessons, a presentation tool, eBook, class audio, photocopiable resources, and more.

Photocopiable resources

The Photocopiable resources contain consolidation and extension worksheets for further practice of vocabulary, grammar, self-assessment, English in action, phonics, stories and songs.

There are also communication games and worksheets to be used with the Culture videos. They are all available online.

After every unit, there are two short graded readers. These enable pupils to practise reading skills with the sounds and tricky words that they have learnt so far

At the end of each graded reader, pupils do a self-evaluation process for how well they think they have understood and read each story

Monitoring progress and test readiness with Team Together Oman

Team Together Oman can be used to prepare pupils for external tests including Cambridge English Qualifications and PTE Young Learners. Team Together Oman provides teachers and institutions with the GSE tools that enable them to demonstrate visibility of pupil progress step by step, and a way of identifying and addressing learner needs and supporting the achievement of goals whether these be general or test related. Team Together Oman is additionally aligned to English Benchmark which can provide an independent measure of learner proficiency and formative information to support planning and next steps. The table below indicates the correlation between the course and various international frameworks and tests.

| | GSE | CEFR | PTE YL | Benchmark | Cambridge English Qualifications |
|---------|-------|-----------|-------------|-----------|--|
| Grade 1 | 10-22 | Pre A1 | | | Pre A1 Starters |
| Grade 2 | 17–29 | Pre A1/A1 | Firstwords | Level 1 | Pre A1 Starters |
| Grade 3 | 20-32 | A1 | Springboard | Level 2 | Pre A1 Starters |
| Grade 4 | 24–39 | A1/A2 | Quickmarch | Level 3 | A1 Movers |

The Global Scale of English

The Global Scale of English (GSE) is a standardised, granular scale which measures English language proficiency. Unlike some other frameworks which describe attainment in broad bands, the Global Scale of English identifies what a learner can do at each point on the scale across speaking, listening, reading and writing skills.

The scale is designed to motivate learners by giving a more granular insight into their progress. Teachers can use the Global Scale of English to match a pupil to the right course materials for their exact language level and learning goals. The badging above and on the back of your book shows the range of objectives that are covered within the content. Knowing this range helps you select course materials with the right level of support and challenge for your pupils to help them progress. It does not mean that pupils need to have mastered all the objectives below the range before starting the course, or that they will all be 'at' the top of the range by the end.

For more information about how using the GSE can support your planning and teaching, the assessment of your learners, and in selecting or creating additional materials to supplement your core programme, please go to www.english.com/gse.

What is English Benchmark?

English Benchmark is a motivating English test for young learners aged 6–13, which proves pupils' English abilities to parents, monitors learning progress and ensures teaching targets the right skills. English Benchmark measures pupils' speaking, listening, reading and writing skills through fun and interactive tablet-based

activities, with immediate detailed reports for teachers and parents that include pupils' strengths, suggestions for improvement and recommended activities to improve their skills.

English Benchmark and *Team Together Oman* make the perfect partners for your language and learning assessment. As your pupils learn with *Team Together Oman*, you can use the English Benchmark tests to measure their progress.

In order to show progress, learners should take the test at least once at the start and once at the end of the year. If possible, teachers could ask learners to take the test again half way through the year or at the end of each term to check they are on track.

Formative assessment / Assessment for learning

Formative assessment, or assessment for learning, is "the process of seeking and interpreting evidence for use by learners and their teachers, to identify where the learners are in their learning, where they need to go and how best to get there" (Assessment Reform Group, 2008). Here are some suggestions on how to implement assessment for learning in your classroom.

Main strategies of formative assessment

The main stages of the formative assessment process are:

- 1 Setting the aims and criteria for success
- 2 Monitoring pupils' learning, including giving constructive feedback
- 3 Peer learning
- 4 Independent learning/long-term assessment

Setting aims and criteria

If you want your pupils to be successful in the learning process, you need to tell them what it is that they are going to learn and what you expect of them in terms of performance.

 Key question technique. At the beginning of each lesson, the teacher should tell the pupils what they are going to learn. This can be done by using key questions which are meant to inspire pupils' curiosity, interest and engagement.

Monitoring pupils' learning

This stage of assessment is used to achieve the following qoals:

- to adjust ongoing teaching and learning
- to increase the level of interaction and provide for feedback loops during questioning
- to improve pupil achievement of intended outcomes.
 The tools that can be used for monitoring pupils' learning are:
- Lollipop stick technique or Random selection tool. Use sticks or cards that pupils can personalise with their names at the beginning of the school year. Pick them randomly to call on pupils for questions, thus ensuring that all pupils have an active role and will produce a similar amount of language, because pupil talking time (STT) matters!

Assessment

- Mini-whiteboards. Use them for short answers or to practise prepositions, vocabulary, comprehension, spelling, gap fills, grammar – any time you want to check understanding. Pupils write their answers individually and hold up the whiteboards and you get feedback from all your pupils at the same time!
- Hands up/down technique. Use this to check understanding. Ask a question or make a statement.
 Pupils put their hands up if the answer/statement is correct, but keep it down if not. You can also use it to check if pupils want to give positive or negative feedback to a task.
- Happy/sad face technique (also Yes/No, Stop/Go, True/False). Use this for critical thinking development and yes/no answers. Make a set of cards with a happy face on one side, and a sad face on the other one for each pupil or pupils can make their own. After practising a skill, ask pupils how they feel they are doing. Alternatively, pupils can show this on a scale from 1–5 using the fingers on their hands for a deeper understanding of the yes and no answers.
- Traffic light cards. Use them to check that pupils know what to do on a given task. Pupils show you a green/yellow/red card, depending on their level of confidence.
- Exit slips. Use them to evaluate your lessons at the end of the day or session, to get feedback from the lesson, or to offer pupils the opportunity to give opinions. Exit slips can simply be post-it notes stuck on the door on their way out of class.

Other types of assessment tools you can use are those oriented towards helping you actively observe the different skills and competences that your pupils are developing while they are working in class:

- Checklists. These are very useful to assess different tasks or different stages of the same task at the same time. Taking note of your pupils' performance on the spot will provide you with objective evidence of their true level of competence.
- Observation forms. The teacher collects data on pupils' work by filling in observation forms to adjust teaching procedures where necessary.
- Video/audio recordings. These are excellent tools to observe your pupils from a different perspective and analyse their strengths and weaknesses, behaviour and classroom relationships in depth. (Be aware that you may need parental permission to record pupils.)

Peer learning

Working together in pairs or groups gives pupils an opportunity to share knowledge and also learn from their classmates. Tools that can be used for peer work and peer learning are:

- Think-pair-share. Pupils work on their own, then discuss their ideas in pairs and finally they present their ideas to a group or to the whole class.
- Two stars and a wish. Pupils say two positive things about the work of their partner and suggest one area for improvement.

- Expert envoy. This is a tool to use with mixed-ability classes. If you have pupils who are strong in some areas, you may choose them to be the 'experts' for their class or group and ask them to help their classmates.
- Three facts and a fib. Pupils write three true statements and one false statement about the topic of a lesson and share them with other pupils/pairs/groups to see if they can identify the false information. This technique can also be used in a summative evaluation at the end of a longer learning process, e.g. a unit.

Checklists and video recordings can also be used as peer learning tools.

Independent learning and long-term formative assessment

Long-term formative assessment tools are used to improve the following areas of your assessment practice:

- for pupils to develop critical thinking skills about their own performance
- to promote collaboration
- to improve pupil achievement of intended instructional outcomes.

Performance-based teaching and learning impacts strongly on the way we carry out assessment by helping pupils become autonomous and independent learners aware of the process by which they learn as well as their learning goals.

Some of the long-term assessment tools you can use in your classes are:

- Summative and thought-provoking questions. At the end of a lesson or a unit, pupils are asked to reflect on their learning process and to try to self-assess their performance by answering the following questions: What have I learnt? What do I need to work on? I can I'm (not) good at
- Portfolios. Pupils are given the responsibility of selecting which pieces of work they produce should be placed in their portfolios to demonstrate how they are improving.
- Checklists. These are used to assess pupils' completion of a task. They are not rating scales and they only include Yes/No or ✓/X descriptors.
- **Projects**. Pupils present what they know through pictures and texts such as essays, research reports, or long-term projects.
- Pupil Travel journals/Learning diaries. Pupils create their own books, in which they chart the journey of their learning.

It is very important to remember that before this type of assessment is implemented in the classroom, a supportive classroom environment is created and pupils are given guidance on how to reflect upon and evaluate their own performance as well as that of their peers.

How to work with projects

by Magdalena Custodio Espinar

One of the key factors affecting pupil's ability to learn cooperation and collaboration is the type of situations they face. In other words, pupils will not learn how to be a reliable team player if they aren't exposed to tasks that require team work. There are many ways to organise pupil interaction in class and the most popular ones are collaborative and cooperative work. These two interaction systems may seem interchangeable but there are some clear differences between them:

Collaborative work

- · Group goal
- · Learning takes place in a group
- The final product is co-constructed
- Roles/responsibilities are flexible and agreed
- The process is important

Cooperative work

- Individual goals within the group
- Learning is an individual process
- The final product consists of individual contributions
- Roles and responsibilities are usually pre-defined
- The final product is important

When working on projects, collaborative work is the preferred system, giving pupils an opportunity to share ideas, verbalise opinions and interact with other classmates. Thanks to this, a real communicative context is developed in the classroom during which pupils must listen to each other and reach an agreement to create a common product.

To apply successful project work in the classroom, you should:

- Keep a flexible project schedule and involve pupils in project design when possible. Promote parent involvement.
- Prepare pupils by having them thinking about the project in advance. A rubric can be very useful to show them what they are aiming for and trying to accomplish. Use negotiation strategies to help them understand the rationale for this type of work.
- Establish moments for feedback and specific products at the end of each work session to promote a sense of mission, e.g. record evidence of progress using field notes or observation templates. Keep records public so pupils have ownership of them by using rubrics or checklists.
- Avoid making decisions for pupils. It will take time for pupils to be able to develop time management skills and learning to learn competence. Promote this by providing them with support during the project, e.g. a time line with the work sessions, worksheets with instructions or steps to follow, a project goals checklist to tick, a webquest to develop critical thinking skills, etc.
- Assess the quality of projects by using professional work as a reference. Boost the quality of your pupils' work by showing them good examples of other pupils' work. Develop scaffolding to help pupils reach the standards and include both individual and group grades.

- Promote full participation by using a checklist for active observation of pupils that will give you objective evidence of their performance. Set realistic alternatives and consequences for non-participation such as suggesting individual ways of working on the project, negative individual grades, etc.
- Foster reflection strategies both for the process and for the final product from a critical point of view to improve future performance.

When deciding on how to group your pupils, you should consider your rationale so as to group pupils according to the right criterion. Here are some ideas to arrange your class for group and project work.

Grouping for leadership. If you have passive pupils who need someone monitoring and taking control of their active contribution in group work, pre-assign groups and make sure these pupils share groups with class leaders (those pupils who are more skilled or have more knowledge).

Random selection groups. If the task does not require specific pupils to be separate or together, you can simply put the groups in alphabetical order, take their names from a bag or hat, use a pack of cards (group them based on having black or red cards, cards in a specific order, the same numbers ...) or word-family cards, synonym word cards, date of birth, etc.

Then, you can rotate some members to create new groups. Turn and talk (front row/back row) for a quick group task is also a possibility.

If you are familiar with your pupils' interests, e.g. football teams, make cards with the names of the most popular players and use them to make the 'football teams'. You can do this with popular bands, TV series and cartoons of their interest.

Grouping by interest. Have your pupils complete a survey and group them based on their responses. You can also design the task according to different interests and give pupils the opportunity to join a group according to their personal interest or expectations of the task, e.g. in a presentation about their hometown, pupils interested in history can focus on historical buildings and pupils interested in sports can focus on stadiums and sports facilities.

How to work with stories

Stage 1 - Before listening to the story

First, talk to pupils about the characters appearing in the story and about the places in which they appear. Ask pupils what they can see in the pictures and invite them to guess what will happen in the story. Remember to praise pupils for all their ideas, but do not correct them and do not explain too much. (In a moment, pupils will listen to the recording and check if they were right.) At the beginning of the school year, you may wish to ask questions in L1, little by little switching to English. Focus more on what occurred in the story than on the language itself. First, pupils will understand the story as a whole, then they will remember the vocabulary used in the story. Questions for this stage can be found at the back of each story card.

Stage 2 - Listening to the story

All the stories have been recorded by professional actors. However, if for any reason it is not possible to play the recording or if the teacher wants to tell the story himself/herself, the complete text of the recording is provided on the back of each story card. At this stage remember to encourage pupils to compare their previous ideas with what actually happened in the story. Play the recorded story and/or play the animation and ask pupils to point to the appropriate pictures in the Class Book.

Stage 3 - After listening to the story

After listening to (or watching) the story together, ask pupils a few questions about it to make sure that they understood what happened. You may use the questions provided on the back of each story card or make up your own questions.

When answering, pupils additionally practise and consolidate the previously introduced language material. At this stage, it is best to speak English.

Stage 4 - Acting out

After having listened to the story a few times, your pupils should be ready to act it out. Pupils can contribute to the story, first by making particular gestures and then, depending on the difficulty of the text, by using simple phrases. You may also play particular parts of the recording and ask pupils to repeat them each time. You may want to give pupils time to 'learn' their parts to act out in the next lesson. For mixed ability classes, delegate parts to the pupils. More able pupils can take on parts with the most lines.

Next, you may divide pupils into groups and ask each of them to say the lines of one character. Under the teacher's supervision and on the basis of the pictures, pupils quote the lines of appropriate characters. To make this exercise more interesting, you can bring items to be used as props. In order to conduct this part of the activity successfully in mixed-ability classes, suggest assigning the characters which have larger parts to stronger pupils.

How to use the Story Cards

There are many ways that the Story Cards can be used with the stories in *Team Together Oman* Grade 3. Here are some ideas

- Cover the numbers on the cards. Shuffle the cards, stick them to the board and ask pupils to arrange them in the correct order.
- Cover the numbers on the cards. Stick the cards to the board in the correct order. Ask pupils to close their eyes, then take away one card. The pupils are supposed to identify the missing card.
- Cover the numbers on the cards. Hide the cards in various places in the classroom. Ask pupils to find them and stick them to the board in the correct order.
- Show pupils a story card and read the corresponding lines. When reading, make intentional mistakes, e.g. say red instead of yellow. Pupils correct your mistakes.
- Distribute the story cards among a few pupils. Play the story recording. When a pupil hears the lines referring

to his or her card, he or she should stand up and show it to the class.

Exercises without story cards

- Ask pupils to draw a scene from the story they have heard.
- Ask pupils to invent another ending for the story they have heard.
- Pupils draw their favourite character.
- Talk to pupils about what the characters learnt.
- Ask the pupils about the way they would behave or feel if they were one of the characters.
- Read some lines from the story. Pupils should provide the name of the character who says the lines.

How to do the shared reading sessions

There are lessons for shared reading throughout the year. These are indicated in the teaching notes and are usually at the end of every unit. However, you can use shared reading flexibly to suit pupils' needs.

- Choose a Big Book with the class. It's beneficial if pupils contribute to the selection. You can present pupils with options and they say which story they would like to hear. Or, you can ask different pupils each time to choose a story. If you prefer, choosing a story can also be a reward for excellent work in class or for helping a classmate, or similar. The remaining unit reader can be read either at home or in classroom quiet time.
- Ensure that you hold the book so that all pupils in the class can see it.
- For each picture, ask pupils what they can see. This is a pre-reading activity. Read the page. Ask pupils questions about what they have read. These might be simple, checking that they have understood what they have read. Then ask pupils what they think might happen next. These are during-reading activities.
- Then, at the end of the story, ask pupils questions about the story, or ask pupils what they liked about it. If you have class time, you can ask pupils to participate in a shared reading post-reading activity, such as drawing a picture of their favourite character or event from the story.

How to work with posters

Posters can be a powerful and engaging tool for presenting or consolidating the language covered in the Class Book.

In Team Together Oman Grade 3 Semester 1, there are seven full-colour vocabulary posters featuring the main characters of this level. Each poster can be used for presentation or revision of the first set of vocabulary from each unit.

Techniques of working with posters

Stick the poster to the wall in a visible place. In this way, it will remind pupils of the material they have covered.

Predicting. In order to create the atmosphere of anticipation and to invoke curiosity in pupils, before you show the pupils a poster, give them its title. Tell pupils

that in a moment they will see a poster with e.g. toys. Ask pupils to think about the vocabulary which may be presented in the poster. Encourage pupils to provide examples of particular words related to this thematic group. In the case of toys, it will be a teddy, a doll, a ball, a kite, etc. Then, stick the poster to the wall and check together how many words the pupils predicted correctly.

Asking questions. Point to the objects, persons, colours, etc. presented in the poster and ask questions What's this? What colour is it? How many (balls) can you see? Is it a (doll)?, etc.

Finding and pointing. Ask individual pupils to come to the poster, find and point to appropriate objects, e.g. Point to the (red car), etc. You may also divide pupils into two teams and change finding particular elements into an exciting competition. Ask one person from the team to come to the poster and find a particular object. If he or she does it correctly, the team scores a point. If he or she makes a mistake, another team takes a turn. Pupils may replace the teacher and give the commands.

Memory game. Set a specific time limit, e.g. 30 seconds. Tell pupils to look at the poster carefully and remember as much as they can. Then, cover the poster or take it off the wall and ask pupils one by one about the objects presented in the poster. You may also ask about the features of these objects, e.g. Is the (ball) (big)? What colour is the (kite)? The pupils' task is to answer from memory. You may also conduct this exercise as a team competition, observing the time limit. The team who provided the biggest number of names of objects from the poster wins.

True or false? Point to various objects in the poster and make true or false sentences related to them. For example, point to a doll and say *It's a teddy*. Pupils answer *No*.

Quiz. Tell pupils that you are thinking about a certain picture from the poster. The pupils' task is to guess which picture you mean. You may describe the object you have in mind for more advanced pupils, e.g. It's brown. It's small. What is it? Pupils answer (It's a teddy.)

Peeping through a keyhole. Cut out a hole (5–7 cm wide) resembling a keyhole in the middle of a large sheet of paper. Place the sheet on the poster and ask pupils what they can see. Move the sheet on the poster so that each time pupils guess the name of another object.

Singing. Use a chant related to the subject of the poster and introduced in the Class Book. Ask one or more pupils to come to the poster. Play the chant; the task of pupils standing by the poster is to point to the objects mentioned in the recording.

Placing words on the poster. If pupils can recognise written words, you may ask them to place appropriate word cards below the pictures in the poster. One by one, pupils come to the poster and place a card with the corresponding word in the appropriate place. Then you may ask all pupils to read the words aloud together.

Make your own poster. Pupils can create their own posters, based on a similar topic.

How to work with videos and animations

Videos are a great tool for conveying information to young learners. A combination of images, movement, colours, sounds, music and language fulfils its educational functions at all levels of understanding. Pupils may watch the same videos many times and each time their perception of the material they watch is enhanced.

How is the video material presented?

In *Team Together Oman* Grade 3, there are four types of video material for each unit: story animations, Project videos, English in Action videos and Culture videos.

When to use the video material?

- You can use the story animations either as the presentation stage, or after you have listened to and read the version available in the Class Book.
- Project videos are to be used as a way to make sure pupils understand the steps of the project.
- Culture videos are to be used as an extension of the content presented in the Class Books as they offer additional information about the topic covered in the lesson.

It is likely that during the first viewing pupils will not understand the entire text presented in the recording, but they will get the meaning of the pictures, sounds and the rhythm of the spoken language. They will remember some phrases, especially those which are often repeated. You can also use the animations and the videos to revise the material. Pupils have got good short-term memory, but watching the same episodes again two months after new material was introduced will considerably stimulate their memorising ability.

What are the techniques of working with the video material?

- listening with the screen covered (blind listening)
- watching with the sound muted (silent viewing)

How to use the video material?

- Watch the video with pupils from the beginning to the end. Encourage pupils to say aloud the English words which they remember from the recording.
- Watch the video again, stopping the recording after each scene or step so that you can ask pupils questions about the things they see.
- Pupils complete the photocopiable worksheet corresponding to the recording.

Where can you find worksheets for the video material?

Worksheets for the video material are included in the photocopiable resources, which can be downloaded from the online resources.

Games used in the Teacher's Guide

Stay as it is. This game can be used with two-part phrases such as *get up, have lunch,* etc. Ask pupils to write at least four phrases down on strips of paper. Then cut the strips of paper in half. Mix them up and give out the strips again. Pupils match them back together again.

The alphabet game. Play the game around the class. Say the first letter of the alphabet, a. Gesture for a pupil to say the next letter, b. The pupil next to them says c, and so on around the class. You can also start from other points of the alphabet if you wish (m, n, o for example).

Spell it. This is a good way to revise spelling and vocabulary. Have pupils stand in a circle. Explain that you will say a word for them to spell. The first pupil on your left begins by saying the first letter, the second pupil the second letter of the word, and so on until the word is correctly spelt. If a pupil makes a mistake, the game starts from the beginning until the word is spelt correctly.

Spot the spelling mistake. This is a fun spelling game. Explain that you will say and spell a word but that it might be incorrectly spelt. If pupils catch the mistake, they get a point. If not, the teacher gets a point. Keep score on the board.

Picture dictionary. This is good for testing vocabulary. Explain to the pupils that you will say a word and they have to draw it in their notebooks. Check that the pictures match the word.

Memory game. This is good for testing vocabulary sets. Place pupils in pairs. Give each pair a piece of paper for them to cut it into four pieces. They draw four pictures (for example transport items) and write the four words. Pupils then mix the pieces up and place them face down to play a memory game. They take it in turns to try to remember which word is on each card. If they are correct, they keep the card. The person with the most correct cards is the winner.

Charades. If it is possible, ask pupils to sit in a circle. Give one pupil the entire set of cards. Play some music. Pupils pass the set on when they hear the music. Stop the music. The pupil who holds the set stands up, selects one card and mimes the word (e.g. if he or she has chosen a picture of a banana, he or she mimes peeling it and eating it). The task of the others is to guess the word. The card described is taken away and the game goes on.

Salim says. Give pupils simple instructions. Warn them, however, that they can follow the instructions only when these are preceded by the phrase Salim says, e.g. when you say Salim says jump, pupils can jump, but when you say only Jump, they cannot move (explain to pupils that Salim is a king who gives them commands). The pupil who makes a mistake loses one point. Vary the speed of instructions to make the game more interesting. Later, you may ask pupils to give instructions. Instead of the name Salim, you may use the word teacher, your name, or the name of a toy or puppet, if you use it.

Other games

You can also use the following games when you wish in any lesson.

Flashcard games

Which card is this? Cut out a small square in the middle of an A4 sheet of white paper. Cover the flashcards with this sheet so that pupils can see only part of the picture in the cut-out hole. Ask pupils to quess what the cards show.

Observation. Show pupils a flashcard, but do it quickly. Then ask them *What's this?* The pupils' task is to name the object shown on the card. If pupils fail to guess it the first time, show them the card again, a little more slowly than before.

Guess and take it! Hold up a flashcard. The pupil who is first to say the word presented in the card may take it. The pupil who collects the highest number of cards wins.

Echo. Make sure that pupils are familiar with the echo technique. Show them the flashcards and say the relevant words. Ask pupils to repeat the words after you a few times, getting quieter and quieter, like an echo.

Remember and say it! Stick four or five cards to the board. Ask pupils to remember what they present. Then, remove the cards from the board and ask pupils to say the names. Repeat with other cards.

Remembering the order. Select four flashcards from the same topic and stick them to the board. Ask a few volunteers to look at the pictures and say the names of the objects presented. Then, ask pupils to remember the order in which the cards are placed on the board. Stick the cards face down on the board and ask pupils to say the words in the correct order.

What's missing? Stick the flashcards on the board (or on the top of a table). Give pupils a few minutes to remember the order in which they are placed. Then, ask pupils to close their eyes. Remove one of the cards. Ask What's missing? Pupils identify the missing card.

Snap! Prepare flashcards from one vocabulary group. Say or write on the board one word from the group. Show pupils all cards from the group. When pupils see the card with the picture corresponding to the word, they call *Snap!*

Which card have you got? Select a few flashcards and give them to pupils. Ask them to pass the cards on in such a way that they cannot see what they show. At some point, say *Stop* and ask *Who's got the* (apple)? The pupil with the card you asked for says *Me!*

Where is this card? Stick the flashcards around the classroom. Say the words and pupils run to the appropriate cards, or point to them if there is not enough space.

Listen and pass it on! Distribute the flashcards with selected words among pupils (e.g. one card per desk). Speak out sentences including the selected words and ask the pupils to pass appropriate cards to you.

Standing up. Hand out the cards from one set, e.g. toys, to individual pupils. Say the names of the toys aloud. The pupil holding the card showing the toy stands up when he or she hears its name and then shows the picture to the other pupils.

Raise your card. Distribute the cards among pupils. Tell pupils a short story in English. When a pupil hears the word depicted in his or her card, he or she raises it up.

Yes!/No! Show pupils the flashcards and ask them to name the pictures together with you. Then, show pupils the cards in such a way that only they can see the pictures. Say a word in English. Pupils say Yes! if the picture shows the word you said. If the picture does not show the given word, pupils say No! Continue saying words until all the pictures are correctly named.

Numbers. Stick five flashcards on the board. Ask one pupil to come to the board and to write numbers under the pictures, following your instructions, e.g. 'Doll' is number (one). Do the same with the four remaining cards. Then, ask individual pupils What's number (three)?

Which is different? Stick a set of five cards on the board: four from the same group and one from a different group. Ask pupils Which is different? The pupils' task is to find the odd card as quickly as possible.

Categories. Revise the vocabulary belonging to two topics, e.g. toys and parts of the body, using the flashcards. Show pupils the flashcards and check if they can name them. Then, divide pupils into two groups and ask them to recall as many words belonging to one category as they can. Award the team one point for each correct answer.

Game with the bag. Put a few flashcards belonging to various categories in a nontransparent bag. Ask pupils to pick one card from the bag and name the item it presents. A pupil picks up cards and names pictures until he or she takes a picture he or she is not able to name. Count all the correctly named cards and award the pupil one point for each card. Put the cards in the bag again and repeat the game with another pupil. The winner is the pupil who scores the highest number of points.

Countdown. Divide the class into small groups. Give each group several shuffled flashcards relating to different units (prepare copies of cards if you want each group to have the same set). Ask the groups to divide the cards into separate categories (e.g. colours, school objects, etc.). The winner is the group which completes the task first.

Easy or difficult? Divide 20 flashcards into two groups: 'easy' (e.g. with vocabulary relating to the currently discussed unit) and 'difficult' (e.g. with vocabulary relating to previous units). Divide the class into two teams. Each team scores 5 points for each correctly given word from the 'difficult' group and 1 point for a word from the 'easy' group.

Phonics games

Stand or sit? Say the target sound, e.g. b-, and write the letter on the board. Pupils repeat the sound. They then stand up and listen. If you say a word that starts with the target sound, e.g. ball, they stay standing. If you say a word that starts with another sound, e.g. doll, they should sit down. Start with words that pupils know, and then move on to other words with the same initial sounds. The focus here is on recognising the sounds rather than on the meaning of the words. Be careful to choose words with pure initial sounds and not mix them up with clusters, e.g. b-, but not bl- or br-.

Which letter? Display A4 sheets of paper with large single letters drawn on them in different parts of the classroom. When you say a particular sound/letter or a word starting with one of the letters, pupils run to the correct sheet of paper. (If you do not have much room, pupils can just point to the correct letter.) Start with the sounds in isolation, move on to words that pupils know, and then move on to other words starting with the same letter. The focus here is on recognition of the sounds rather than on the meaning of the words. Be careful to choose words with pure initial sounds and not mix them up with clusters, e.g. b-, but not bl- or br-. When pupils know more sounds, you can increase the challenge by putting four different letters around the classroom.

Flashcard and Word Card games

Match the cards. Stick word cards belonging to one group on the board in one column. Stick a shuffled set of corresponding flashcards in another column. Ask pupils to come to the board one by one and match the flashcards with the appropriate words.

Mime the word. Stick five or six word cards to the board in one row. Prepare the corresponding flashcards and ask certain pupils to come to the board and place the pictures under the appropriate word cards. When all cards are correctly matched, point to particular words and encourage pupils to read them together. Then, take off the flashcards. Ask one pupil to come to the board and point at the word to be mimed. Do the same with the other words.

Find a match. Prepare five flashcards and five corresponding word cards. Distribute them among pupils and then ask them to come to the front of the class. Explain to them that you will count to ten (or fifteen, if pupils know these numbers) aloud together with other pupils and during this time they have to find their match. When they find their partners, pupils stand up and raise their cards.

Music cards. Prepare a recording with music. Distribute shuffled flashcards and corresponding word cards among pupils. Play the recording. The pupils' task is to pass cards on from one to another. When you stop the music, the pupils holding word cards stand up and read the words aloud. The pupils with flashcards stand up upon hearing a word corresponding to their picture.

Games bank

Draw the word. Place a set of word cards on the desk. Draw a box on the board. Ask a pupil to pick up the first card and draw the object mentioned in the card in the box on the board. Other pupils guess the word. When they guess the word, the pupil shows the word card to the class.

Games with a puppet/soft toy

Words and scenes. Using a soft toy, speak out a new word in English and ask pupils to perform a simple task, e.g. Find something red. Stand up. Pick up an eraser. Point to ... Touch something ..., etc.

Questions. Using a soft toy, ask pupils simple questions, e.g. What's your name? What colour is it? Have you got a pencil?

Can I have ..., please? Distribute flashcards to pupils. Ask them to name objects presented in the cards. Then, using a soft toy ask for particular cards, e.g. Can I have the (bird), please? The pupils' task is to give the appropriate card to the toy.

Pass the soft toy. If it is possible, ask pupils to sit in a circle. Play the recording of the song you want to revise and ask pupils to pass the soft toy to one another when they hear music. When you stop the recording, the task of the pupil holding the toy is to say a word or a line from the song. Start the recording again.

Games with songs and chants

Sing and respond. Provide a few pupils with one word they have to remember. (The words should come from the song or chant you want to revise.) Play the recording and ask pupils to stand up and sing and sit down when they hear their word.

Sing and stand in the correct order. Use the flashcards with objects appearing in the song you want to revise. Ask a few pupils to come to the board. Give them the cards. Explain to pupils that their task is to listen to the lyrics carefully and to stand in the order in which the words from their cards appear. The other pupils sing the song.

Performances. Select a few songs or chants for which you can prepare simple costumes or props. Teach pupils to show the content of the song or chant with gestures or mimics. Invite parents, teachers or pupils from other classes to a mini-performance.

TPR activities

What does the picture present? Distribute small sheets of paper among pupils and ask them to draw on them one object from the covered material, e.g. food. Collect the papers and stick them to pupils' backs without revealing to them what the pictures present. The aim of the game is to stimulate pupils to ask questions, thanks to which they will be able to guess which picture they have on their backs, e.g. Is it a (pen)? Pupils may walk around the classroom or play in pairs.

Broken telephone. Divide pupils into two groups. Pupils stand in two rows. First pupils in each row should stay

close to the teacher's desk. Put flashcards belonging to two categories, e.g. toys and classroom objects, on the desk. Whisper one word from different categories (e.g. 1-pencil, 2-robot) to the two last pupils in the rows. Say *Start!* Pupils whisper the word one to another to the first pupil in the row. The task of this pupil is to select the appropriate picture card from the pile lying on your desk and show it to you. A team scores one point for every correctly chosen card. Then the first pupil in a row goes to its end and the game goes on.

How many of us are there? Play a recording with lively music and ask pupils to move around the classroom in a particular way (jumping, walking, moving). At some point, stop the music and say a number between 2 and 5 in English. Pupils have to form groups composed of the appropriate number of people. Pupils who have not joined any group have to wait one turn. Continue the game.

Catch and say it! Ask pupils to stand in a big circle. Say a category of vocabulary (e.g. toys) aloud and throw a soft ball to a selected pupil. The pupil has to say a word from the category you chose. If the pupil doesn't catch the ball or say the appropriate word, he or she has to sit down. Continue the game until all pupils sit down.

Pass the ball. Ask pupils to sit in a circle. Choose a category of vocabulary. Give pupils a small soft ball and ask them to pass it from hand to hand. Every pupil who receives the ball has to say a word belonging to the chosen category — if he or she fails to do so, he or she drops out of the game.

The ball is burning. Pupils standing in a circle throw a ball or a soft toy to one another and name the colours. The ball or soft toy shouldn't be caught when somebody says *Black!* If, despite that, somebody catches the ball, he or she kneels or squats down and continues playing. When he or she catches the ball properly in the next turn, he or she stands up.

Guessing game: pictures. Ask one pupil to slowly draw on the board a picture presenting a new word from the current lesson. Other pupils try to guess what the picture presents and say the appropriate word. The pupil who guesses the word first draws the next picture.

I name it and you point to it. Pupils sit in a circle. In the middle, place a few flashcards belonging to one vocabulary group. Ask pupils to keep their hands behind their backs. Say a word presented on one of the cards placed in the middle of the circle. The pupils' task is to touch it as quickly as possible. You can divide the class into teams and award points to the group whose representative touched the card first. Pupils may also play this game in pairs or in small groups.

Word Swat. Divide pupils into two teams. Ask them to stand in a line facing the board. Give the pupil at the front of each team a fly swatter. Place words randomly on the board. Say or describe a word. The pupil with the fly swatter must run and swat the correct word/s. The pupil who completes the task first wins a point.

Team games

Board race. Divide the class into two teams. On the board, draw a long racetrack divided into a number of stages corresponding to the number of questions prepared. Use pieces of colourful paper or magnets as pawns (one for each team). Ask pupils questions, e.g. show them flashcards, story cards or objects located in the classroom and ask What's this? How many? The pupil who provides the correct answer scores one point for his or her team and may move the pawn to the next field. The team which reaches the finishing line with the highest score is the winner.

Answer and draw points. Divide the class into two teams. Invite representatives of both teams to the board in turns. Quietly give them particular pictures and ask them to draw their own appropriate pictures on the board. If the team members guess the word first, they win a point for their team.

Repetition game. Divide the class into two teams. Invite one from each team to the front of the class. Stick a few flashcards to the board and number them. Ask a pupil to provide the number of a picture on the board. Roll the dice or spin the spinner. The pupil has to repeat a given word the stated number of times. For correct performance of the task, the pupil scores for his or her team the number of points equal to the number on the die or spinner.

Team quiz. Show pupils a set of ten flashcards and ask them to name the objects presented. Raising each of the cards, ask *What is it?* The pupils' task is to name the picture *It's* (a boat). Stick the cards face down on the board. Behind the cards, write numbers from 1 to 10. Divide pupils into two teams. Say the names of the objects on the back of the cards aloud. The pupils' task is to guess which number represents a specific picture. Reveal the card to which the pupils have pointed: if the answer is correct, the team scores 2 points. If the answer is incorrect, it's the turn of the other group to guess. The game continues until all cards are revealed.

Noughts and crosses. Divide the class into two teams: 'noughts' and 'crosses'. Draw the grid for noughts and crosses on the board. Place one card in each field of the grid, picture side up to the board. Ask a pupil from the first team to reveal one card. If the pupil can say the correct word, he or she may take the card and place the sign of his or her team in that field. Then the pupil from the other team does the same. The winner is the team which manages to put three signs in a row.

Listen and touch! Divide the class into two teams. Stick a certain number of flashcards to the board. Ask one pupil from each team to stand in front of the board. Say one of the words presented on the cards on the board. The pupil who touches the correct card first scores one point for his or her team. Repeat with other pupils and cards.

Guess the name. Divide the class into two teams. Ask one pupil from each team to come to the front of the class and stand with their back towards you. Hold up a flashcard, count to three and say *Turn around*. The pupil

who turns around first and says the correct word scores one point for his or her team. Repeat with other pupils and cards.

Draw and guess. Divide the class into two teams. Give one pupil a word to draw (you can give the pupil a word card). The pupil draws the picture on the board for his or her team. The team members try to guess the word. If they are correct, they get a point. Repeat with the second team. You can also give a set time period when the team has to guess the word. If they don't guess correctly, the second team can guess. If the second team guess correctly, they can get the point again.

Woman: And what do you do in the afternoon? **Girl 2:** We don't play in the afternoon. We do

homework.

Woman: In the afternoon?

Girl 2: Yes.

Woman: And what do you do at night?

Girl 1: We play with our toys.

Girl 2: It's fun!

2 \(\infty \) 1.13 Cut out. Then listen and play. (10 minutes)

- Have pupils find and cut the Unit 1 cut-outs on page 107. Each pupil opens his or her own cards.
- Replace pupils in pairs and play the audio. Ask two
 volunteers to read the dialogue aloud. Explain that
 pupils are going to play a game.
- Ask pupils to look at their cards and, using the Lollipop stick technique (see page 15), have random pupils describe their activities.
- Place pupils in pairs. Pupils then place their own cards face down in a pile in front of them. Each pupil then takes it in turns to turn over a card from their set of cut-outs and say the name of that activity. If the cards match, the first pupil to say Snap! keeps the cards and then says a sentence about when they do the activity. The pupil with the most cards wins.
- We use the Expert envoy technique (see page 16) to help pupils who haven't understood the game.

1.13

Boy 1: Have dinner.

Boy 2: Have dinner. Snap! We have dinner in

the evening.

Boy 1: Yes.

Extra activity Communication

Write What do you do on _____ afternoons?

- AP Place pupils in pairs and have them write a short dialogue where they write a day in the gap and answer the question with an activity.
- Tell pupils to use their imagination; the activity can be imaginative and not real.
- Pupils then come to the front and act out their dialogue.

Extra activity TPR

- On the board, write twenty new words the pupils have been taught so far.
- See Divide the class into two teams and have them form two lines at the back of the room. Give each leader a fly swat and have pupils play the Word Swat game (see page 22).

Finishing the lesson (5 minutes)

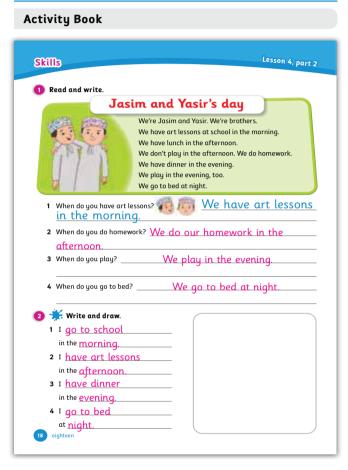

- Make a sentence about an event, for example I have lunch. Pupils say if it is in the morning, in the afternoon or at night.
- 🕮 Pupils can do the same in pairs.

Lesson 4, part 2

Starting the lesson (5 minutes)

- Place the Unit 1 flashcards (times of day) on the board.
- Ask pupils to make a sentence with a daily routine activity and each flashcard, for example, I get up in the morning.

Practice

- 1 Read and write. (10 minutes)
 - Give pupils time to read about the boys' day and to answer the questions.
 - 👺 They can check answers with their partners.

2 🗱 Write and draw. (10 minutes)

- Ask pupils to say as many new words from the unit as they can. Write them on the board.
- Explain that pupils have to write about their day and then draw a picture of themselves in the box.
- Pupils show their work to their peers and use the Two stars and a wish technique (see page 16) to comment on each other's work. They read their sentences to each other.

Dictation (5 minutes)

- Ask pupils to get ready with some paper and a pen.
- Play the audio for pupils to individually listen and write the words.
- · Check answers as a class.

D1

- 1 do homework
- 2 get up
- 3 go to bed
- 4 go to school
- **5** have art lessons
- 6 have breakfast
- 7 have dinner
- 8 have lunch
- **9** play
- 10 pray

Finishing the lesson (10 minutes)

• Susing the Summative and thought-provoking questions technique (see page 16), have pupils reflect on the lesson and how well they have done in it. Encourage them to say what they have managed to do, where they had difficulty and what they were really good at. Have a classroom discussion where pupils exchange tips on how to improve in vocabulary. If necessary, use L1.

Culture and Project

Lesson 5, part 1

Starting the lesson (3 minutes)

- Divide pupils into pairs. Give them two minutes to write down as many words related to food as they can. Check as a class and write all the words on the board.
- Point to each food word and say Raise your hands if you like

Presentation (2 minutes)

 Explain that in this lesson pupils will learn about traditional breakfasts from different countries. Ask pupils if they know anything about breakfasts in other countries. Explain that cafés and hotels usually have traditional breakfasts. Pupils look at the four pictures on page 22. Say Let's read the words ... tea, toast, porridge, cereal, pickles, soup. Ask pupils which breakfast they like most.

Practice

Class Book

1 Before you read What do you have for breakfast? (5 minutes)

Ask pupils what they eat for breakfast.
 Alternatively, ask Do you eat toast for breakfast?
 Do you eat cereal for breakfast? Do you drink milk?
 Do you drink tea? Use the Lollipop stick technique (see page 15) to make sure a variety of pupils are asked.

2 1.14 Listen and read. (10 minutes)

- Ask pupils to look at the pictures. Say the words in bold as pupils point and repeat.
- Play the audio and pupils listen and follow in their Class Books. Play the audio again and pupils read along with the audio.
- Ask pupils to describe what they can see in each picture and if they like it, e.g. I can see toast. I like toast. I can see porridge. I don't like porridge.

• Extension & Ask pupils to work in pairs and say any new things they have learnt about the breakfasts, e.g. Some people in Japan eat fish for breakfast.

1.14

Traditional breakfasts

Breakfasts are different around the world.

In the UK, some people have toast and tea. Children often have cereal, milk and juice.

People have this for breakfast in South Africa. It is corn porridge with sugar and milk.

Some people in Japan eat a big breakfast. They have fish, pickles and vegetables. They have rice and soup, too.

Which breakfast do you like?

3 Pind out more! Watch the video. (5 minutes)

- Have pupils use the Three facts and a fib technique (see page 16) to test each other's understanding of the video.
- Ask pupils what food was in the video and if they liked it or not. Encourage pupils to say, e.g. I like I don't like

Extra activity Critical thinking

 Ask What is a healthy breakfast? Write Healthy and Unhealthy on the board and add pupils' suggestions.
 In pairs, pupils compare their breakfasts and discuss if they are healthy.

Diversity

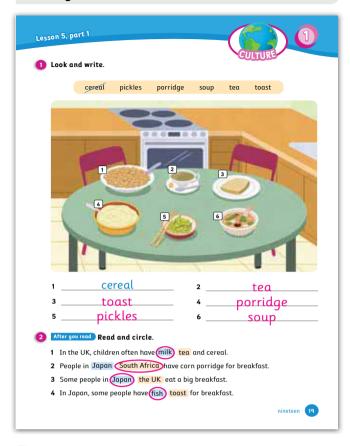

Support

 Read each text aloud. Then read the sentences separately and ask pupils to repeat each line after you.

Challenge

 Expupils work in pairs and invent an unusual breakfast. Ask pupils to share their ideas with the class.

Activity Book

- 1 Look and write. (5 minutes)
 - Ask pupils to read the words in the box.
 - A Pupils complete the activity then check the answers in pairs.

2 After you read Read and circle. (5 minutes)

 Pupils complete the activity individually. Check answers as a class. Ask pupils to read the complete sentences.

Extra activity TPR

• Say things about the texts on page 22 of the Class Book. If they are true, pupils clap. If they aren't true, they stamp their feet. Say, e.g. People in the UK have fish for breakfast. (False) People in Japan have rice. (True)

Finishing the lesson (5 minutes)

- Name a type of breakfast. Pupils call out *healthy* or *unhealthy*.
- Repeat for all the food they have met in this lesson.

Culture and Project

Lesson 5, part 2

Starting the lesson (5 minutes)

 Ask pupils about breakfasts. What is their favourite breakfast? What don't they like?

Presentation (5 minutes)

 Explain to pupils that they are going to make a class poster of breakfast in Oman. Explain that this can be about anything people eat in Oman, not only what they like to eat.

Practice - Project

Class Book

Make a breakfast menu for Oman. (25 minutes)

- Have pupils open to a blank page in their notebooks. Using the Lollipop stick technique (see page 15), choose a pupil to read through the instructions.
- Brainstorm the names of different foods they think they will use. Write them on the board.
- Tell pupils they can use the ideas from the board to write a few sentences about their breakfast menu.
- Have pupils present their work to the class.
- Make a classroom display.

Extra activity Fast finishers

• BE For pupils who finish their menus early, ask them to practise presenting their menus in pairs. They talk about the food they have included and say why they like it.

Finishing the lesson (5 minutes)

- ② Do a dictation of new words learnt. Pupils correct each other's work in pairs.
- Suse the Summative and thought-provoking questions technique (see page 16) to ask pupils what kinds of things they have learnt.

Lesson 6, part 1

Starting the lesson (5 minutes)

- Have pupils write in their notebooks ten words they have learnt in this unit.
- Say all the new words from this unit in random order.
 Each time pupils hear a word on their list, they cross it off. The first person to cross off all their words calls out Bingo!

Presentation (5 minutes)

- Explain that in this lesson pupils will learn how to ask and tell the time.
- On the board, write What time is it? Explain that this is the term we use to ask the time.
- Show pupils the clock and the Tell the time poster. Point to numbers 1–12 and elicit the words. Then place hands to show quarter to/past three and ask What time is it? It's quarter to/past three. Continue with a few more different times with quarter to/past, then repeat with half past.

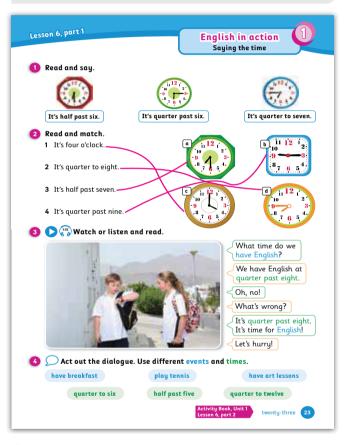

- Place the hands to show half past and ask What time is it? Present half past. Repeat with half past different hours
- Do the same with quarter to and quarter past.

Extra activity Collaborative work

- See Place pupils in small groups and give them a sheet of paper. Ask pupils to write seven different times of the day on it.
- Have pupils say the time and what activity they do at that time.

Practice

Class Book

1 Read and say. (2 minutes)

- Have pupils look at the three clocks and say the correct time.
- 2 Read and match. (3 minutes)
 - Have pupils read the first sentence and match it to the correct clock.
 - Ask pupils to do the same with the remaining sentences. They can use the Tell the time poster to help them.

3 D 1.15 Watch or listen and read. (10 minutes)

 Ask pupils to look at the picture and describe it. Ask pupils why they think the children in the picture are running.

English in action

- Play the audio or video once for pupils to read and listen to or watch.
- Play again for pupils to repeat chorally.
- A Place pupils in pairs to read the dialogue to each other.
- Extension Have a class discussion on why we can sometimes be late for school. Ask pupils to think about why it's impolite to be late.

1.15

Boy: What time do we have English?

Girl: We have English at quarter past eight.

Boy: Oh, no!

Girl: What's wrong?

Boy: It's quarter past eight. It's time for English!

Girl: Let's hurry!

Act out the dialogue. Use different events and times. (10 minutes)

- Stop/Go technique (see page 16), have pupils tell you if they are ready to proceed with the activity.
- Explain that pupils can use straw puppets if they like.
- Using the Lollipop stick technique (see page 15), invite pupils to come to the front of the class and act out the dialogue.

Diversity

Support

 Give pupils the dialogue written on strips and place them on the table in a different order. Explain that you will play the dialogue and pause at each sentence. Pupils have to find the strip of paper and say the sentence.

Challenge

 Pupils memorise the dialogue and say it to the class as they mime to it.

Finishing the lesson (5 minutes)

• Pupils demonstrate their dialogues to the class.

Lesson 6, part 2

Starting the lesson (15 minutes)

- Show pupils the clock. Move the hands to different times (half past, quarter past, quarter to). Pupils say the time.
- Do the same with the Tell the time poster. Point to different clocks and elicit the time.

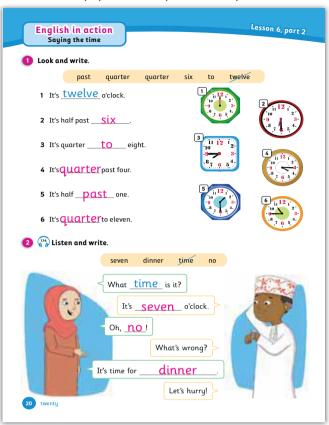

Practice

Activity Book

- 1 Look and write. (10 minutes)
 - · Ask pupils to read the first gapped sentence and

elicit the answer using the words in the box.

• 🕮 Have pupils work in pairs to complete the task.

2 🞧 1.16 Listen and write. (10 minutes)

 Play the audio. Pupils write the answers. You can play the audio more than once if necessary.

1.16

Girl: What time is it?

Boy: It's seven o'clock.

Girl: Oh, no!

Boy: What's wrong?

Girl: It's time for dinner.

Bou: Let's hurry!

Extra activity Fast finishers

Have pupils ask what time it is now.

Finishing the lesson (5 minutes)

 Use the Summative and thought-provoking questions technique (see page 16) to ask pupils to tell you what they have learnt today, what they think they are good at and in what area they need a little more practice.

Extra activity Photocopiable 33

• Ask pupils to do photocopiable 33.

Phonics

1

Lesson 7, parts 1 and 2

Objectives

- Lesson objectives: to learn the sounds for consonant digraphs wh and ph; to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky word: go; to adopt strategies to recognise and read tricky words in sentences
- Target words: wh /w/: whale, wheat, wheel, white; ph /f/: alphabet, dolphin, elephant, phone
- Tricky word: go

Global Scale of English (GSE)

- Reading: Can follow simple dialogues in short illustrated stories, if they can listen while reading (GSE 26).
- Listening: Can understand the letters of the alphabet by their names (GSE 10). Can recognise familiar key words and phrases in short, basic descriptions (e.g. of objects, people or animals), if spoken slowly and clearly (GSE 24).
- Speaking: Can say the letters of the alphabet (GSE 10). Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write a single basic sentence (GSE 28).

Materials

- photocopiable 37
- Phonics cards: wh, ph
- optional teacher-made flashcards for consonant digraphs: ch, sh, kn, ng, wh, ph
- optional teacher-made flashcards for tricky words: go, the, when, you, do, to, I

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Lollipop stick technique (see page 15)
- Peer learning: pairwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Lesson 7, part 1

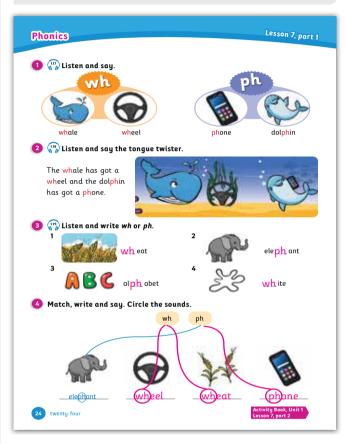

Starting the lesson (5 minutes)

• Review the consonant digraphs from Grades 1 and 2 (*ch, sh, th, kn, ng*). Write the digraphs randomly on the board and ask pupils to recall the sound made by each one as you point. Remind pupils that a digraph is two (or more) letters that go together to make one sound and explain how these are different to blends (where each letter represents a different sound).

- Susing the Lollipop stick technique (see page 15), ask pupils to suggest words that contain each digraph and then to practise blending and segmenting the words. Write the words on the board and circle the digraph each time.
- If pupils find the digraphs tricky to remember, you may wish to use flashcards and games to revise the sounds further.

Presentation

Class Book

1.17 Listen and say. (10 minutes)

- Obey Look at Activity 1 with the class. Focus on the four pictures and talk about what the pupils can see. Explain that pupils will learn two new consonant digraphs in this lesson and point to the digraphs on the page.
- Use the Phonics Cards to introduce the new digraphs and model the sound made by each one for pupils to copy. Stick the cards on the board and use as prompts throughout the lesson if required.
- Play the audio. Help pupils to match each sound and word on the audio to a digraph or a picture and to point to the correct object as they hear each word.
- Encourage pupils to repeat the words and emphasise the target sound each time by saying it louder than the rest of the word.

Phonics

- Ask pupils to close their books and then to work in pairs to recall each of the four words. Challenge them to use phonetic strategies to try to spell each word, remembering to make sure there is a consonant digraph (wh or ph) in each one.
- Review the success of this task and then ask the class to spell the words for you to write on the board. Praise any spellings that are phonetically correct, even if the wrong letters have been used, and then write the words on the board with the correct spellings for pupils to check their answers. Use this as an opportunity to revise different spellings of the same sound if appropriate, e.g. ae / ai / ay and ee / ea.

1.17

wh /w/: whale, wheel ph /f/: phone, dolphin

Practice

2 1.18 Listen and say the tongue twister. (5 minutes)

- Hold up the Phonics Cards or stick them on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the animals or items in the picture that contain these digraphs (whale, wheel, dolphin, phone). Encourage pupils to segment the word for each item/animal and to identify the position of the digraphs within the words.
- Explain that pupils will hear a tongue twister that relates to the picture and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and this time ask the pupils to follow the words as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check comprehension by asking pupils to join the pairs of words that go together according to the tongue twister (whale / wheel; phone / dolphin).
- Repeat the tongue twister as a class until pupils are confident with the language and pronunciation. Ask pupils to take turns holding the Phonics Cards and to listen for the sound that matches the card they are holding. When they hear a word in the tongue twister that contains the sound on their card, they should hold it up for the rest of the pupils to see.

1.18

The whale has got a wheel and the dolphin has got a phone.

3 \(\overline{1.19}\) Listen and write wh or ph. (10 minutes)

- Explain that pupils will now learn some more new words containing the digraphs wh and ph.
- Tell pupils to listen to the audio and point to each picture in turn. As you play the audio, pause after each word, and ask pupils to repeat it.
- Focus on the first picture and ask pupils to recall the word that goes with it (wheat). Write the gapped word from the Class Book on the board (__eat) and sound out the letters that are present, pointing out the vowel digraph ea. Explain that pupils must decide which consonant digraph fills the gap and write both ph and wh in the gap, asking pupils to sound out the word that is made each time, e.g. ph-ea-t and wh-ea-t. Pupils should then decide which digraph is correct to make the word that matches the picture.
- Now ask pupils to complete the rest of the task independently while you play the audio, pausing after each item to give pupils time to write.
- Once pupils have answered all the questions, play the audio again to check the answers as a class, following the same procedure as above.

1.19

1 wheat 2 elephant 3 alphabet 4 white

Match, write and say. Circle the sounds. (5 minutes)

- Point to the digraphs in the letter tiles and ask pupils to say the sounds. Explain that pupils must match the digraphs to each picture by drawing a line and then write the word for each picture below.
- All Have pupils check their answers in pairs to ensure that pupils have included the correct digraph for each word. Monitor their spelling strategies to check that they are applying phonetic rules.

Finishing the lesson (5 minutes)

- Hold up the Phonics Cards for wh and ph and ask pupils to give you a list of words that contain each digraph. Encourage pupils to segment the words as you write them on the board. You may wish to deliberately misspell the words by writing alternative vowel digraphs (e.g., whail instead of whale), and if so, encourage pupils to refer to the Class Book if necessary and to correct you as you write.
- Summative and thought-provoking questions technique (see page 16) to ask pupils what they have learnt today.

Extra activity Photocopiable 37

• Ask pupils to do photocopiable 37.

Lesson 7, part 2

Starting the lesson (5 minutes)

- Start by revising some of the tricky words that pupils learnt in Grades 1 and 2 and that will be covered in this lesson (the, when, you, do, to, I). Strategies for revision can include making flashcards for each word to help memorise them, sentence ordering activities, word ordering activities, qap-fill tasks, etc.
- Remind pupils that tricky words, which appear
 frequently in texts, can't be decoded in the same
 way as other words because not all the letters within
 these words follow the rules of phonics. Remind them
 that they should try to memorise tricky words where
 possible and use phonetic cues, if appropriate, to help
 them.

Practice

Activity Book

1.20 Look, listen and repeat. Read and write. (10 minutes)

- Focus on Activity 1 and explain that pupils will learn a new tricky word (go). See if pupils can recognise or read any of the words in the speech bubbles.
- Focus on the question word When which contains the digraph wh and point out that this word can now be segmented and blended.

- · Play the audio for pupils to listen and follow.
- Ask pupils to work in pairs to read the text in the speech bubbles and to identify and write the new tricky word. They should understand that the initial letter of the tricky word follows phonetic rules, but the second letter does not. Encourage pupils to memorise the spelling of this word.
- See Pupils can then act out the dialogue in pairs if time allows.

1.20

Elephant 1: When do you go to the shop? **Elephant 2**: I go to the shop on Mondays.

2 Read and write. Then match. (5 minutes)

- Pupils read the sentences and complete them by writing in the new tricky word (go). They then match each sentence to one of the pictures on the right by drawing a line.
- Check pupils' decoding skills and comprehension of each sentence by discussing what the child is doing in each picture and at what time.

3 Point to the pictures in Activity 2. Ask and answer. (5 minutes)

- Look at the pictures in Activity 2 again and ask pupils a question related to each activity: When do you go home? When do you go to bed? Encourage pupils to reply, using the speech bubbles in Activity 3 as a model.
- Solution Now ask pupils to work in pairs to practise asking and answering so that the answers are true for them. Once pupils have had time to rehearse their questions and answers, ask for pairs to volunteer and share their dialogue with the class.

4 (10 minutes)

- Play the audio and ask pupils to follow the text in the speech bubbles as they listen.
- Pause the audio after the speech bubbles to check comprehension.
- Look at the pictures of the items at the bottom of the page to see if pupils can identify them. Explain that these are items in the shop that the girl goes to, and all the item names contain the new digraphs from the lesson. Elicit the items from the pupils and then play the rest of the audio.
- Ask pupils to fill in the missing words as they listen.
 Remind them to check that their spellings contain one of the digraphs from the Class Book lesson and encourage them to use phonetic strategies to spell each word.

Phonics

1.21

Speaker: Where do you go on Saturdays?

Girl: We go to the shop. Look!

It's a wheel. It's a phone. It's a dolphin. It's a whale.

Finishing the lesson (5 minutes)

- Write a jumbled sentence containing the word *go* on the board and ask pupils to order the words to make a sentence, e.g. *I go to the shop on Mondays*.
- Repeat with other sentences and encourage pupils to help you spell the words as you write the sentence.
- If you have made flashcards, use these to revise the other tricky words.

Review

Diversity

Support

 Give pupils time to look through the unit before starting the review and query anything they haven't understood.

Challenge

• Pupils make sentences with all the vocabulary items from the unit to read to the class. Place work in their portfolios.

Practice

Class Book

1 Look, write and circle. (5 minutes)

- Ask pupils to read the words in the box and think about which pictures they match.
- Replace pupils in pairs and have them read the sentences to their partners.
- Extension Ask pupils to write the negative sentences with the other options, e.g. I get up, but I don't go to bed.

Review

2 🞧 1.22 Listen and match. (5 minutes)

- · Have pupils guess what the answers may be.
- Extension In pairs, pupils ask and answer the questions for themselves.

1.22

- 1 When do you do homework? I do homework in the evening.
- 2 When do you have art lessons? We have art lessons in the afternoon.
- 3 When do you play? We play at night.
- **4** When do you go to school? I go to school in the morning.

Go to the Progress path on page 104. (10 minutes)

- Refer pupils to page 104 and have them answer the questions.
- Check the answers and tell pupils they can now stick their star stickers (page 123).

Finishing the lesson (5 minutes)

• Say sentences that are clearly wrong, for example We go to school at night. Pupils correct the sentences.

Lesson 8, part 2

Starting the lesson (4 minutes)

- Ask pupils to open their notebooks and write as many words from the unit as they can remember.
- 🕮 Have pupils show their words to their partner.

Practice

Activity Book

Read and write. (4 minutes)

- Use the Expert envoy technique (see page 16) to have stronger pupils help weaker pupils through all the activities.
- If some pupils need more help, provide the words on pieces of paper for them to put in chronological order for their own day before completing the activity.
- Use the Lollipop stick technique (see page 15) and ask pupils to read the words in the box aloud.
- Pupils raise their hands to show you their work. Praise neat handwriting.

2 * Write and draw. (10 minutes)

- Explain to pupils they have to complete the paragraph about themselves and then draw a picture.
- Pupils use the Hands up/down technique (see page 16) to express how they feel about the activity.
- Tell pupils that they can refer to Activity 1 for help.
- Pupils show their work to their partners, and using the Two stars and a wish technique (see page 16), assess each other's work.
- Now tell pupils to complete the Picture dictionary on page 68 of the Activity Book.

Extra activity Critical thinking

• Suse the Summative and thought-provoking questions technique (see page 16) to ask pupils how many gold stars/stickers/stamps they would give themselves on a scale of 1 to 3, 3 being the best. Give pupils the amount of stickers/stamps/stars they ask for to place on page 22 in their Activity Book.

Extra practice

1 Look, read and number. (4 minutes)

- Pupils match the sentences to the pictures.
- 🕮 They can check answers with their partners.

2 Read and write. (4 minutes)

- Ask pupils to look at the pictures and say what the people in each picture are doing and what time of day it is.
- 🕾 Pupils check answers with their partners. Praise neat handwriting.

Extra activity Fast finishers

- Peer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Starting the lesson (5 minutes)

- Select Place the Unit 1 poster on the board and quickly revise the daily routines. Then divide the class into small groups and hand each one a sheet of paper. On the board, write eight vocabulary words from the unit without their vowels, e.g. hv brkfst.
- Explain that vowels are missing from each word, which they have to find. The group that finishes first comes to the board and writes eight more words without vowels for the class to find.

Presentation (10 minutes)

Extra activity Creativity

- A Place pupils into four groups (morning, afternoon, evening and night) and give a sheet of A3 paper to each group. Explain that they have to write about what they do during the corresponding parts of the day and illustrate it.
- Collect the four posters and display them on a wall.
 One by one, groups read their work to the class.
 One pupil reads a sentence and the class raise their hands if they do the same.

Practice

Class Book

- Place pupils in pairs and have them write as many sentences as they can about each picture.
- Have pupils read their sentences to the class.

 activities at the time of day as in the pictures. They
 use negative sentences: I don't do homework at
 night. I do homework in the evening.

Diversity

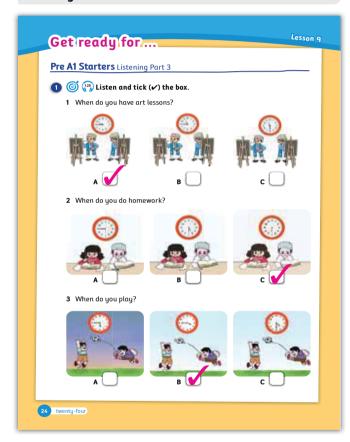

Support

- Place the Unit 1 flashcards (times of day) on the board. Point to each flashcard, say the word and ask a pupil to spell it for you. Write it down on the board. Continue.
- Keep the words on the board while pupils do the activity.

Challenge

• Pupils rewrite the questions in their notebooks and answer about themselves. Pupils read their work to their partners.

Activity Book

1.25 Listen and tick (✔) the box.

(10 minutes)

- Ask pupils to look closely at each picture and tell you what the people in it are doing and what times the clocks show.
- Explain the activity. Pupils use the Traffic light cards technique (see page 16) to express how they feel about the activity.

- **Reading:** Can get the gist of short, simple texts on familiar topics, if supported by pictures (GSE 33).
- Writing: Can write some familiar words (GSE 20).

Materials

- · Unit 1 flashcards (daily routines)
- Unit 1 poster: Daily routines
- number spinner and colour tokens for the game

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation; Key question technique (see page 15)
- Monitoring pupils' learning: Lollipop stick technique (see page 15)
- Peer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Starting the lesson (3 minutes)

- Brainstorm all the topics, language and themes of the unit with the class. Use the Unit 1 flashcards or poster as prompts.
- Wing the Lollipop stick technique (see page 15), ask pupils to say which part of the unit they most enjoyed and why.

Presentation (2 minutes)

- Using the Key question technique (see page 15), ask pupils if they like to play games and if so, what kind.

Practice

Class Book

1 Play and say. (10 minutes)

- Each pair or group will need a spinner and colour tokens.
- Explain the game to pupils. They take it in turns to spin the spinner. They then move forward to the number on the spinner. For example, if they spin one, they move onto square one. If they then spin four, they move onto square five, and so on.
- Pupils then read the prompt on the card. If they answer correctly, they stay on that square until their next go. If they get it wrong, they stay on the square that they were on before. Note that on some squares, they can move forward or back depending on the instructions.
- Other pupils in the pair or group decide if the answer is wrong or correct. Help pupils with the answers they are not sure of.
- The first pupil to read the final square is the winner.

Diversity

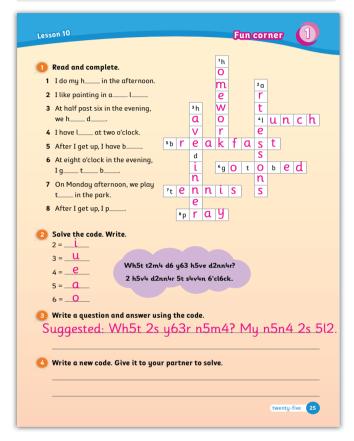

Challenge

• Pupils write a new sentence or question in the same style as the game and ask their partner/group to answer.

Extra activity TPR

- Explain that you will complete one of the questions/ sentences but may make a mistake as you answer.
- When pupils hear the mistake, they have to clap their hands and say *STOP!* A volunteer corrects you.

Activity Book

- Read the gapped sentence for 1 and elicit the answer (homework). Check pupils understand that they can now write the word in the space for 1 down.
- 🏖 Pupils complete the activity in pairs.
- Check their answers and help with any they cannot answer or spell incorrectly.

2 Solve the code. Write. (5 minutes)

 Explain that they are now going to play being detectives! Ask them to look at the question and answer on the purple cloud. Explain that all the vowels in the words have been replaced by numbers. Can they work out what vowel each number represents?

- Write the first word, Wh5t, on the board. Ask pupils to say which word they think this is (What). Now ask them to say what the number 5 represents (the letter a).
- Expupils complete the activity in pairs. Go round and help any pupils who find this difficult.
- Praise pupils who work out the correct question and answer.

Extra activity Fast finishers

- Ask pupils to answer the question What time do you have dinner? for themselves.
- 3 Write a question and answer using the code.
 (5 minutes)
 - Explain that pupils are now going to use the same code to write their own question and answer. First, ask them to write the question in full. They can then replace the vowels with the numbers from the code. See the example given.
 - · Check their answers.
- Write a new code. Give it to your partner to solve. (5 minutes)
 - Pupils now change the code so that each vowel is a different number. For example 1=a, 2=e, 3=i, 4=o, 5=u.
 - Pupils write a different question and answer and give it to their partner to solve.

Finishing the lesson (5 minutes)

- Write the following on the board: W4ll d6ne cl5ss!
- Ask pupils if they can solve the code (Well done class!).
- Suse the Summative and thought-provoking questions technique (see page 16) to ask what pupils have learnt today. Did they enjoy the Fun corner?

Explain that some of the words from Unit 1 will feature in the story. Ensure that they are sitting comfortably and in a position where they can see the text and the pictures easily.

Before reading (5 minutes)

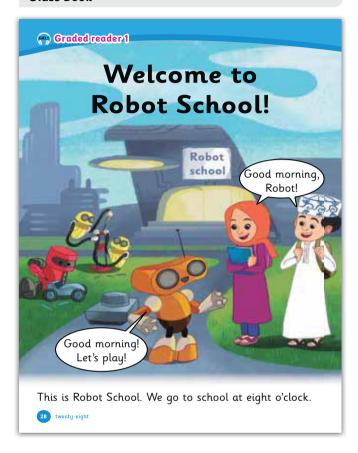

- Prepare pupils for the tricky word they will encounter in the story by writing it on the board to practise together (*go*).
- Present the new word sports car. Ask pupils if they like sports cars.
- Encourage pupils to do some speed reading while you point to each word. Remind them to use phonetic cues and visual memory strategies.

During reading (15 minutes)

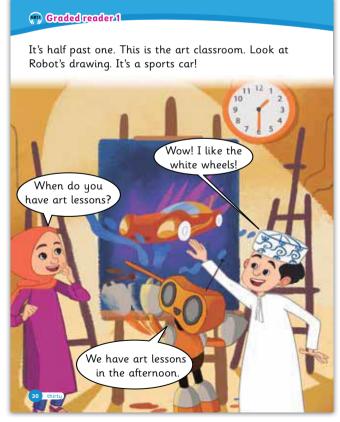

- Begin reading the story to the pupils. Look at the pupils while you read and keep a good pace. Give time for the pupils to enjoy the story, pausing to allow them to predict what might happen next. Read expressively, changing your voice for different characters, and use facial expressions and different volume levels when appropriate. Ensure that pupils look at the pictures to help them understand the story.
- Pause at the end of each page and take time to ask questions to check understanding and then encourage pupils to make predictions about what will happen next. For example, after reading page 29 to the pupils, ask When do they have English lessons? (In the morning.); What do they say? (The alphabet.); What time is it? (It's half past twelve.); What do they have? (They have lunch.); What do you think they do in the afternoon? (Pupils predict what happens next.)

Special days in Oman

There are many special days in Oman. Let's look at Eid Al-Fitr.

Eid Al-Fitr is very special in Oman. People celebrate for the first three days of Shawwal.

Families eat special food and give presents, sweets and *Eidiya* to their children. What presents do you get?

Look at this girl. She is wearing traditional clothes to celebrate Eid Al-Fitr.

Do you like Eid Al-Fitr?

Lesson 7, parts 1 and 2

Objectives

Phonics

- Lesson objectives: to learn the sounds made by the triaraphs ear (17) and ure (07); to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky words: our, your, their; to adopt strategies to recognise and read tricky words in sentences
- Target language: ear /19/: beard, hear, ears, year, ure /ʊə/: vulture, picture, mixture
- · Tricky words: our, your, their

Global Scale of English (GSE)

- Reading: Can identify individual sounds within simple words (GSE 26).
- Listening: Can recognise letters of the alphabet by their sounds (GSE 10). Can recognise familiar key words and phrases in short, basic descriptions (e.g. of objects, people or animals), if spoken slowly and clearly (GSE 24).
- Speaking: Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).

Materials

- photocopiable 38
- · Phonics cards: ear, ure
- optional teacher-made flashcards: air, igh
- optional teacher-made flashcards for tricky words: our, your, their, is, are

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Lollipop stick technique (see page 15); Traffic light cards technique (see page 16)
- 🕮 Peer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Lesson 7, part 1

Starting the lesson (5 minutes)

- Review the trigraphs covered in Grade 2 (air, igh). Write the trigraphs on the board and ask pupils to recall the sound made by each one as you point. Explain that the letters go together to make one sound and establish how this is different to blends (where each letter represents a different sound).
- 🥽 Using the Lollipop stick technique (see page 15), ask pupils to suggest words that contain each sound (e.g. chair, airport, stairs, pair, hair, high, right, night, knight, light) and then practise blending and

- segmenting these words. Write the words on the board and circle the trigraph each time.
- If pupils find the sounds tricky to remember, you may wish to use flashcards and games to revise the sounds further.

Presentation

Class Book

10 🞧 2.18 Listen and say. (10 minutes)

- Observe Look at Activity 1 with the class. Focus on the four pictures and talk about what the pupils can see. Explain that pupils will learn two new sounds in this lesson and point to the trigraphs on the page.
- · Use the Phonics Cards to introduce the new trigraphs and model the sound made by each one for pupils to copy. Stick the cards on the board and use them as prompts throughout the lesson if required.
- Play the audio. Help pupils to match each sound and word on the audio to a trigraph or a picture and to point to the correct object as they hear each word.
- Encourage pupils to repeat the words and emphasise the target sound each time by saying it louder than the rest of the word.
- Ask pupils to close their books and then to work in pairs to recall each of the four words. Challenge them to use phonetic strategies to try to spell each word, remembering to make sure there is a trigraph (ear or ure) in each one.

Phonics

 Review the success of this task and then ask the class to spell the words for you to write on the board. Praise any spellings that are phonetically correct, even if the wrong letters have been used, and then write the words on the board with the correct spellings for pupils to check their answers.

2.18

ear: beard, hear ure: vulture, picture

Practice

- 2 2.19 Listen and say the tongue twister.
 (5 minutes)
 - Hold up the Phonics Cards (ear, ure) or stick them on the board. Look at the picture in Activity 2 with the class and see if pupils can identify any of the items in the picture that contain these sounds (hear, picture, beard). Point out that the boy in the picture can 'hear' something and ask what he can hear. Establish that he can hear the vulture. Encourage pupils to segment the four words containing the two new sounds and to identify the position of the trigraphs within the words.
 - Explain that pupils will hear a tongue twister that relates to the picture and that they should point to the items in the picture as they listen. Play the audio.
 - Play the audio again and this time ask the pupils to follow the words as they listen.
 - Play the audio a third time and ask pupils to join in with the tongue twister.
 - Check comprehension by asking pupils to join the pairs of words that go together according to the tongue twister (hear / vulture; picture / beard). You could add actions for the words hear and see to aid comprehension.
 - Repeat the tongue twister as a class until pupils are confident with the language and pronunciation.
 - Ask pupils to take turns holding the Phonics Cards and to listen for the sound that matches the card they are holding. When they hear a word in the tongue twister that contains the sound on their card, they should hold it up for the rest of the pupils to see.

2.19

I can hear a vulture and I can see a picture of a man with a beard.

- 3 2.20 Listen and circle. Then write. (10 minutes)
 - Explain that pupils will now learn some more words containing the two new sounds.
 - Tell pupils to listen to the audio and point to each picture in turn. As you play the audio, pause after each word, and ask pupils to repeat it.
 - Focus on the first picture and ask pupils to listen to the word that goes with it (ears). Identify which trigraph is in the word and ask pupils to circle the

- correct one in their book (*ear*). They should then complete the gapped word below the picture by writing the correct trigraph. Encourage pupils to listen carefully to the audio to identify the correct sound.
- Now ask pupils to complete the rest of the task independently while you play the audio, pausing after each item to give pupils time to write.
- Once pupils have answered all the questions, play the audio again to check the answers as a class.

2.20

- 1 ears
- 2 mixture
- 3 year
- 4 Look and write. (5 minutes)
 - Revise the two new sounds and write them
 on the board for reference. Ask pupils to look at
 Activity 4 and explain that they must identify each
 of the labelled items. Explain that they should
 complete the labels with the correct spelling and
 must ensure that each word contains one of the
 new sounds. Encourage pupils to sound out the
 words to help them with the spelling as they write.
 - Ensure that pupils have included the correct trigraph for each word and monitor their spelling strategies to check that they are applying phonetic rules. Use the Traffic light cards technique (see page 16) to gauge pupils' confidence and their grasp of the new sounds.

Finishing the lesson (5 minutes)

- Stand at the front of the class and act out some of the new words from the lesson, e.g. hear (hands behind your ears); picture (make the shape of a square); beard (place your fingers around your chin and move them downwards into a point); vulture (flap your arms like wings). Ask pupils to guess each word and then to have a go at spelling it out for you to write on the board.
- See if pupils can add other words containing the new sounds (mixture, year) and conclude the lesson by asking pupils to act out any of the target words for other pupils to guess.
- Suse the Summative and thought-provoking questions technique (see page 16) to ask what pupils have learnt today.

Lesson 7, part 2

Starting the lesson (5 minutes)

- Start by revising some of the tricky words from previous grades and from Unit 1. Strategies for revision can include making flashcards for the words to help memorise them, sentence ordering activities, word ordering activities, gap fill tasks, etc.
- Remind pupils that tricky words, which appear frequently in texts, can't be decoded in the same way as other words

because not all the letters within these words follow the rules of phonics. Remind them that they should try to memorise tricky words where possible and use phonetic cues, if appropriate, to help them.

Practice

Activity Book

1 Company 2.21 Listen and read. Act. (10 minutes)

- Focus on Activity 1 and explain that pupils will revise three previously taught tricky words in this lesson. Use flashcards, if required, to introduce the words our, your and their to see if pupils can recall the words.
- Next, see if pupils can recognise or read any of the words/sentences in the speech bubbles and point out the phonetic parts of each word as well as the additional tricky word is.
- Play the audio for pupils to listen and follow.
- Check comprehension by focusing on the speech bubble tags to identify who is talking each time and then encourage pupils to act out each scene in front of the class. Play the audio alongside if necessary.

2.21

1 Boys: This is our picture.2 Woman: This is your picture.

3 Boy 1: This is their picture.

2 2.22 Look, read and write. Listen and check. (10 minutes)

- Look carefully at each picture with the pupils to work out what is happening in each scene and to identify who is speaking. Then look at the first gapped sentence and write it on the board. Spend time decoding the given words and point out the tricky word are. Ask pupils which word can be used from the wordpool to complete the sentence and try the different options until you settle on the correct one (Your). Encourage pupils to refer to the picture to check that the sentence makes sense with the picture and the person talking.
- Point out that each tricky word starts with a capital letter as it will be placed at the beginning of each gapped sentence and ensure that pupils copy the words correctly.
- Encourage pupils to repeat the process independently with the remaining sentences before playing the audio for them to listen and check their answers.

2.22

Girl 1: Your ears are red.
 Boys: Our mixture is green.
 Girl 2: Their picture is good.

3 Look, read and write. Then find and circle. (10 minutes)

- Write the word Where on the board and ask pupils if they can remember it from Unit 1. Establish that it is a question word and point out the question marks at the end of each sentence.
- Practise reading each question with the pupils and encourage them to complete each sentence orally by looking at the picture cues. Allow time for pupils to complete each question by writing the correct word in each gap. Remind them to check that their spellings contain one of the spelling patterns from the Class Book lesson (ear / ure).
- Mext, encourage pupils to work in pairs to ask the questions and then to locate the missing items in the big picture. They should then circle each item as they find it.

Finishing the lesson (5 minutes)

- Write a jumbled sentence containing one of the tricky words from the lesson on the board and ask pupils to order the words to make a sentence, e.g. bear your This is (This is your bear).
- Repeat with other sentences and encourage pupils to help you spell the words as you write the sentence on the board.

Extra activity Photocopiable 38

• Ask pupils to do photocopiable 38.

They pick a card from the set they kept, and then ask a question about that person, e.g. Does he play video games on Mondays? The other pupil responds either positively (e.g. Yes, he does. He plays video games on Mondays.) or negatively (e.g. No, he doesn't. He plays video games on Saturdays.) depending on where they placed the person.
- Relace pupils in pairs and play the audio. Explain that they are now going to ask and answer questions about their pictures in the same way. Tell them that the pupil with the most correct answers wins the game.
- We use the Expert envoy technique (see page 16) to help pupils who haven't understood the game.
- When they have finished, ask pupils to look at their calendars again, and, using the Lollipop stick technique (see page 15), ask volunteers questions about their calendars and have them answer with full sentences.

Support

- On the board, write the frame dialogue:
 Does he/she ... on ...? / No, he/she ... /
 He/she ... on
- Place the Unit 3 flashcards (activities and days of the week) in two piles. Take one flashcard from each pile and place them on the board. Ask the question while tracking the frame question on the board. Complete the last sentence by taking out an extra card from the Lesson 3 flashcards pile.
- Leave the frame dialogue on the board while doing the activity.
- Monitor pupils as they work, supporting where necessary.

Challenge

 See Pupils think of other activities and continue asking and answering questions in pairs.

Extra activity Communication

 Ask pupils to think about their week and what activities they do. Ask pupils to discuss why it's important to relax after school and at the weekend.

Extra activity TPR

- Place the Unit 3 flashcards (days of the week) in a visible place around the classroom.
- Bring pupils to the centre. Explain that you will say an action and a day of the week. They have to go to the part of the classroom with that day and mime the action they heard as they do. Say She plays tennis on Mondays. Pupils mime playing tennis as they walk towards the Monday corner.
- If you say a negative sentence, pupils mustn't move. Pupils that move lose a turn.

Finishing the lesson (5 minutes)

 Have pupils say one thing they do and one thing they don't do on two days of the week.

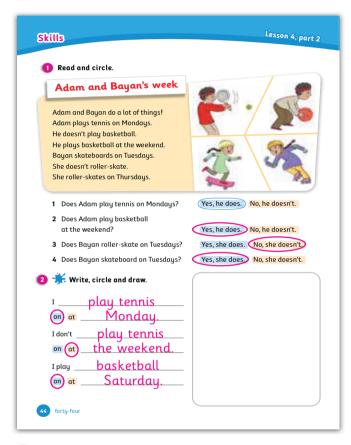

Lesson 4, part 2

Starting the lesson (5 minutes)

- Have a short classroom discussion on why doing sports is good for you. Ask pupils which sports they like doing most and which ones they would like to try one day.

Traditional sports in Oman

What are the people in the photograph doing? They are not only riding camels. They are racing them! The man on the left is fast!

Camel racing is an exciting traditional sport in Oman. Do you like watching them? The camels can run at about 64 kilometres an hour!

Dhow racing is another popular traditional sport. In dhow racing, people race on traditional sailing boats called dhows.

Today, many people come to race these beautiful boats. It is very exciting to watch them.

Do you like these sports?

Diversity

Support

- Do a choral read of the text, pausing so pupils can follow you. Write the following words and phrases on the board: racing camels, popular, exciting, can run, beautiful boats.

Lesson 7, parts 1 and 2

Objectives

- Lesson objectives: to learn the long vowel sound for the split digraph u_e; to revise previously taught split digraphs (i_e, a_e and o_e); to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky words: do, don't, does, doesn't, to adopt strategies to recognise and read tricky words in sentences
- Target language: i.e /aɪ/: bike; a.e /eɪ/: cake; o.e /oʊ/: stone, u.e /uː/: cube, tube
- Tricky words: do, don't, does, doesn't

Global Scale of English (GSE)

- **Reading:** Can identify individual sounds within simple words (GSE 26).
- Listening: Can recognise letters of the alphabet by their sounds (GSE 10). Can recognise familiar key words and phrases in short, basic descriptions (e.g. of objects, people or animals), if spoken slowly and clearly (GSE 24).
- **Speaking**: Can recite a short, simple rhyme or chant (GSE 16). Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).
 Can write a single basic sentence about daily routines and activities (GSE 28).

Materials

- · photocopiable 39
- Phonics cards: i_e, a_e, o_e, u_e
- optional teacher-made flashcards for tricky words: do, don't, does, doesn't

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Lollipop stick technique (see page 15), Traffic light cards technique (see page 16)
- 🕮 Peer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Lesson 7, part 1

Starting the lesson (5 minutes)

Review previously taught split digraphs (a.e, i.e, o.e) using the relevant Phonics Cards. Ask pupils to say the sounds that the digraphs make. Using the Lollipop stick technique (see page 15), ask pupils to suggest words for each sound and then practise blending and segmenting the words.

- Write the words on the board and draw a line to link the letters that make the split digraph.
- During this activity, pupils may suggest words that contain the correct sound but have a different spelling, e.g. ai, ay, igh, ie, oa. If this happens, praise pupils for identifying the correct sounds and then write the words on the board with the sound circled to highlight the different spellings. Use this as an opportunity to revise the different spellings of the same sound and monitor pupils to identify any confusion.

Presentation

Class Book

1 (10 minutes)

- �� Look at Activity 1 with the class. Focus on the five pictures and talk about what the pupils can see. Explain that pupils will learn a new sound in this lesson and will revise some sounds that they have covered in previous grades. Point to the split digraphs on the page and show how the two vowels that make the long vowel sound are divided by a single letter (a consonant).
- Use the Phonics Cards to introduce the new split digraph, and model the sound made for pupils to copy. Stick all the Phonics Cards on the board and use as prompts throughout the lesson if required.
- Play the audio. Help pupils to match each sound and word on the audio to a digraph or a picture and to point to the correct object as they hear each word.

Phonics

- Encourage pupils to repeat the words and emphasise the target sound each time by saying it louder than the rest of the word.
- Ask pupils to close their books and then to work in pairs to recall each of the five words. Challenge them to use phonetic strategies to try to spell each word, remembering to make sure there is a split digraph in each one.
- Review the success of this task and then ask the class to spell the words for you to write on the board. Praise any spellings that are phonetically correct, even if the wrong letters have been used, and then write the words on the board with the correct spellings for pupils to check their answers.

3.18

i_e: bike a_e: cake
o_e: stone u_e: cube, tube

Practice

2 3.19 Listen and say the tongue twister. (5 minutes)

- Look at the picture in Activity 2 with the class and see if pupils can identify any of the items from Activity 1 in the picture. Encourage pupils to segment the word for each item and to identify the letters that make the target sounds.
- Explain that pupils will hear a tongue twister and that they should point to the items in the picture as they listen. Play the audio.
- Play the audio again and this time ask the pupils to follow the words as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check comprehension by asking pupils to list the items that the boy has got and then to point to each item in turn.
- Repeat the tongue twister as a class until pupils are confident with the language and pronunciation. Ask pupils to take turns holding the Phonics Cards and to listen for the sound that matches the card they are holding. When they hear a word in the tongue twister that contains the sound on their card, they should hold it up for the rest of the pupils to see.

3.19

The boy has got a cube, a bike, a cake and a stone.

3 3.20 Listen and write. (10 minutes)

- Explain that pupils will now learn some more words containing the new sound (/uː/).
- Tell pupils to listen to the audio and point to each picture in turn. As you play the audio, pause after each word, and ask pupils to repeat it.

- Focus on the first picture and ask pupils to recall the word that goes with it (*flute*). Identify the consonant that separates the digraph (t). Pupils should then complete the word below the picture by writing in the split digraph.
- Now ask pupils to complete the rest of the task independently while you play the audio, pausing after each item to give pupils time to write.
- Once pupils have completed all the words, play a game where you call out the words in a random order and pupils must point to the correct picture. You may also wish to get confident pupils to write each word on the board.

3.20

1 flute 2 cute 3 mule

3.21 Listen, choose and write. (5 minutes)

- Revise the split digraph sounds (u-e, a-e, i-e, o-e) using the Phonics Cards or through games on the board to ensure pupils can distinguish between them.
- Look at the pictures in Activity 4 and explain that
 pupils will hear the word to go with each picture
 and that they must choose the correct digraph
 to complete each word. Note that all these words
 should be familiar to pupils, so you may want to ask
 pupils to study this activity and have a guess before
 they hear the audio.
- Play the audio and ask pupils to select the correct digraph to complete each word. It is good practice to get them to try all options and sound them out to check that they have chosen correctly.
- Substitute Use the Lollipop stick technique (see page 15) to elicit the words from pupils and then model writing each one on the board, occasionally writing the wrong digraph in for pupils to correct you.

Finishing the lesson (5 minutes)

- The second of the
- Focus on the sounds that pupils find tricky and write some gapped words on the board for them to complete.
 Point out any rhyming words to help pupils identify spelling patterns and practise reading words on the board at speed to develop confidence and fluency.

Lesson 7, part 2

Starting the lesson (5 minutes)

- Start by revising some of the tricky words from previous grades and from Units 1 and 2. Strategies for revision can include making flashcards for the words to help memorise them, sentence ordering activities, word ordering activities, gap fill tasks, etc.
- Remind pupils that tricky words, which appear
 frequently in texts, can't be decoded in the same
 way as other words because not all the letters within
 these words follow the rules of phonics. Remind them
 that they should try to memorise tricky words where
 possible and use phonetic cues, if appropriate, to help
 them.

Practice

Activity Book

1 3.22 Look, listen and repeat. Then tick (), ask and answer. (10 minutes)

• Focus on Activity 1 and explain that pupils will learn to spell some new tricky words in this lesson. Use flashcards, if required, to introduce the words do, don't, does and doesn't. Note that pupils have previously covered these words in the Grammar section of the Class Book so the meaning of each should be clear. You can also use flashcards to revise you, to, the, I and he. Encourage pupils to

- memorise the spelling of each word and to use phonetic strategies where appropriate.
- See if pupils can recognise or read any of the words/sentences in the activity and point out the phonetic parts of each word as well as the additional tricky words (you, to, the, I, he).
- Play the audio for pupils to listen and follow. Then play it again for pupils to repeat.
- Ensure that pupils understand that for each picture, there is a question followed by two possible answers to that question. Explain that the tick boxes are there to help identify the correct answer for each question.
- Clarify that pupils can answer the first question personally, based on their own daily routine, and the second question based on the given picture.
- Check that pupils can read and understand each question and point out the positive and negative forms of the tricky words in the answers. Explain that pupils should decide on an answer for each question and tick the correct box.
- Section 2007
 Once pupils have ticked the boxes, encourage them to work in pairs to ask and answer each question.

3.22

- 1 Boy 1: Do you ride a bike to school?
 - Boy 2: Yes, I do. / No, I don't
- 2 Girl 1: Does the boy ride a bike to school?
 - Girl 2: Yes, he does. / No, he doesn't.

2 3.23 Look and write. Listen and check. (15 minutes)

- Revise the tricky words again and then look at Activity 2 with the pupils. Explain that each question and answer contains one of the new tricky words and that pupils must read the sentences and complete them. Point out that they will need to look at the pictures to decide which word is needed to complete each answer.
- Work through question 1 with the pupils and encourage them to look at the picture to decide on the correct answer. Pupils should write in the missing words. Show pupils how changing the word can change the meaning or make the grammar incorrect and encourage them to check their answers carefully, referring to the picture, before you play the audio for them to check.
- Point to a picture randomly and ask pupils to read out the question followed by the answer.
 Pupils can do this in pairs to check their pronunciation and fluency.
- If pupils need more practice with the different forms of the word, provide more sentence level practice for them and encourage lots of oral work until the sentences feel natural to them.

Phonics

3.23

Boy 1: No, I don't.

3 Narrator: Does he play the flute?

Boy 2: No, he doesn't.

4 Narrator: Does she like cake?

Boy 2: Yes, she does.

Finishing the lesson (10 minutes)

- Mave a list of different questions that you can ask individuals in the class, e.g. Do you like cake? Do you play with a kite?, and use the Lollipop stick technique (see page 15) to select pupils to answer one of the questions with a positive or negative form of the tricky word.
- Encourage pupils to form accurate answers and to then
 pose the same question to another pupil. Allow pupils
 to walk around the classroom asking the questions to
 as many pupils as they can.
- If you have made flashcards, use these to revise the tricky words.

Extra activity Photocopiable 39

• Ask pupils to do photocopiable 39.

Diversity

Support

• Point to each picture and elicit the activity. Then point to the day of the week and elicit a complete sentence about the picture. Write on the board *She plays tennis on Saturdays*. Then read the question slowly with pupils tracing the words. Then point to the sentence to elicit the correct answer. Continue with pictures 2–4.

Challenge

 Review the vocabulary from the unit by pointing to an item and saying the incorrect word for pupils to correct you.

Practice

Activity Book

1 Read and match. (5 minutes)

- If some pupils need more support, before the activity, point to the pictures and ask simple questions like *Who is this?* (Mohammed.) *Does he skateboard?* (Yes.)
- See Use the Lollipop stick technique (see page 15) and ask pupils to read the sentences aloud and to match them with the pictures on the left.

🙋 🗯 Write and draw. (8 minutes)

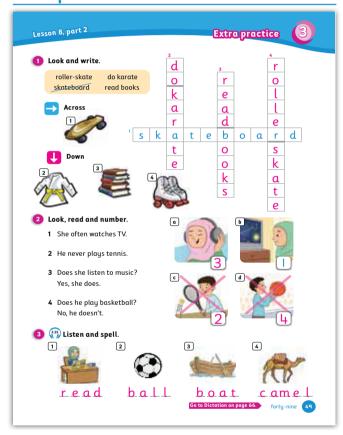

- Explain to pupils they have to complete the paragraph about a family member or a friend and then draw a picture.
- Ask pupils to say what words they can use in the activity. Write them on the board.
- Pupils use the Hands up/down technique (see page 16) to express how they feel about the activity.

- Pupils show their work to their partners, and using the Two stars and a wish technique (see page 16), assess each other's work.
- Tell pupils to complete the Picture dictionary on page 70.

Have pupils stand up at their desks. Say sentences
with activities and days of the week. If the sentence
is positive, pupils mime the action, e.g. Omar plays
basketball on Thursdays. If the sentence is negative,
pupils stand still, e.g. Omar doesn't read books on
Saturdays. The pupils who make a mistake are out.

Practice

Class Book

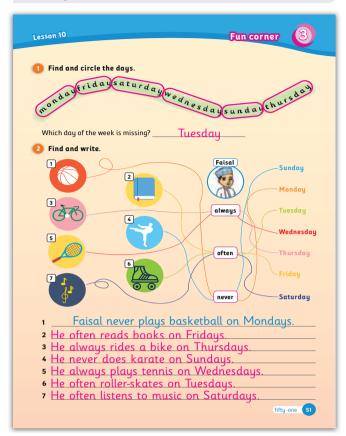

1 Play and say. (15 minutes)

- 🕮 Put pupils into groups of four.
- Explain the game to pupils. Each pupil in the group chooses one of the people on the cards but does not tell the other pupils in the group.
- The other pupils in the group take it in turns to ask one question to work out which of the characters they are, for example Does he/she do (karate) on Wednesdays?
- The pupil who chose a character can only answer *Yes* or *No* to the questions.
- As the other pupils ask, they will be able to rule out one or two of the characters each time. They can only guess who it is when it is their turn, after they have asked a question. If the person guesses wrong, the next person asks until they find out who it is.
- Once the character has been guessed, the next player chooses their character and takes turns to be the one answering the questions.

 Explain that in this lesson pupils will learn about the buses some pupils use to go to school in the United States.

Culture notes

 Many countries around the world have school buses to help pupils to go school. The first school buses in the USA were horse-drawn carriages known as school hacks or kid hacks. In 1939, the school buses in the USA were painted yellow because bright colours are easy to see and so there shouldn't be any accidents.

Practice

Class Book

- Before you read Can you see school buses where you live? What colour are they? (5 minutes)
 - Ask pupils if they come to school by bus and if so, if it's a school bus and what colour it is.
 - Extension Ask pupils if they think that taking a school bus is a good idea.

2 🞧 4.16 Listen and read. (5 minutes)

- Ask pupils to describe the pictures in the text.
- After listening to the text, ask pupils what they found interesting about it. Ask them if they think it is a good idea to use the same colour for school buses and why.
- Play the audio again, pausing between sentences or mid-way through them, for pupils to complete the sentences in unison.
- Extension Ask pupils different questions about the text for them to answer.

4.16

The yellow school bus

Some students walk to school in the United States. Some students go by car, underground or train. But many students go to school by school bus. All school buses in the United States are yellow. Bus drivers take the students to school in the morning. Then they take the students home in the afternoon.

Cars stop for school buses.
Going to school by bus is fun!

Diversity

Support

- On the board, write incomplete sentences from the text. Tell pupils to choose three and to complete them in their notebooks, looking at their Class Books as they work.
- Pupils then read the sentences aloud.
- Pupils can also show you the sentence. You read it for them to repeat.

Challenge

• In pairs, pupils change the text into the interrogative form, sentence by sentence, and answer them using short answers.

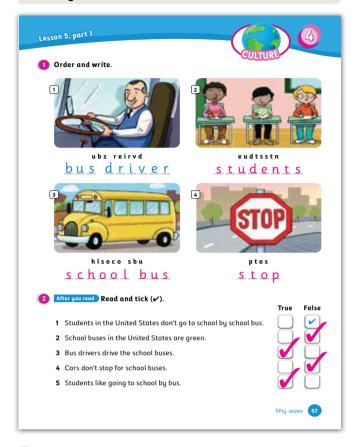

3 Find out more! Watch the video. (10 minutes)

- Ask pupils what they expect the video will be about.
- After watching the video, use the Three facts and a fib technique (see page 16) to ask pupils about it. Play the video as you go along to reinforce the correct answers.

Extra activity Creativity

 Have pupils imagine they take a school bus. Have them draw it and describe its colour, size and anything else they think is interesting. Make a classroom display.

Activity Book

Order and write. (5 minutes)

- Ask pupils to say what they see in each picture.
- Then have pupils complete the activity individually.
- Write answers on the board for pupils to check their answers.

2 After you read Read and tick (🗸). (5 minutes)

 Set use the Traffic light cards technique (see page 16) to make sure pupils have understood the activity.

Extra activity Fast finishers

• Pupils write as many words as possible using the letters in the phrase *The yellow school bus*.

Finishing the lesson (5 minutes)

 Ask pupils to say what they found interesting about the lesson.

Culture and Project

Lesson 5, part 2

Starting the lesson (5 minutes)

- Ask pupils if they enjoy projects and ask them to give reasons why.
- Have pupils say which project they have done so far was the most interesting and why.

Presentation (5 minutes)

 Have the pupils say what they think the project today will be about.

Practice - Project

Class Book

Make a graph about how you go to school. (25 minutes)

- Explain to pupils that they are going to make a graph about how they and their classmates go to school.
- Ask pupils to write the words they think they will use for the project on the board. On the board, copy the graph presented in the activity. Explain to pupils that we write the numbers vertically, and they can go up by twos or fives, depending on how big the class is. On the horizontal lines we place the types of transport.
- & Place pupils in small groups.
- Substitute Using the Lollipop stick technique (see page 15), ask a pupil to read through the instructions.

- · Remind pupils to write sentences.
- Pupils present their work to the class.
- Make a classroom display.

Finishing the lesson (5 minutes)

- Play a game of charades (see page 20) for pupils to quess the job.
- Suse the Summative and thought-provoking questions technique (see page 16) to ask pupils what they think about the Culture lesson and what kind of things they have learnt so far. Ask pupils what else they would like to learn in future Culture lessons.

Extra activity Photocopiable 32

• Ask pupils to do photocopiable 32.

Lesson 6, part 1

Starting the lesson (5 minutes)

- Place pupils in pairs and give each pair a die. Explain that each pupil throws the die and has to write as many sentences as the number on the die shows, using the vocabulary or the grammar they have learnt in this unit.
- They throw the die three times and read the sentences.

Presentation (5 minutes)

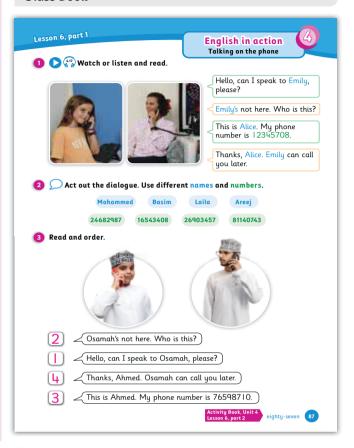

- Explain that in this lesson pupils will learn how to talk politely on the phone.
- Ask pupils how often they phone people or who they call.
- Ask why it is important that we are always polite on the phone.

Extra activity Communication

 Relace pupils in groups. Ask pupils to say how they feel when someone is rude to them and how they feel when someone is polite to them. Have them talk about different ways they can be polite.

Practice

Class Book

1 \(\bigcap \alpha \) 4.17 Watch or listen and read. (5 minutes)

- Ask pupils to look at the pictures and tell you what they see. Ask how often they talk on the phone.
- Play the audio or video once for pupils to read and listen to or watch.
- Play it again for pupils to repeat chorally.

4.17

Girl: Hello, can I speak to Emily, please?

Woman: Emily's not here. Who is this?

Girl: This is Alice. My phone number is 12345708. **Woman:** Thanks, Alice. Emily can call you later.

2 \(\sum \) Act out the dialogue. Use different names and numbers. (15 minutes)

- Susing the Stop/Go technique (see page 16), have pupils tell you if they are ready to proceed with the activity.
- Explain that pupils can use straw puppets if they like.
- Substitute Using the Lollipop stick technique (see page 15), invite pupils to come to the front and act out the dialogue.

English in action

Read and order. (5 minutes)

- Ask pupils to work in pairs. They read the conversation and put it in the correct order.
- Check their answers. Pairs can read the completed conversation.

Diversity

Support

 Write the dialogue on the board. Read each sentence for pupils to repeat after you. Then, in their notebooks, pupils number each sentence to place the dialogue in the correct order.

Challenge

 Pupils add one more question and answer to the dialogue. They read their full dialogue to the class.

Finishing the lesson (5 minutes)

 Ask pupils to say what they think of their learning so far and how they think their English has improved.

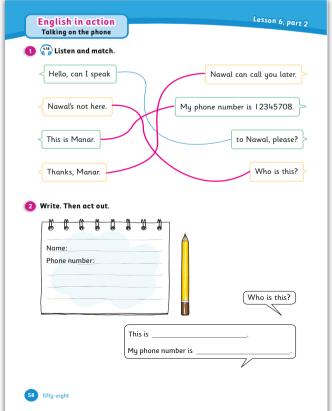

Lesson 6, part 2

Starting the lesson (5 minutes)

 Ask the pupils to say how they answer the phone and ask for somebody on the phone. Have the pupils say different polite sentences they can use when talking on the phone.

Practice

Activity Book

1 (10 minutes)

- Explain that pupils have to match the sentence halves, as in the example, to make a telephone conversation.
- Play the audio for them to check their answers.

4.18

Girl: Hello, can I speak to Nawal, please?
Woman: Nawal's not here. Who is this?
Girl: This is Manar. My phone number is

12345708.

Woman: Thanks, Manar. Nawal can call you later.

Write. Then act out. (20 minutes)

- Explain that pupils have to complete the speech bubble with their own name and phone number.
 Explain that they can use a real or pretend number.
- They then fill in the notepad with the same details.
- Ask the pupils to imagine they are talking on the phone. They use the answers they have written to act out a dialogue with their partner.
- Ask them to refer to the dialogue on page 87 of the Class Book to help them.
- 🕮 Pairs can act out in front of the class.

Finishing the lesson (5 minutes)

• Substitute Use the Summative and thought-provoking questions technique (see page 16) to ask pupils what they think about the Skills lesson and how it has helped them with their English.

Extra activity Photocopiable 36

Ask pupils to do photocopiable 36.

Phonics

Lesson 7, parts 1 and 2

Objectives

- Lesson objectives: to revise previously taught vowel sounds and alternative spellings for /i:/ and /e/ (ee, e); to learn the sounds /i:/ and /e/ for the vowel digraph ea; to blend and segment simple and multisyllabic words containing the target sounds; to revise previously taught tricky words; to learn the new tricky word: want; to adopt strategies to recognise and read tricky words in sentences
- Target language: ea /iː/: read, beach, sea, leaf, ea /e/: bread, weather, head, feather
- Tricky word: want

Global Scale of English (GSE)

- Reading: Can identify individual sounds within simple words (GSE 26).
- Listening: Can recognise familiar key words and phrases in short, basic descriptions (e.g. of objects, people or animals), if spoken slowly and clearly (GSE 24).
- Speaking: Can say simple tongue twisters and other types of playful language (GSE 27).
- Writing: Can write some familiar words (GSE 20).
 Can write a single basic sentence about daily routines and activities (GSE 28).

Materials

- photocopiable 40
- Phonics cards: ea, ea
- optional teacher-made flashcards: ee, e
- optional teacher-made flashcard for tricky word: want

Assessment for Learning (formative assessment)

- Setting aims and criteria: lesson objectives presentation
- Monitoring pupils' learning: Lollipop stick technique (see page 15), Traffic light cards technique (see page 16)
- 🕮 Peer learning: pairwork; groupwork
- Independent learning: Summative and thoughtprovoking questions technique (see page 16)

Lesson 7, part 1

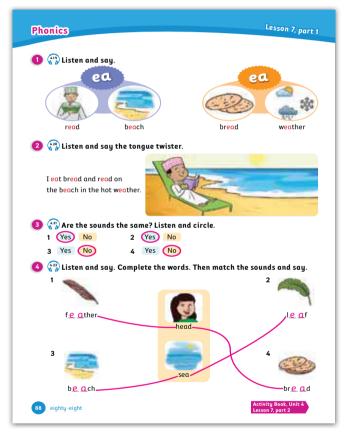

Starting the lesson (5 minutes)

• Hold up the (beach) Phonics Card and write the letters ea on the board. Ask pupils what sound the vowel digraph makes and establish that it makes an /iz/ sound. See if pupils can remember any of the words from Grade 2 that contain this sound and then write them on the board (beak, meat, stream, read, beach, sea, leaf, etc.). Spend time segmenting the words and circling the letters that make the /iz/ sound. Note that

- pupils may suggest words with an *ee* spelling, and if they do, praise them for their efforts and add these words to another list on the board to show that these words have the same sound but a different spelling.
- Next, hold up the e flashcard (if used), or write e on the board, and revise the /e/ sound. Use the Lollipop stick technique (see page 15) to ask for example words such as red, eqq, leq, pen, hen, etc.
- Write the words on the board and continue to revise the different sounds and spellings using a variety of games.

Presentation

Class Book

10 a 4.19 Listen and say. (10 minutes)

- Write the words read and beach on the board and remind pupils that these words appeared at the start of the lesson. Point to the two relevant pictures in Activity 1 and write the letters ea on the board. Stick the correct Phonics Card on the board.
- Now explain that this vowel digraph can represent several different sounds and that pupils will now learn another sound for the same spelling.
- Focus on the second two pictures and talk about what pupils can see. Introduce the /e/ sound for the ea spelling.
- Use the Phonics Card to introduce the new digraph and model the sound made for pupils to copy.
 Stick the card on the board and use as a prompt throughout the lesson if required.

Phonics

- Play the audio. Help pupils to match each sound and word on the audio to a digraph or a picture and to point to the object as they hear each word.
- Encourage pupils to repeat the words and emphasise the target sound each time by saying it louder than the rest of the word.
- Ask pupils to close their books and then to work in pairs to recall each of the four words. Challenge them to use phonetic strategies to try to spell each word
- Review the success of this task and then ask the class to spell the words for you to write on the board. Praise any spellings that are phonetically correct, even if the wrong letters have been used, and then write the words on the board with the correct spellings for pupils to check their answers. Encourage pupils to practise reading all four words with the correct sound for the vowel digraph each time.

4.19

ea /iː/: read, beach ea /e/: bread, weather

Practice

2 4.20 Listen and say the tongue twister. (5 minutes)

- Look at the picture in Activity 2 and see if pupils can identify any of the items or actions from Activity 1 (bread, beach, read). Ask pupils what the weather is like in the picture (hot) and what the boy does on the beach (eats and reads). Write the relevant ea words on the board (bread, beach, read, eat, weather) and encourage pupils to segment each word, identifying the letters that make the target sound. Divide the words into two lists: those with the long vowel sound and those with the short vowel sound. Ask pupils to practise reading the words correctly.
- Explain that pupils will now listen to a tongue twister and that they should point to the relevant parts of the picture as they listen. Play the audio.
- Play the audio again and this time ask the pupils to follow the words as they listen.
- Play the audio a third time and ask pupils to join in with the tongue twister.
- Check comprehension by asking questions such as: What does the boy do? (Eats and reads.); Where is he? (At the beach.); What's the weather like? (Hot.)
- Repeat the tongue twister as a class until pupils are confident with the language and the pronunciation.
 If pupils struggle to identify the correct sound for each target word, encourage them to underline the long vowel sound each time to differentiate it from the short vowel sound.
- Explain that as they become more familiar with the English language and the context in which words are presented, they will find it easier to decide

which sound the letters *ea* make. Ask pupils to take turns holding the Phonics Cards and to listen for the sound that matches the card they are holding. When they hear a word in the tongue twister that contains the sound on their card, they should hold it up for the rest of the pupils to see.

4.20

I eat bread and read on the beach in the hot weather.

3 4.21 Are the sounds the same? Listen and circle. (5 minutes)

- Explain that pupils will now hear some more words containing the ea digraph and that they will hear both the long and short vowel sounds. The aim is for pupils to decide whether the pairs of words they hear have the same vowel sound (either both long or both short) or whether the words contain different sounds (a long and a short vowel sound).
- Tell pupils to listen to the audio and to circle Yes
 if the sounds are the same or No if the sounds are
 different. As you play the audio, pause after each
 pair of words, and ask pupils to repeat them before
 they decide whether the sounds are the same or
 different.
- Sonce pupils have completed the activity, play the audio a final time for them to check. Write the words on the board in pairs, asking pupils to segment them for you. Read the words together so that pupils can check their answers and then split the words into two groups according to the vowel sound.
- Encourage pupils to read the words fluently as you point to them. Check that they choose the correct sound each time for the vowel digraph.

4.21

- 1 sea, leaf
- 2 feather, weather
- 3 head, beach
- 4 leaf, bread

4.22 Listen and say. Complete the words. Then match the sounds and say. (10 minutes)

- Revise the different sounds for the ea digraph using the Phonics Cards.
- Look at the two pictures in the centre of Activity 4
 and elicit the word for each one (head, sea). Play
 the first part of the audio and identify which word
 has a long vowel sound (sea) and which word has a
 short vowel sound (head).
- Explain that pupils will now hear the words to match the other pictures and that they must complete each word and then decide what type of sound the vowel digraph makes (long or short). They should then draw a line from each numbered picture and match them to one of the central pictures according to the vowel sound.

- Play the audio several times and encourage pupils to repeat the words to help them match the sounds.
- Pupils who complete this task with time to spare can write all six words in two lists according to the vowel sounds. You can use this as evidence to monitor their progress and understanding.

4.22 ea /e/: head ea /iː/: sea 1 feather 2 leaf 3 beach 4 bread

Finishing the lesson (5 minutes)

- Use the Traffic light cards technique (see page 16) to gauge pupils' confidence and their ability to distinguish the sounds.
- Write words containing the ea digraph on the board for pupils to read and see if they can split the words into two groups. Pupils can work in pairs, saying each word out loud to help them decide whether they can hear a long or a short vowel sound.
- Repeat this process with the whole class and use the Summative and thought-provoking questions technique (see page 16) to ask pupils what they have learnt.

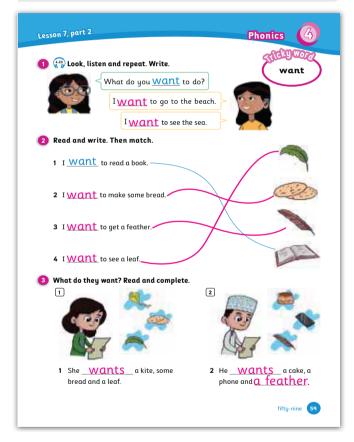

Lesson 7, part 2

Starting the lesson (5 minutes)

- Start by revising some of the tricky words from Units 1-3 (go, our, your, their, do, does, don't, doesn't).
 Strategies for revision can include games with flashcards, sentence ordering activities, word ordering activities, gap fill tasks, etc.
- Remind pupils that tricky words, which appear
 frequently in texts, can't be decoded in the same way
 as other words because not all the letters within these
 words follow the rules of phonics. Remind them that they
 should try to memorise tricky words where possible.

Practice

Activity Book

10 (10 minutes) 4.23 Look, listen and repeat. Write.

- Focus on Activity 1 and explain that pupils will learn how to spell a new tricky word in this lesson.
 Introduce the word want and explain that pupils should be familiar with the meaning as they have previously met it in the grammar section of the Class Book.
- Write the following tricky words on the board: do, to, What, you, want, do?

Phonics

- Explain that these words can be ordered to make a sentence that is made up of only tricky words. See if pupils can read each word before ordering them to make a sentence that matches the one in the Activity Book: What do you want to do?
- Encourage pupils to use a mixture of memorisation and phonetic strategies to decipher the words.
- Play the audio for pupils to listen and follow. Then play it again for pupils to repeat.
- Check that pupils can read and understand the text in each speech bubble and then ask them to write the tricky word each time.
- Section 2007
 Once pupils have completed the task, and if time allows, they can work in pairs to act out the dialogue.

4.23

Girl 1: What do you want to do?

Girl 2:I want to go to the beach. I want to see the sea.

Read and write. Then match. (10 minutes)

- Explain that pupils will now work independently and that they should complete the four sentences by adding in the tricky word want. They should then try to read the sentences and match each one to a picture. Allow time for pupils to complete this independently before asking pupils to read the sentences with you.
- Explain that although pupils may not be able to read every word, they should be able to understand the meaning by looking at the words they do know. Point out that each sentence contains a familiar word from the Class Book as well as some previously taught tricky words.
- Ask pupils What do you want to do? and encourage them to answer with one of the options in the Activity Book. Repeat several times with different pupils.

3 What do they want? Read and complete. (10 minutes)

 E Look at Activity 3 with the pupils and explain that they will work in pairs to complete this activity. Point out that each child in the picture has a list which details the different things they want. Pupils must complete the sentences using the pictures as prompts.

Finishing the lesson (5 minutes)

- Ask the question What do you want? for pupils to answer I want a Encourage them to personalise their answers with different objects, e.g. a bike, a phone, etc.
- Then draw three known items on the board to act as your list, e.g. an elephant, a feather and a cube. Encourage pupils to question you, What do you want? while you reply I want a (cube). See if pupils can write your answer as a sentence, taking care to segment the phonetic words and recall the spellings for the tricky words. Model the writing and segmenting process to support pupils if necessary.
- If you have made flashcards, use these to revise the tricky words from Units 1–4.

Extra activity Photocopiable 40

• Ask pupils to do photocopiable 40.

Class Book

1 Play and say. (15 minutes)

- 22 Put pupils into groups of six.
- Explain the game to pupils. Each player needs three counters in one colour.
- Each player takes it in turns to choose a mode of transport and spin the jobs spinner. They then move forward by the number on the spinner. If it is more than 3, they move onto the next set.
- Then they say a sentence using the job they have landed on and the mode of transport in the image.
 The sentences always follow this structure: I want to be a ... I want to travel by
- For example, if they spin a one and land on the first image, it shows a motorbike. The player says, *I want to be an artist. I want to travel by motorbike*.
- The winner is the first person to make a correct sentence for all six forms of transport.

 Give time for the pupils to enjoy the story, pausing
 to allow them to predict what might happen next.
 Read expressively, changing your voice for different
 characters, and use facial expressions and different
 volume levels when appropriate. Ensure that pupils
 look at the pictures to help them understand the story
 and be sure to point to relevant parts of the picture as
 you read.
- Pause at the end of each page and take time to ask questions to check understanding and then encourage pupils to make predictions about what will happen next. After reading page 92 to the pupils, ask Why are the children wearing special clothes? (It's Jobs Day at school.); Are they wearing clothes for their favourite jobs? (Yes.); What jobs do you think these are? (Astronaut, firefighter, doctor.)
- Ask pupils to predict what they think will happen next.
